## INTRODUCTION TO THE *PUBLIC ACCOUNTS OF CANADA*

### Nature of the *Public Accounts of Canada*

The *Public Accounts of Canada* is the report of the Government of Canada prepared annually by the Receiver General as required by section 64 of the *Financial Administration Act*. It covers the fiscal year of the Government, which ends on March 31.

The information contained in the report originates from two sources of data:

- the summarized financial transactions presented in the Accounts of Canada, maintained by the Receiver General; and
- The detailed records, maintained by departments and agencies.

Each department and agency is responsible for reconciling its accounts to the control accounts of the Receiver General, and for maintaining detailed records of the transactions in their accounts.

The report covers the financial transactions of the Government during the year. In certain cases, parliamentary authority to undertake transactions was provided by legislation approved in earlier years.

### Format of the *Public Accounts of Canada*

The *Public Accounts of Canada* is produced in three volumes.

**Volume I** presents a summary analysis of the financial transactions of the Government.

**Volume II** presents the financial operations of the Government, segregated by ministry; and

**Volume III** presents supplementary information and analyses.

This page has been intentionally left blank.

## Canadian Grain Commission Revolving Fund

### STATEMENT OF MANAGEMENT RESPONSIBILITY

We have prepared the accompanying financial statements of the Canadian Grain Commission Revolving Fund as required by and in accordance with the policy of Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. These financial statements were prepared by management of the Fund in accordance with the significant accounting policies set out in Note 2 of the statements, on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. To assure maximum objectivity and freedom from bias, the financial data contained in these financial statements has been examined by the Department and Agency Audit Committee. The information included in these financial statements is based on management's best estimate and judgment with due consideration given to materiality. To fulfill its accounting and reporting responsibilities, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information submitted to the *Public Accounts of Canada* and included in the department's Departmental Performance Report is consistent with these financial statements.

The Canadian Grain Commission's Finance Division develops and disseminates financial management and accounting policies and issues specific directives, which maintain standards of accounting and financial management. The Fund maintains systems of financial management and

internal control which gives due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized by Parliament, are executed in accordance with prescribed regulations, and are properly recorded to maintain accountability of Government funds and safeguard the assets under the Fund's administration. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communicating programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

In order to assure maximum objectivity and freedom from bias, these financial statements have been examined by external auditors. The auditors' role is to express an independent opinion as to whether the financial statements present fairly the financial position of the Fund as at March 31, 2011 and the results of operations and the change in financial position for the year. This opinion has been appended to these financial statements.

## 1.2 FINANCIAL STATEMENTS OF REVOLVING FUNDS

## Canadian Grain Commission Revolving Fund—Continued

### INDEPENDENT AUDITORS' REPORT

TO THE CHIEF COMMISSIONER AND COMMISSIONERS  
OF THE DEPARTMENT AND AGENCY AUDIT COMMITTEE  
CANADIAN GRAIN COMMISSION REVOLVING FUND

We have audited the accompanying financial statements for the Canadian Grain Commission Revolving Fund, which comprise the statement of financial position as at March 31, 2011, and the statements of operations, accumulated surplus and cash flows for the year then ended March 31, 2011, and a summary of significant accounting policies and other explanatory information.

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Section 6.4 of the Treasury Board of Canada's accounting policy on special revenue spending authorities, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained in our audit is sufficient and appropriate to provide a basis for our audit opinion.

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Canadian Grain Commission Revolving Fund as at March 31, 2011, and the results of its operations, statement of accumulated surplus and cash flows for the year ended March 31, 2011 in accordance with Section 6.4 of the Treasury Board of Canada's accounting policy on special revenue spending authorities.

Without modifying our opinion, we draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared to assist the Canadian Grain Commission to comply with the financial reporting provisions of the Treasury Board of Canada referred to above. As a result, the financial statements may not be suitable for another purpose. Our auditors' report is intended solely for the information and use of the Canadian Grain Commission and the Treasury Board of Canada and should not be used by parties other than the Canadian Grain Commission or the Treasury Board of Canada.

The accompanying notes are an integral part of these financial statements.

### NOTES TO FINANCIAL STATEMENTS (in thousands of dollars)

#### 1. Authority and objectives

The Canadian Grain Commission Revolving Fund ("CGC", the "Revolving Fund" or the "Fund") derives its authority from the *Canada Grain Act* ("CGA"). The CGC's mandate as set out in the Act is to, in the interest of producers, establish and maintain standards of quality for Canadian grain and regulate grain handling in Canada, to ensure a dependable commodity for domestic and export markets.

#### 2. Significant accounting policies

The financial statements have been prepared in accordance with accounting standards issued by the Treasury Board of Canada Secretariat which are consistent with Canadian generally accepted accounting principles for the public sector, except employee vacation and severance liabilities which are based on management's estimate of the liabilities rather than based on actuarial valuations.

The significant accounting policies are as follows:

#### Revenue and expense recognition

Revenue is recognized in the accounting period in which it is earned through the provision of goods or services, or when an event giving rise to a claim has taken place. The majority of service fees such as weighing and inspection activities are dependent on grain volumes handled. Revenues that have been received but not yet earned are presented as deferred revenues. Deferred revenue is primarily received for licensing fees which cover a 12 month period.

Unless otherwise disclosed, expenses are recorded in the period they are incurred.

#### Parliamentary appropriation

The ongoing Parliamentary appropriation received for the Appointments by the Governor in Council of Assistant Commissioners and Grain Research Laboratory expenditures has been recorded as revenue of the Fund.

Parliamentary appropriations relating to employee severance entitlements paid for those employees funded solely by appropriations are recorded as an account receivable from the Treasury Board when paid by the CGC.

Accumulated net charge against the Fund's authority ("ANCAFA")

The accumulated net charge against the Fund's authority is the amount of the Revolving Fund's non-lapsing authority that has been used since its inception.

## Canadian Grain Commission Revolving Fund—Continued

### NOTES TO FINANCIAL STATEMENTS (in thousands of dollars)—Continued

#### Accounts receivable

Accounts receivable are stated at amounts expected to be ultimately realized. Allowances are established for all accounts for which interest or principal payments are 180 days past due.

#### Non-financial assets

Non-financial assets and tangible capital are accounted for as assets by the CGC because they can be used to provide services in future periods. These assets do not normally provide resources to discharge the liabilities of the CGC unless they are sold.

#### Tangible capital assets

Certain assets previously under the custody of the Department of Agriculture and Agri-Food Canada were assumed by the Revolving Fund on April 1, 1995. The assumed assets were considered to be contributed capital and recorded at the Crown's estimated net book value. Assets acquired subsequent to April 1, 1995 were recorded at cost. Proceeds from the disposal of capital assets are retained by the Revolving Fund.

All tangible capital assets and leasehold improvements with a cost equal to or greater than \$10,000 are capitalized at their acquisition cost.

Assets are amortized on a straight-line basis over their estimated useful lives, commencing in the month after acquisition, as follows:

Scientific equipment	5 years
Office equipment and furniture	5 years
Operational equipment	10 years
Motor vehicles	5 years
Computer equipment and software	3 years
Leasehold improvements	5 years (term of the lease)

#### Vacation pay

Vacation pay and compensatory leave are expensed as the benefits accrue to employees under their respective terms of employment and are recorded in the accounts at year end based on employee records.

#### Employee severance benefits

Severance benefits accrue to employees over their years of service with the Government of Canada as stipulated in their collective agreements. The CGC provides for the severance entitlements earned by employees. The obligating relating to the benefits earned by employees is calculated using information derived from management's estimate of the liability.

#### Pension plan

Employees of the CGC are covered by the *Public Service Superannuation Act* and the *Supplementary Retirement Benefits Act*. The Government of Canada's portion of the pension cost is included in the employee benefit charge assessed against the Revolving Fund. The actual payment of the pension is made from the Public Service Superannuation and Supplementary Retirement Benefits Accounts. Current legislation does not require the CGC to make contributions for any actuarial deficiencies of the Public Service Superannuation account.

#### Sick leave

Employees are permitted to accumulate unused sick leave. However, such leave entitlements do not vest and may only be used in the event of illness. Unused sick leave upon employee termination is not payable to the employee. Accordingly, no amount has been accrued in these financial statements.

#### Interest on drawdown

Interest is charged to the Revolving Fund at a rate set by the Treasury Board. Interest charges are calculated monthly on the balance of the accumulated net charge against the Fund's authority. The Treasury Board does not pay interest when a surplus arises that results in no drawdown against the authority.

#### Measurement uncertainty

The preparation of these financial statements in accordance with Canadian generally accepted accounting principles required management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities as at the date of the financial statements and the reported amounts of revenue and expenses during the periods covered by the financial statements. The principal financial statement components subject to measurement uncertainty include salaries payable related to unsettled labour contracts, the useful life of tangible capital assets and the liabilities for employee vacation and severance benefits. Actual results could differ from those estimates. Management's estimates are reviewed periodically and, as adjustments become necessary, they are recorded in the financial statements in the year they become known.

#### 3. Restatement of prior year figures

##### Change in accounting policy

In 2010-2011, the CGC was required to change its accounting policy for employee severance benefits. Entitlements for the period prior to April 1, 1995, the Fund inception date, were funded by Treasury Board, and

# Canadian Grain Commission Revolving Fund—Continued

## NOTES TO FINANCIAL STATEMENTS

(in thousands of dollars)—Continued

continued to be for a period of 15 years. Effective April 1, 2010, employee severance benefits related to the pre April 1, 1995 period are now recorded as a liability of the Fund. In accordance with Treasury Board Guidelines for Revolving Funds section 6140, Termination Benefits, all changes are applied retrospectively as a change in accounting policy.

Accordingly, the Fund has retrospectively restated its financial position as at March 31, 2010 and accumulated surplus for the year then ended.

As a result of this change, the 2009-2010 opening accumulated surplus balance decreased by \$1,300,000, and the employee severance benefits increased by \$1,300,000 as of March 31, 2010.

# Canadian Grain Commission Revolving Fund—Continued

## NOTES TO FINANCIAL STATEMENTS (in thousands of dollars)—Continued

### 6. Employee severance benefits

The CGC provides severance benefits to its employees based on eligibility, years of service and final salary. These benefits are currently funded through a monthly salary accrual. The CGC uses an estimated rate of 2.75 percent (2010 - 2.75 percent) of compensation costs to calculate the liability for employee severance benefits. The severance benefits earned by employees prior to April 1, 1995 had been funded by the Treasury Board Secretariat until March 31, 2010. On April 1, 2010, this liability has been accounted for by the CGC as a prior period adjustment (note 3).

	2011	2010
Employee severance benefits, beginning of year		
As originally reported	12,296	10,104
Restatement of prior year's figures (Note 3)		1,300
As restated	12,296	11,404
Expense for the year	1,345	1,383
Benefits paid during the year	(986)	(491)
Employee severance benefits, end of year	12,655	12,296

### 7. Parliamentary appropriations

The CGC is funded by a combination of an ongoing appropriation, special appropriation, authority to re-spend fees collected and a revolving line of credit of \$2 million. In consultation with Treasury Board, the CGC has not sought approval to utilize its Revolving Fund line of credit since fiscal 2003-2004. The CGC is examining long-term options to address the evolving needs of the grain industry in a financially sustainable manner.

Items recognized in the statement of operations and the statement of financial position in one year may be funded through parliamentary appropriations in prior, current or future years. Accordingly, the CGC has different appropriation authorities for the year on a government funding basis than on an accrual accounting basis. The differences are reconciled in the following tables.

### Appropriation authorities provided and used:

	2011	2010
Total appropriation funds provided	31,801	40,730
Unused appropriation - internal audit (lapsed)	(137)	(348)
Cost containment frozen allotment (lapsed)	(13)	
Severance benefit reimbursement	(169)	(700)
Current year appropriation funds provided and used	31,482	39,682

### Total current year appropriation funds provided and used consists of:

	2011	2010
Special appropriation	26,238	34,730
Parliamentary appropriation	5,244	4,952
Current year appropriation funds provided and used	31,482	39,682

### 8. Accumulated net charge against the Fund's authority

Accumulated net charge against the Fund's authority is comprised of the following amounts:

	2011	2010
		(restated - see note 3)
Provision for employee severance benefits	12,655	12,296
Resources included in working capital	785	545
Resources available for operational purposes	20,506	22,691
Total accumulated net charge against the Fund's authority	33,946	35,532

### 9. Lease commitments

Operating leases for office accommodation have been primarily entered into with Public Works and Government Services Canada. Future minimum lease payments over the next five years are estimated as follows:

2012	3,350
2013	439
2014	226
2015	169
2016	19
	4,203

## Canadian Grain Commission Revolving Fund—Concluded

### NOTES TO FINANCIAL STATEMENTS (in thousands of dollars)—Concluded

#### 10. Contingent liabilities

Claims have been made against the CGC in the normal course of operations. Management believes that these claims are without merit. The outcome of these actions is not presently determinable and, accordingly, no provision for these claims has been made in these financial statements.

#### 11. Related party transactions

The CGC is related in terms of common ownership to all Government of Canada departments, agencies and Crown corporations. The CGC enters into transactions with these entities at arms length in the normal course of business and on normal trade terms.

##### Services provided by other government departments

During the year, the CGC paid rent and certain professional services to other government departments or agencies. Employer's health insurance plan contributions and employee benefit plans were also provided by and paid to other government departments. Significant services have been recognized in the CGC statement of operations as follows:

	2011	2010
Employer's contribution to employee benefit plans .....	12,802	13,281
Rent .....	3,833	3,789
Professional and special services		
Audit and accounting services .....	205	146
Consulting services .....	262	314
Legal services .....	236	256
Translation services .....	192	228
Other .....	261	405
	<u>17,791</u>	<u>18,419</u>

Included in accounts payable and receivable at year end are the following amounts with related parties:

	2011	2010
Accounts receivable .....	9	19
Accounts payable .....	<u>1,961</u>	<u>2,272</u>

#### 12. Financial instruments

The Revolving Fund's financial instruments consist of accounts receivable, accounts payable and accrued liabilities, salaries payable, vacation and overtime payable and employee severance benefits. The carrying values of these financial instruments approximate their fair value because of their short terms to maturity, except for employee severance benefits which are based on management's best estimate and which approximates fair value. Unless otherwise noted, it is management's opinion that the Revolving Fund is not exposed to significant interest, currency or credit risk arising from these financial instruments.

Financial instruments that potentially subject the CGC to concentrations of credit risk consist primarily of trade accounts receivable. The CGC performs services to various organizations. For the year ended March 31, 2011, five large integrated organizations accounted for 86 percent of the CGC's receivable balances (2010 - six organizations, 84 percent).

#### 13. Insurance

In accordance with the Government's policy of self-insurance, the CGC does not carry its own insurance.

#### 14. Income taxes

The CGC is not subject to income taxes.

#### 15. Comparative information

Certain comparative figures have been reclassified to conform to the current year's presentation.

## Canadian Intellectual Property Office Revolving Fund

### MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Canadian Intellectual Property Office Revolving Fund (the "Fund") as required by and in accordance with the Treasury Board policy on revolving funds and the reporting requirements and standards of the Receiver General for Canada. These financial statements were prepared by the management of the Fund in accordance with the significant accounting policies set out in Note 2 of the statements, on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. The information included in these financial statements is based on management's best estimates and judgement with due consideration given to materiality. To fulfil its accounting and reporting responsibilities, the Fund maintains a set of accounts, which provides a centralized record of the Fund's financial transactions. Financial information contained in the ministerial statements and elsewhere in the *Public Accounts of Canada* is consistent with that in these financial statements, unless indicated otherwise.

The Fund's directorate of financial services develops and disseminates financial management and accounting policies and issues specific directives, which maintain standards of accounting and financial management. The Fund maintains systems of financial management and internal control which gives due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are

properly authorized by Parliament, are executed in accordance with prescribed regulations, and are properly recorded to maintain accountability of Government funds and safeguard the assets under the Fund's administration. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

At the request of the Fund, these financial statements have been examined by external auditors, their role being to express an opinion as to whether the financial statements present fairly the financial position as at March 31, 2011 and the results of operations and cash flow for the year then ended in accordance with the accounting principles for revolving funds of the Government of Canada as described in Note 2 to the financial statements.

## Canadian Intellectual Property Office Revolving Fund—Continued

### INDEPENDENT AUDITOR'S REPORT

TO THE DEPUTY MINISTER, INDUSTRY CANADA

We have audited the accompanying financial statements of the Canadian Intellectual Property Office Revolving Fund (the "Fund"), which comprise the statement of financial position as at March 31, 2011, and the statements of operations and net liabilities and of cash flow for the year then ended, and a summary of significant accounting policies and other explanatory information. The financial statements have been prepared by management of the Fund based on the financial reporting provisions of Section 4 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities and the *Revolving Funds Act*.

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of Section 4 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities and the *Revolving Funds Act*, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation

and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Fund as at March 31, 2011 and the results of its operations and its cash flows for the year then ended in accordance with Section 4 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities and the *Revolving Funds Act*.

Without modifying our opinion, we draw attention to Note 2 to the financial statements, which describe the basis of accounting. The financial statements have been prepared to assist the management of the Fund and the Treasury Board Secretariat for reporting on the use of the Fund authority. As a result, the financial statements may not be suitable for another purpose. Our report is intended solely for the management of the Fund and the Treasury Board Secretariat and should not be used by parties other than the management of the Fund and the Treasury Board Secretariat.

## Canadian Intellectual Property Office Revolving Fund—Continued

### NOTES TO FINANCIAL STATEMENTS (tabular amounts in thousands of dollars)

#### 1. Authority and purpose

The Canadian Intellectual Property Office Revolving Fund (the "Fund") grants or registers exclusive ownership of intellectual property in Canada. In exchange, the Fund acquires intellectual property information and state-of-the-art technology which it disseminates to Canadian firms, industries and individuals to improve economic performance, competitiveness and to stimulate further invention and innovation.

The Fund was established on April 1, 1994. The authority to make expenditures out of the Consolidated Revenue Fund, was granted on February 22, 1994 and has an authorized limit of \$15 million. During the fiscal year ended March 31, 2002, the Fund's authorized limit was reduced from \$15 million to \$5 million. The Fund has continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for working capital, capital acquisitions and temporary financing of accumulated operating deficits. The Fund may retain surpluses to continue to automate operations.

Pursuant to Treasury Board decision #833200 (Budget 2006 Spending Restraint), dated November 30, 2006 and effective in 2006-2007, the Fund transferred \$50 million of its accumulated surplus to the Accumulated Net Charge Against the Fund's Authority ("ANCAFA").

The Fund is not subject to income taxes.

#### 2. Significant accounting policies

##### Basis of accounting

The financial statements have been prepared in accordance with the reporting requirements for revolving funds described by the Receiver General for Canada. The basis of accounting used in these financial statements differs from Canadian generally accepted accounting principles because:

- services received without charge from other government departments are not reported as expenses;
- vacation pay and employee termination benefits liability are based on management's estimates rather than based on actuarial valuations; and
- contingent liabilities are disclosed rather than recorded.

The significant accounting policies are as follows:

##### Revenue recognition

Fees received for processing patent, trade-mark and industrial design applications are recorded as deferred revenues until services are rendered, at which time they are recorded as revenue. Detailed inventory counts of applications are used to determine the amount of deferred

revenue taking into account the fee schedule related to the application. Different rates may be charged depending of the size of the entity. Abandonments during the application process are recorded as earned revenue. When work is completed prior to the receipt of the fee, the amount is recorded as unbilled revenue. Fees are prescribed by various Orders in Council.

##### Capital assets and amortization

Capital assets are recorded at cost. Capital assets are amortized on a straight-line basis over their estimated useful lives, beginning in the month after acquisition, as follows:

Leasehold improvements	5 years
Software	3 years
Hardware	3-5 years
Equipment	10 years
Furniture	10 years
Systems	Estimated useful life, beginning in the year of deployment

##### Employee termination benefits

Employees of the Fund are entitled to specified termination benefits, calculated based on salary levels in effect at the time of termination as provided for under collective agreements and conditions of employment. These benefits are accrued as employees render the services necessary to earn them.

##### Pension plan

Employees of the Fund are covered by the Public Service Superannuation Plan administered by the Government of Canada. Under present legislation, contributions made by the Fund to the Plan are limited to an amount equal to the employee's contributions on account of current service. These contributions represent the total pension obligations of the Fund and are charged to operations on a current basis. The Fund is not required under present legislation to make contributions with respect to actuarial deficiencies of the Public Service Superannuation Account and/or with respect to charges to the Consolidated Revenue Fund for the indexation of payments under the *Supplementary Retirement Benefits Act*.

##### Use of estimates

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of

# **Canadian Intellectual Property Office Revolving Fund—Continued**

## **NOTES TO FINANCIAL STATEMENTS (tabular amounts in thousands of dollars)—Continued**

the financial statements and the reported amounts of revenues and expenses during the period. Revenues, the estimated useful lives of capital assets and salary related liabilities are the most significant items for which estimates are used. Actual results could differ from these estimates. These estimates are reviewed annually and as adjustments become necessary, they are recorded in the financial statements in the period in which they become known.

### **3. Capital assets and accumulated amortization**

Capital assets	Balance at April 1, 2010	Acquisitions	Disposals	Balance at March 31, 2011

Systems under development.....				
	48,476	3,732	1,671	50,537
	10,465			8,183

### **4. Employee termination benefits**

Until March 31, 2009, employee termination benefits earned prior to an employee joining the Revolving Fund were a liability of the Treasury Board and accordingly were not recorded in the financial statements. The liability for benefits earned after an employee joins the Fund was recorded in the accounts as the benefits accrue to employees. As of April 1, 2009, the Revolving Fund is responsible for all employee termination benefits of its employees. A one-time adjustment of \$4,091,347 was

required to record in the accounts the liability for the total benefits earned by employees, regardless of when an employee joined the Fund. The long-term liability account for termination benefits has been adjusted accordingly with an offset against the Fund's accumulated surplus.

	2011	2010
Employee termination benefits beginning of year ..	14,695	9,909
Benefits paid during the year .....	(1,167)	(709)
Expense for the year .....	1,851	5,495
Employee termination benefits end of year.....	15,379	14,695

### **5. Net liabilities**

#### **Accumulated Net Charge Against the Fund's Authority ("ANCAFA")**

The accumulated net charge against the Fund's authority is the cash position of the Revolving Fund, held by the Government on behalf of the Revolving Fund.

#### **Accumulated surplus**

The accumulated surplus is an accumulation of each year's surpluses including the absorption of the opening deficit of \$9,448,000 upon establishment of the Revolving Fund.

	2011	2010
Accumulated surplus, beginning of year.....	59,031	55,946
Net results .....	4,321	3,085
Accumulated surplus, end of year.....	63,352	59,031
ANCAFA, end of year.....	(155,687)	(147,981)
Net liabilities .....	(92,335)	(88,950)

### **6. Contractual obligations**

The Fund is engaged in contractual obligations for:

Information technology services with Public Works and Government Services Canada:

2012 .....	4,810

Accounts payable .....	1,796	(4,454)
Deferred revenues (short term) .....	2,344	607
	<u>5,451</u>	<u>(3,883)</u>

## 8. Related party transactions

Through common ownership, the Fund is related to all Government of Canada created departments, agencies and Crown corporations. Payments for accommodation, translation, legal services, compensation and benefits services, mail services, security services and mainframe and computing services are made to related parties in the normal course of business.

## 9. Insurance

The Fund does not carry insurance on its property. This is in accordance with the Government of Canada policy of self-insurance.

## 10. Contingencies

### Sick leave

Employees are permitted to accumulate unused sick leave. However, such leave entitlements do not vest and can be used only in the event of illness. The amount of accumulated sick leave entitlements which will become payable in future years cannot reasonably be determined and accordingly have not been recorded in the accompanying financial statements. Payments of sick leave benefits are included in current operations as incurred.

## Canadian Pari-Mutuel Agency Revolving Fund

### STATEMENT OF MANAGEMENT RESPONSIBILITY

We have prepared the accompanying financial statements of the Canadian Pari-Mutuel Agency Revolving Fund as required by and in accordance with the policy of Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. These financial statements were prepared by the management of the Fund in accordance with the significant accounting policies set out in Note 2 of the statements, on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. The information included in these financial statements is based on management's best estimates and judgement with due consideration given to materiality. To fulfil its accounting and reporting responsibilities, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information submitted to the *Public Accounts of Canada* and included in the department's Departmental Performance Report is consistent with that in these financial statements.

The Fund's Corporate Services division develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. The Fund maintains systems of financial management and internal control which gives due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are

properly authorized by Parliament, are executed in accordance with prescribed regulations, and are properly recorded to maintain accountability of Government funds and safeguard the assets under the Fund's administration. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Management has presented the financial statements to an external auditing firm, which has audited them and has provided an independent opinion that has been appended to these financial statements.

## Canadian Pari-Mutuel Agency Revolving Fund—Continued

### INDEPENDENT AUDITOR'S REPORT

TO THE ASSISTANT DEPUTY MINISTER,  
CORPORATE MANAGEMENT,  
AGRICULTURE AND AGRI-FOOD CANADA

We have audited the accompanying financial statements of the Canadian Pari-Mutuel Agency Revolving Fund (the "Fund"), which comprise the statement of financial position as at March 31, 2011, and the statements of operations and net liabilities and of cash flow for the year then ended, and a summary of significant accounting policies and other explanatory information. The financial statements have been prepared by management of the Fund based on the financial reporting provisions of Section 4 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities and the *Revolving Funds Act*.

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of Section 4 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities and the *Revolving Funds Act*, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to

design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Fund as at March 31, 2011 and the results of its operations and its cash flows for the year then ended in accordance with Section 4 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities and the *Revolving Funds Act*.

Without modifying our opinion, we draw attention to Note 2 to the financial statements have been prepared to assist the management of the Fund and the Treasury Board Secretariat for reporting on the use of the Fund authority. As a result, the financial statements may not be suitable for another purpose. Our report is intended solely for the management of the Fund and the Treasury Board Secretariat and should not be used by parties other than the management of the Fund and the Treasury Board Secretariat.

# **Canadian Pari-Mutuel Agency Revolving Fund—Continued**

## NOTES TO THE FINANCIAL STATEMENTS

### 1. Authority and purpose

The Canadian Pari-Mutuel Agency Revolving Fund (CPMA) was established under *Appropriation Act No. 1, 1970*, which authorized the operation of the Fund in the current and subsequent fiscal years in accordance with terms and conditions prescribed by the Treasury Board for the purpose of providing race track supervision in Canada. The *Appropriation Act No. 1, 1970* was repealed and replaced by section 2 of the *Revolving Funds Act* in 1985.

CPMA has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for working capital, capital asset acquisitions and temporary financing of accumulated operating deficits, the total of which is not to exceed \$2,000,000 at any time.

CPMA's mandate is to regulate and supervise pari-mutuel betting at racetracks across Canada, thereby ensuring that pari-mutuel betting is conducted in a way that is fair to the betting public.

CPMA is not subject to income tax under the provisions of the *Income Tax Act*.

### 2. Significant accounting policies

These financial statements have been prepared in accordance with the significant accounting policies set out below to comply with the requirements of Section 4 of the Treasury Board of Canada Policy on Special Revenue Spending Authorities and the reporting requirements for revolving funds prescribed by the Receiver General for Canada. The basis of accounting used in these financial statements differs from Canadian generally accepted accounting principles because employees' vacation pay and termination benefits liabilities are based on management's estimates of the liabilities rather than based on actuarial valuations.

The significant accounting policies are as follows:

#### (a) Revenue recognition

Revenues are generated through a levy of 0.8 percent applied to every dollar bet at Canadian racetracks. Revenues are recorded on the accrual basis of accounting.

#### (b) Expenses

Expenses are recorded on an accrual basis.

Vacation pay and compensatory leave are expensed as the benefits accrue to employees under their respective terms of employment.

### (c) Capital assets

Leasehold improvements are capitalized and amortized on a straight-line basis over the shorter of the related lease terms or their estimated useful life. Other capital assets are recorded at cost and are amortized from the year of the acquisition on a straight-line basis over their estimated useful lives as follows:

Furniture and equipment	10 to 15 years
Electronic data processing equipment	3 years
Automotive	8 to 10 years
Buildings	20 to 25 years

### (d) Pension plan

Employees of CPMA are covered by the Public Service Pension Plan administered by the Government of Canada. The Government's portion of the pension cost is included in the employee benefits expense. The actual payment of the pension is made from the Public Service Superannuation Plan and the Supplementary Retirement Benefits Account. CPMA is not required under the present legislation to make contributions with respect to actuarial deficiencies of the Plan.

### (e) Employee termination benefits

Employees of CPMA are entitled to specified termination benefits, calculated based on salary levels in effect at the time of termination as provided for under collective agreements and conditions of employment. The cost of these benefits is recorded in the accounts as the benefits accrue to the employees. The obligation relating to the benefits earned by employees is calculated using information derived from the results of the actuarially determined liability for employee termination benefits for the Government as a whole.

### (f) Use of estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. The more significant areas requiring the use of estimates relate to employee termination benefits, accrued liabilities, the allowance for doubtful accounts and the estimated useful lives of capital assets. Actual results could differ from these estimates. These estimates are reviewed annually and as adjustments become necessary, they are recorded in the financial statements in the year in which they become known.

Buildings .....	575			575
Leasehold improvements .....	373	58		430
	<u>1,769</u>	<u>319</u>		<u>2,088</u>

### 4. Employee termination benefits liability

	2011	2010
(in thousands of dollars)		
Employee termination benefits liability, beginning of year .....	1,129	969
Employee termination benefits paid during the year .....	(82)	(78)
Provision for employee termination benefits .....	(104)	238
Employee termination benefits liability, end of year .....	943	1,129
Less: current portion of employee termination benefits liability .....	(75)	(114)
Long-term portion of employee termination benefits liability .....	<u>868</u>	<u>1,015</u>

### 5. Net liabilities

	2011	2010
(in thousands of dollars)		
Accumulated net charge against the Fund's authority .....	(2,479)	(3,417)
Accumulated surplus .....	2,163	2,685
Contributed capital .....	<u>179</u>	<u>516</u>
	<u>(137)</u>	<u>(216)</u>

#### Accumulated net charge against the Fund's authority:

Accumulated net charge against the Fund's authority is the cash position of the Fund, held by the Government on the Fund's behalf.

#### Accumulated surplus:

The accumulated surplus is an accumulation of each year's surpluses including the absorption of the opening net assets upon establishment of the Fund.

#### Contributed capital:

In the year ended March 31, 2011, CPMA received financial support of \$178,458 from the Treasury Board to fund the implementation of the Modernizing Federal Laboratories Initiative. In the year ended March 31, 2010, CPMA received financial support of \$515,469 from the Treasury Board for the modernization of Federal Laboratories.

### 6. Commitments

CPMA rents office premises and other office equipment under long-term operating leases, which expire in April 2016. Future minimum lease payments by year are as follows:

	(in thousands of dollars)
2012 .....	526
2013 .....	521
2014 .....	168
2015 .....	144
2016 .....	<u>40</u>
	<u>1,399</u>

CPMA signed contracts to deliver services related to its mandate, future minimum payments are estimated at \$3,484,357 for fiscal year 2011-2012 and \$4,525,835 for fiscal year 2012-2013.

## Consulting and Audit Canada Revolving Fund

### STATEMENT OF MANAGEMENT RESPONSIBILITY

We have prepared the accompanying financial statements of the Consulting and Audit Canada Revolving Fund as required by and in accordance with the policy of Treasury Board on revolving funds and the reporting requirements of the Receiver General for Canada. These financial statements were prepared in accordance with the significant accounting policies set out in Note 2 of the statements, on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. The information included in these financial statements is based on management's best estimates and judgment with due consideration given to materiality. To fulfill its accounting and reporting responsibilities, management maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information submitted to the *Public Accounts of Canada* and included in the Departmental Performance Report is consistent with these financial statements.

Management develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of financial management, accounting and reporting. Management maintains systems of financial management and internal control which give due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized by Parliament, are executed in accordance with prescribed regulations, and are properly recorded to maintain accountability of Government funds and safeguard the assets under the Fund's administration. Management also seeks to

assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

With the exception of the Statement of Authority Provided and the Reconciliation of Unused Authority, management has presented the financial statements to external auditors who have audited them and have provided an independent opinion which is appended to these financial statements. The Statement of Authority Provided and the Reconciliation of Unused Authority were not audited as it is not required by Treasury Board policy.

## Consulting and Audit Canada Revolving Fund—Continued

### INDEPENDENT AUDITORS' REPORT

TO THE DEPUTY CHIEF OVERSIGHT OFFICER,  
OFFICE OF AUDIT AND EVALUATION  
PUBLIC WORKS AND GOVERNMENT SERVICES CANADA

We have audited the accompanying financial statements of the Consulting and Audit Canada Revolving Fund, which comprise the statement of financial position as at March 31, 2011, and the statements of operations and net liabilities, and cash flow for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management is responsible for the preparation and fair presentation of these financial statements in accordance with section 6.4 of the Treasury Board of Canada's accounting policy on special revenue spending authorities and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained in our audit is sufficient and appropriate to provide a basis for our audit opinion.

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Consulting and Audit Canada Revolving Fund as at March 31, 2011 and the results of its operations and net liabilities and its cash flow for the year then ended in accordance with section 6.4 of the Treasury Board of Canada's accounting policy on special revenue spending authorities.

Without modifying our opinion, we draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared to assist the Consulting and Audit Canada Revolving Fund to comply with the financial reporting provisions of the Treasury Board of Canada referred to above. As a result, the financial statements may not be suitable for another purpose. Our auditors' report is intended solely for the information and use of the Consulting and Audit Canada Revolving Fund and the Treasury Board of Canada and should not be used by parties other than the Consulting and Audit Canada Revolving Fund and the Treasury Board of Canada.

The financial statements of the Consulting and Audit Canada Revolving Fund for the year ended March 31, 2010 were audited by another auditor who expressed an unmodified opinion on those statements on May 31, 2010.

## Consulting and Audit Canada Revolving Fund—Continued

### NOTES TO THE FINANCIAL STATEMENTS

#### 1. Authority and purpose

The Consulting and Audit Canada Revolving Fund (“the Fund”) is a Special Operating Agency that provides, on an optional and fee-for-service basis, consulting and audit services to federal departments and agencies. Upon request, these services are also provided to provincial, territorial, municipal and aboriginal governments in Canada, to foreign governments and to international organizations. The Fund was established on April 1, 1992 under Section 5.4 of the *Revolving Funds Act*.

The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for the purposes of working capital, capital acquisitions and the temporary financing of accumulated operating deficits, the total of which is not to exceed \$20,000,000 at any time.

The Fund receives funding by way of a separate vote, to cover the net drawdown authority used in order to comply with the Policy on Special Revenue Spending Authorities. The Fund did not need funding in 2010-2011 (2009-2010: \$3,534,345).

#### 2. Significant accounting policies

The financial statements have been prepared in accordance with the significant accounting policies issued by Treasury Board and the reporting requirements of the Receiver General for Canada. The basis of accounting used in these financial statements differs from Canadian generally accepted accounting principles for the public sector because the employee termination benefits liability is based on management’s estimate of this liability rather than based on actuarial valuations.

The significant accounting policies are as follows:

##### (a) Use of estimates

The preparation of financial statements in accordance with the reporting requirements for Revolving Funds described by the Receiver General for Canada requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. The most significant item where estimates are used is the liability for employee termination benefits. Actual results could significantly differ from these estimates. Management’s estimates are reviewed periodically and, as adjustments become necessary, they are recorded in the financial statements in the year they become known.

##### (b) Accounts receivable

Accounts receivable are stated at amounts expected to be ultimately realized; a provision is made for receivables where recovery is considered uncertain.

##### (c) Revenues

Revenues on consulting and audit services performed by the Fund are earned primarily on a daily rate basis and are recognized as the services are provided.

For fixed price projects, revenues are recognized using the percentage of completion method based on the proportion of services provided at year end. Any losses on fixed price projects are recognized during the period they are identified.

##### (d) Pension plan

Employees of the Fund are covered by the *Public Service Superannuation Act* and the *Supplementary Retirement Benefits Act*. The Government of Canada’s portion of the pension cost is included in the employee benefits charge assessed against the Fund. The actual payment of the pension is made from the Public Service Superannuation and Supplementary Retirement Benefits Accounts.

##### (e) Employee termination benefits, vacation pay and time-off in lieu

Termination benefits accrue to employees over their years of service with the Government of Canada as provided for under collective agreements, and the estimated costs of these benefits are recorded in the accounts as they are earned by the employees.

The liability for vacation pay and compensatory leave is calculated at the salary levels in effect at the end of the year for all unused vacation pay and time-off in lieu benefits accruing to employees.

##### (f) Sick leave

Employees are permitted to accumulate unused sick leave. However, such leave entitlements may only be used in the event of an illness. Unused sick leave upon employee termination is not payable to the employee. Accordingly, no amounts have been recorded in the Fund’s financial statements.

##### (g) Interest on draw down

Interest is charged to the Fund at a rate set by the Department of Finance and is calculated monthly on the credit balance of the accumulated net charge against the Fund’s authority account.

## Consulting and Audit Canada Revolving Fund—Concluded

### NOTES TO THE FINANCIAL STATEMENTS—Concluded

#### 3. Other assets

	2011	2010
	(in thousands of dollars)	
Goods and Services Tax refundable advances .....	29	12
Employee advances .....	21	15
	<u>50</u>	<u>27</u>

#### 4. Other liabilities

	2011	2010
	(in thousands of dollars)	
Garnished salaries .....		1
		<u>1</u>

#### 5. Net liabilities

The accumulated deficit is the accumulation of each fiscal year's surpluses and deficits since the inception of the Fund. The accumulated net charge against the Fund's authority is the non-lapsing authority amount that has been used since the inception of the Fund.

	2011	2010
	(in thousands of dollars)	
Accumulated deficit, beginning of year .....	(4,607)	(4,812)
Net results .....	1,793	(3,329)

Net liabilities, end of year .....	<u>(2,256)</u>	<u>(2,488)</u>

#### 6. Contractual obligations

The Fund leases its premises under occupancy instruments. An occupancy instrument is a formal agreement between the Fund and Public Works and Government Services Canada recording the terms and conditions that govern the provision and occupancy of the

accommodation. The Fund is also engaged in contractual obligations for rental and maintenance of equipment and other services. Estimated future payments are as follows:

	(in thousands of dollars)
Year ending March 31,	
2012.....	2,826
2013.....	1,903
2014.....	946
2015.....	<u>2</u>
	<u>5,677</u>

#### 7. Contingent liabilities

Contingent liabilities are potential liabilities which may become actual liabilities when one or more future events occur or fail to occur. To the extent that the future event is likely to occur or fail to occur, and a reasonable estimate of the loss can be made, an estimated liability is accrued and an expense is recorded in the financial statements.

#### 8. Revenues

	2011	2010
	(in thousands of dollars)	
Consulting services .....	19,432	17,998
Audit services .....	19,805	16,940

Current liabilities .....	2,905	2,704	201
			<u>(135)</u>

#### 10. Related party transactions

Through common ownership, the Fund is related to all Government of Canada departments, agencies, and Crown corporations. The Fund enters into transactions with these entities in the normal course of business and on normal trade terms.

## CORCAN Revolving Fund

### STATEMENT OF MANAGEMENT RESPONSIBILITY

We have prepared the accompanying financial statements of the CORCAN Revolving Fund as required by and in accordance with the policy of Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. These financial statements were prepared by the management of the Fund in accordance with the significant accounting policies set out in Note 2 of the statements, on a basis consistent with that of the preceding year. Some previous year's figures have been reclassified to conform to the current year's presentation.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. To assure maximum objectivity and freedom from bias, the financial data contained in these financial statements has been examined by the audit committee of the Department. The information included in these financial statements is based on management's best estimates and judgement with due consideration given to materiality. To fulfil its accounting and reporting responsibilities, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information submitted to the *Public Accounts of Canada* and included in the Departmental Performance Report is consistent with these financial statements.

The Fund's directorate of financial services develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. The Fund maintains systems of financial management and internal control which gives due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized by Parliament, are executed in accordance with prescribed regulations, and are properly recorded to maintain accountability of Government funds and safeguard the assets under the Fund's administration. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Management has presented the financial statements to the Fund's external auditor, Ernst & Young, who audited them and has provided an independent opinion which has been appended to these financial statements.

**CORCAN Revolving Fund—Continued****INDEPENDENT AUDITORS' REPORT**

TO THE COMMISSIONER OF CORRECTIONAL SERVICE  
CANADA

We have audited the accompanying financial statements of the CORCAN Revolving Fund, which comprise the statement of financial position as at March 31, 2011, the statements of operations and net assets, and statement of cash flow for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Section 6.4 of the Treasury Board of Canada's accounting policy on special revenue spending authorities and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an

opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained in our audit is sufficient and appropriate to provide a basis for our audit opinion.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the CORCAN Revolving Fund as at March 31, 2011 and the results of its operations and its cash flow for the year then ended in accordance with Section 6.4 of the Treasury Board of Canada's accounting policy on special revenue spending authorities.

Without modifying our opinion, we draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared to assist the CORCAN Revolving Fund to comply with the financial reporting provisions of the Treasury Board of Canada referred to above. Our auditors' report is intended solely for the information and use of the CORCAN Revolving Fund and the Treasury Board of Canada and should not be used by parties other than CORCAN Revolving Fund or the Treasury Board Canada.

**CORCAN Revolving Fund—Continued**

## NOTES TO FINANCIAL STATEMENTS

## 1. Authority and purpose

The CORCAN Revolving Fund (“CORCAN” or “the Fund”) is a special operating agency within Correctional Service Canada (“CSC”) financed by way of a Revolving Fund. CORCAN was established under *Appropriation Act No. 4, 1991-92*, which authorized the operation of the Fund effective April 1, 1992 in accordance with terms and conditions prescribed by Treasury Board of Canada (“Treasury Board”). CORCAN’s purpose is to aid in the safe reintegration of offenders into Canadian society by providing employment and training opportunities to offenders incarcerated in federal penitentiaries and, for brief periods of time, after they are released into the community. The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund (“CRF”) for working capital, capital acquisitions and temporary financing of accumulated operating deficits, the total of which is not to exceed \$5,000,000 at any time. An amount of \$15,218,000 representing net assets assumed by the Fund was charged to this authority when the Fund became operative on April 1, 1992. The Fund is a non-taxable entity.

## 2. Significant accounting policies

## Basis of accounting

These financial statements have been prepared in accordance with the significant accounting policies set out below to comply with the Treasury Board reporting requirements for revolving funds prescribed by the Receiver General for Canada. The basis of accounting used in these financial statements differs from Canadian generally accepted accounting principles as follows:

Employee’s vacation pay liability is based on management’s estimates of the liability. Termination benefits liability is based on valuations provided by Treasury Board to management;

Funding for capital assets received from the Treasury Board at inception of the Fund is recorded as contributed capital and not as a reduction of the cost of capital assets.

Services received without charge from other government departments are not reported as expenses.

## Recognition of revenues and expenses

Except as noted below, the Fund recognizes revenue when persuasive evidence of a final agreement exists, delivery has occurred and services have been rendered, the selling price is fixed or determinable and collectibility is reasonably assured.

Revenues are accounted for in the period in which the underlying transaction or event occurred that gave rise to

the revenues. Revenues that have been received but not yet earned are recorded as deferred revenues.

For construction contracts, the percentage of completion method of accounting is used. Degree of completion is determined by comparing direct costs incurred to date to the total direct costs anticipated for the entire contract. The effect of changes to the total estimated income for each contract is recognized in the period in which the determination is made and losses, if any, are recognized fully when anticipated.

Expenses are recorded in the period they are incurred. Vacation pay and compensatory leave are expensed as the benefits accrue to employees under their respective terms of employment.

## Net cash provided by government

CORCAN operates within the CRF, which is administered by the Receiver General for Canada. All cash received by CORCAN is deposited to the CRF and all cash disbursements made by CORCAN are paid from the CRF. The net cash provided by government is the difference between all cash receipts and all cash disbursements including transactions between departments of the federal government.

## Accounts receivable

Accounts receivable are stated at amounts expected to be ultimately realized; an allowance is made for receivables where recovery is considered uncertain.

## Inventories

Raw materials, finished goods, work in progress and agribusiness inventories are valued at the lower of cost and net realizable value. The Fund makes provisions for and obsolete inventory on a site by site basis.

## Capital assets

Capital assets with an initial cost of \$10,000 or greater are recorded at cost and are amortized on a straight-line basis over their estimated useful lives commencing in the month after they are put into service, as follows:

Equipment	10 years
Office furniture and equipment	10 years
Leasehold improvements	Term of the lease
Vehicle fleet	5 years
Computer equipment	3 years

## Pension plan

Employees of the Fund are covered by the Public Service Retirement Pension Plan (the “Plan”) administered by the Government of Canada. Under present legislation, contributions made by Fund to the Plan are limited to an amount equal to the employee’s contributions on account of current service. These contributions represent the total

**CORCAN Revolving Fund—Continued**NOTES TO FINANCIAL STATEMENTS— *Continued*

pension obligations of the Fund and are charged to operations on a current basis. The Fund is not required under present legislation to make contributions with respect to actuarial deficiencies of the Public Service Superannuation Account and/or with respect to charges to the CRF for the indexation of payments under the *Supplementary Retirement Benefits Act*.

**Employee termination benefits**

Employees of CORCAN are entitled to termination benefits under labour contracts or conditions of employment. These benefits are accrued as employees render the services necessary. The obligation relating to the benefits earned by employees is calculated using information derived from the results of the actuarially determined liability for employee termination benefits for the government as a whole.

**Sick leave**

Employees are permitted to accumulate unused sick leave. However, such leave entitlements may only be used in the event of an illness. As per current government practice, unused sick leave upon employee termination is not payable to the employee. Accordingly, no amount has been accrued in these financial statements.

**Financial instruments**

The fair value of the financial instruments approximates costs unless otherwise specified. The Fund's financial instruments consist of accounts receivable, accounts payable and employee termination benefits. It is management's opinion that the Fund is not exposed to significant interest, currency or credit risks arising from these financial instruments.

**Measurement uncertainty**

The preparation of these financial statements in accordance with Treasury Board's accounting policies which are consistent with Canadian generally accepted accounting principles for the public sector requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses reported in the financial statements. At the time of preparation of these statements, management believes the estimates and assumptions used to be reasonable. The most significant items where estimates are used are the

liability for employee termination benefits and the useful lives of capital assets. Actual results could significantly differ from those estimates. Management's estimates are reviewed periodically and, as adjustments become necessary, they are recorded in the financial statements in the period they become known.

**3. Related party transactions**

CORCAN is related as a result of common ownership to all Government of Canada departments, agencies, and Crown corporations. CORCAN enters into transactions with these entities in the normal course of business and on normal trade terms.

During the year, CSC, the parent organization of CORCAN, has provided and will continue to provide CORCAN with the use of existing infrastructure including buildings, shops and farms as well as maintenance of said facilities and human resource, services. The cost of these services is not included as an expense in CORCAN's Statement of Operations and Net Assets.

The Government of Canada has structured some of its administrative activities for efficiency and cost-effectiveness purposes so that one department performs these on behalf of all without charge. The costs of these services, which include payroll, cheque issuance services and legal services provided by Public Works, Government Services Canada and Justice Canada, are not included as an expense in the CORCAN's Statement of Operations and Net Assets.

CORCAN entered into the following transactions with the CSC and other government departments:

	2011	2010

<sup>(1)</sup> Included in the disposal and write-offs is the write down of \$217,000 to disclose assets held for sale at the lower of their carrying amount or market value.

The amortization expense for the year was \$2,064,000 (2010—\$2,235,000).

**CORCAN Revolving Fund—Continued**

## NOTES TO FINANCIAL STATEMENTS—Continued

## 7. Accounts payable

	2011	2010
	(in thousands of dollars)	
Government of Canada .....	1,318	2,011
Outside parties .....	6,598	4,869
	<u>7,916</u>	<u>6,880</u>

## 8. Employee future benefits

Pension benefits: CORCAN's employees participate in the Public Service Pension Plan, which is sponsored and administered by the Government of Canada. Pension benefits accrue up to a maximum period of 35 years at a rate of 2 percent per year of pensionable service, times the average of the best five consecutive years of earnings. The benefits are integrated with Canada/ Quebec Pension Plans' benefits and they are indexed to inflation.

Both the employees and CORCAN contribute to the cost of the Plan. The 2010-2011 expense amounts to \$3,835,000 (\$4,400,000 in 2009-2010), which represents approximately 2.6 times the contributions by employees.

CORCAN's responsibility with regard to the Plan is limited to its contributions. Actuarial surpluses or deficiencies are recognized in the financial statements of the Government of Canada, as the Plan's sponsor.

Information about the termination benefits, measured as at March 31, is as follows:

	2011	2010
	(in thousands of dollars)	
	(restated - see note 15)	
Accrued benefit obligation, beginning of year .....	5,626	6,407
Expenses (recovery) for the year .....	892	(364)
Benefits paid during the year .....	<u>(470)</u>	<u>(417)</u>
Accrued benefit obligation, end of the year .....	<u>6,048</u>	<u>5,626</u>

## 9. Commitments

The nature of CORCAN's activities can result in some multi-year contracts and obligations whereby CORCAN will be obligated to make future payments when the services/goods are received. CORCAN is committed under the terms of various lease agreements including an amount of \$6,197,000 relating to the Kingston warehouse. The lease was entered into in September 2006 and expires in August 2016.

Significant contractual obligations that can be reasonably estimated are summarized as follows:

	(in thousands of dollars)
2012 .....	1,289
2013 .....	1,296
2014 .....	1,210
2015 .....	1,215
2016 and thereafter .....	<u>1,666</u>
	<u>6,676</u>

## 10. Net assets

The net assets consist of the following:

	2011	2010
	(in thousands of dollars)	
	(restated - see note 15)	
Contributed capital .....	30,542	30,542
Accumulated net charge against the Fund's authority .....	(17,086)	(11,265)
Accumulated deficit .....	<u>(6,485)</u>	<u>(6,996)</u>
Net assets, end of year .....	<u>6,971</u>	<u>12,281</u>

Contributed capital represents the value of capital assets financed from contributed capital at the inception of the Fund.

Accumulated net charge against the Fund's authority ("ANCAFA") represents the amount of the Fund's non-lapsing authority that has been used (provided) since inception of the Fund. The ANCAFA includes \$488,000 that represents proceeds from sales of agribusiness assets to other government departments that occurred in 2009-2010 for which CORCAN has not yet received re-spending authority. CORCAN is working with Treasury Board Secretariat to seek re-spending authority from the Treasury Board in fiscal year 2011-2012.

The accumulated deficit is an accumulation of each year's surpluses (losses).

**CORCAN Revolving Fund—Concluded**NOTES TO FINANCIAL STATEMENTS— *Concluded***11. Revenues and cost of goods sold from continuing operations**

Year ended March 31, 2011	Revenues	Cost of goods sold	Gross margin of continuing operations
	(in thousands of dollars)

Utilities, materials and supplies.....	322	491
Other expenditures.....	152	228
	<u>17,255</u>	<u>16,691</u>

**13. Contingencies**

In the normal course of operations, CORCAN is involved in various claims and legal proceedings. It is the opinion of management that no claims exist at March 31, 2011.

**14. Discontinued operations**

As a result of CSC's Strategic Review, Treasury Board approved the closure of CORCAN's farm operations over a

two year period ending on March 31, 2011. Accordingly, the business line has been classified as a discontinued operation. In fiscal year 2010-2011, CORCAN completed the sale of some agribusiness equipment for net proceeds of \$463,000, resulting in a loss on disposal of \$929,000. In addition, CORCAN sold attractive items which resulted in a net gain of \$205,000.

As of March 31, 2011 all farm operations are closed with the exception of the abattoir at Pittsburg institution which will remain operational under commercial arrangement. CORCAN is actively working with the Crown Assets Distribution Directorate to dispose of the remaining surplus farm assets.

	2011	2010
	(in thousands of dollars)	
Revenues <sup>(1)</sup> .....	1,411	5,245
Cost of goods sold <sup>(2)</sup> .....	<u>4,486</u>	<u>8,719</u>
Gross margin.....	<u>(3,075)</u>	<u>(3,474)</u>

<sup>(1)</sup> Revenues include a gain on disposal of \$205,000 from the sale of attractive items and a loss on disposal of \$929,000 from the sale of agribusiness assets.

<sup>(2)</sup> Costs of goods sold include the write down of \$217,000 to disclose assets held for sale at the lower of their carrying amount or market value.

**15. Restatement of prior year figures**

CORCAN's obligation relating to employee termination benefits is calculated using a ratio provided by Treasury Board derived from the results of the actuarially determined liability for employee termination benefits for the government as a whole. However, the ratio that CORCAN used to record the employee termination benefits was adjusted by Treasury Board after CORCAN's 2009-2010 financial statements had been issued. The adjusted ratio decreased by 4.09 percent from the ratio used to prepare the 2009-2010 financial statements. Accordingly, CORCAN has restated its financial position as at March 31, 2010 as well as its results of operations and cash flow for the year then ended. As a result of this correction, the 2010 amounts for operating expenses were reduced by \$989,000, the employee termination liability decreased by \$989,000, and the net assets increased by \$989,000 as of March 31, 2010.

**16. Comparative figures**

Certain of the prior year's figures have been reclassified in order to conform to the presentation adopted in the current year.

## Defence Production Revolving Fund

### STATEMENT OF MANAGEMENT RESPONSIBILITY

We have prepared the accompanying financial statements of the Defence Production Revolving Fund as required by and in accordance with the policy of Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada.

There were no financial transactions in the Fund during the year ended March 31, 2011.

Approved by:

ALEX LAKRONI  
Chief Financial Officer,  
Finance Branch

Authority limit applied to the Defence Production Revolving Fund . . . . .	(100,000)	(100,000)
Unused authority carried forward . . . . .		

### NOTES TO THE FINANCIAL STATEMENTS

#### 1. Authority and purpose

The Defence Production Revolving Fund ("the Fund") was established by Section 15 of the *Defence Production Act*. It was established in 1951 for the purpose of:

- (a) financing the stockpiling of defence supplies or strategic materials;
- (b) making loans or advances to aid in defence procurement, such as working capital loans for advance payments on contracts, but not including loans or advance payments for capital purposes; and
- (c) permitting initial payments for defence supplies which can be promptly billed to a Government department, agency or an associated government in advance of delivery of goods.

The *Adjustment of Accounts Act* (S.C. 1980, c.17) had the effect of creating a separate Defence Production Loan Account for loans or advances authorized under the *Defence Production Act*, item (b) above.

The Fund and the Defence Production Loan Account have a joint continuing non-lapsing authority from the Parliament to make payments out of the Consolidated Revenue Fund, the total of which is not to exceed \$100 million at any time.

## Geomatics Canada Revolving Fund

### MANAGEMENT REPORT

The accompanying financial statements of the Geomatics Canada Revolving Fund have been prepared as required by and in accordance with accounting standards issued by the Treasury Board of Canada Secretariat which are consistent with Canadian generally accepted principles for the public sector. They were prepared by the management of the Fund in accordance with the significant accounting policies set out in Note 2 of the statements, on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. The information included in these financial statements is based on management's best estimates and judgement with due consideration given to materiality. To fulfill its accounting and reporting responsibilities, the Fund maintains a set of accounts, which provides a centralized record of the Fund's financial transactions and benefits from the advice of accounting personnel of Corporate Management and Services Sector (CMSS). Financial information contained in the ministerial statements and elsewhere in the *Public Accounts of Canada* is consistent with that in these financial statements, unless indicated otherwise.

CMSS develops and disseminates financial management and accounting policies and issues specific directives, which maintain standards of accounting and financial management. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities and are properly recorded to maintain accountability of Government funds and

safeguard the Fund's assets. Financial management and internal control systems are maintained at appropriate costs and are augmented by the maintenance of internal audit programs. Management also seeks to assure the objectivity and integrity of data in its financial statements. This is accomplished by a careful selection, training and development of qualified staff, organizational arrangements that provide appropriate divisions of responsibility and communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

In order to assure maximum objectivity and freedom from bias, an external auditor has examined the financial data contained in these financial statements. Its role is to express an informed judgement as to whether the Fund's financial statements, considered in their entirety, present fairly, in conformity with stated accounting policies, the Fund's financial condition and transactions. This judgement is based on procedures described in the opinion appended to these financial statements.

### INDEPENDENT AUDITORS' REPORT

TO THE DIRECTOR GENERAL, AUDIT AND REVIEW  
BRANCH, NATURAL RESOURCES CANADA

We have audited the accompanying financial statements of Geomatics Canada Revolving Fund, which comprise the financial position as at March 31, 2011, the statements of operations and net liabilities, accumulated surplus and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information. These financial statements have been prepared by management of the Entity to comply with Section 4 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities and the *Revolving Funds Act*.

Management is responsible for the preparation of these financial statements in accordance with the Section 4 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities and the *Revolving Funds Act*, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control

relevant to the entity's preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

In our opinion, the financial statements are prepared, in all material respects, in accordance with the Section 4 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities and the *Revolving Funds Act*.

Without modifying our opinion, we draw attention to Note 1 to the financial statements which describe the basis of accounting. The financial statements are prepared solely for the information and use of the management of the Revolving Fund, Natural Resources Canada and the Treasury Board of Canada Secretariat for reporting on the use of the Fund authority. The financial statements are not intended to be and should not be used by anyone other than the specified users or for any other purpose.

## Geomatics Canada Revolving Fund— *Continued*

### NOTES TO THE FINANCIAL STATEMENTS (in thousands of dollars)

#### 1. Authority and purpose

The Geomatics Canada Revolving Fund (the Fund) was originally established under *Appropriation Act No. 3, 1993-1994*. It was called “Surveys, Mapping and Remote Sensing Sector Revolving Fund” and approval was conditional on specified conditions. The purpose of the Fund was to shift the costs of offering goods and services from taxpayers to those specific users who directly benefit from them. Subsequently, on December 8, 1994, the “Surveys, Mapping and Remote Sensing Sector Revolving Fund” was renamed the “Geomatics Canada Revolving Fund”. Having met its specified conditions, permanent continuing authority for the Fund was obtained from and registered with Treasury Board on February 9, 1995.

The Fund has received a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for working capital, capital acquisitions and temporary financing of accumulated operating deficits, the total of which at any time is not to exceed \$5,000,000.

#### 2. Significant accounting policies

##### (a) Basis of accounting

The financial statements have been prepared in accordance with the reporting requirements for revolving funds described by the Receiver General for Canada. The basis of accounting used in these financial statements differs from Canadian generally accepted accounting principles because: services received without charge from other government departments are not reported as expenses; the expenses and liability for termination benefits excludes the portion not funded by the Fund; and contingent liabilities are disclosed rather than recorded.

##### (b) Use of estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates. These estimates are reviewed annually and as adjustments become necessary, they are recorded in the financial statements in the period in which they become known.

##### (c) Revenue recognition

Revenues are recognized when products are sold or services rendered. For multi-year consulting or service contracts, revenues are recognized on a straight-line basis over the term of the contract.

##### (d) Inventory

The inventory of maps is valued at the lower of cost or net realizable value, with cost being determined using the weighted average cost of each title.

##### (e) Capital assets

Capital assets purchased by the Fund since April 1, 1994 are recorded at cost. These assets are amortized on a straight-line basis over their estimated useful lives, commencing with the month subsequent to acquisition. The estimated useful lives of these assets are as follows:

Computer equipment	2 to 5 years
Furniture	10 years
Mechanical equipment	10 years
Office equipment	5 years
Printing equipment	8 years
Scientific equipment	10 years

##### (f) Pension plan

The *Public Service Superannuation Act* and the *Supplementary Retirement Benefits Act* cover employees of Natural Resources Canada whose salaries and other benefits are paid by the Fund. The Government's portion of the pension cost is included in the employee benefits expenses assessed against the Fund. Actual pension payments are made from the Public Service Superannuation and Supplementary Retirement Benefits Accounts.

##### (g) Employee termination benefits

Employees of the Fund are entitled to specified termination benefits, calculated based on salary levels in effect at the time of termination as provided for under collective agreements and conditions of employment. Employee termination benefits earned prior to the establishment of the Fund (April 1, 1994) are a liability of the Treasury Board and accordingly have not been recorded in these accounts. The costs for benefits earned after April 1, 1994, as these accrue to employees, are recorded in the accounts.

## Geomatics Canada Revolving Fund— *Continued*

### NOTES TO THE FINANCIAL STATEMENTS (in thousands of dollars)—*Continued*

#### (h) Corporate and sector services

Corporate and sector overheads include administrative, management and various other costs incurred in the direct provision of services to the Fund. The allocation is based on predetermined overhead rates, which vary with the number of employees (salary), or the number of business units (Sector or Corporate components).

#### 3. Information included in the Statement of Cash Flow

#### 9. Related party transactions

Through common ownership, the Geomatics Canada Revolving Fund is related to all Government of Canada Departments, Agencies and Crown Corporations. The Fund enters into transactions with such entities in the normal course of business which have been recorded at the exchange amount.

#### 10. Contingencies

##### Sick leave

Employees are permitted to accumulate unused sick leave. However, such leave entitlements do not vest and can be used only in the event of illness. The amount of accumulated sick leave entitlements, which will become payable in future years can not be reasonably determined and accordingly have not been recorded in the financial statements. Payments of sick leave benefits are included in current operations as incurred.

#### 11. Comparative figures

Certain figures have been reclassified to conform to current year presentation.

## National Film Board Revolving Fund

(Note: The annex mentioned in the Statement of Management Responsibility can be found on the National Film Board Web site.)

### STATEMENT OF MANAGEMENT RESPONSIBILITY INCLUDING INTERNAL CONTROL OVER FINANCIAL REPORTING

Responsibility for the integrity and objectivity of the accompanying financial statements for the year ended March 31, 2011, and all information contained in these statements rests with the management of the National Film Board of Canada (NFB). These financial statements have been prepared by management in accordance with Treasury Board accounting policies, which are based on Canadian generally accepted accounting principles for the public sector.

Management is responsible for the integrity and objectivity of the information in these financial statements. Some of the information in the financial statements is based on management's best estimates and judgment and gives due consideration to materiality. To fulfill its accounting and reporting responsibilities, management maintains a set of accounts that provides a centralized record of the NFB's financial transactions. Financial information submitted in the preparation of the *Public Accounts of Canada*, and included in the NFB's Departmental Performance Report, is consistent with these financial statements.

Management is also responsible for maintaining an effective system of internal control over financial reporting designed to provide reasonable assurance that financial information is reliable, that assets are safeguarded and that transactions are properly authorized and recorded in accordance with the *Financial Administration Act* and other applicable legislation, regulations, authorities and policies.

Management seeks to ensure the objectivity and integrity of data in its financial statements through careful selection, training, and development of qualified staff, through

organizational arrangements that provide appropriate divisions of responsibility; through communication programs aimed at ensuring that regulations, policies, standards, and managerial authorities are understood throughout the NFB; and through conducting an annual assessment of the effectiveness of the system of internal control over financial reporting (ICFR).

An assessment for the year ended March 31, 2011 was completed in accordance with the Policy on Internal Control and the results and action plans are summarized in the annex.

The system of ICFR is designed to mitigate risks to a reasonable level based on an on-going process to identify key risks, to assess effectiveness of associated key controls, and to make any necessary adjustments.

The Office of the Auditor General, the independent auditor for the Government of Canada, has expressed an opinion on the fair presentation of the financial statements of the NFB which does not include an audit opinion on the annual assessment of the effectiveness of the NFB's internal controls over financial reporting.

**National Film Board Revolving Fund—**  
*Continued*

INDEPENDENT AUDITOR'S REPORT

TO THE MINISTER OF CANADIAN HERITAGE AND OFFICIAL  
LANGUAGES

I have audited the accompanying financial statements of National Film Board, which comprise the statement of financial position as at March 31, 2011, and the statement of operations, statement of equity of Canada and statement of cash flow for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

In my opinion, the financial statements present fairly, in all material respects, the financial position of National Film Board as at March 31 2011, and the results of its operations and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

In my opinion, the transactions of National Film Board that have come to my notice during my audit of the financial statements have, in all significant respects, been in accordance with the *National Film Act* and the by-laws of the National Film Board.

René Béliveau, CA auditor

Equity of Canada, beginning of year	2,000	(997)
Net cost of operations	(66,723)	(66,683)
Net cash provided by Government	67,243	71,437
Change in due from the Consolidated Revenue Fund	640	(1,757)
Equity of Canada, end of year	3,160	2,000

The accompanying notes are an integral part of the financial statements.

## National Film Board Revolving Fund— *Continued*

### NOTES TO FINANCIAL STATEMENTS

#### 1. Authority and purposes

The National Film Board was established in 1939 under the *National Film Act*, and is the agency responsible for administering the Act.

The National Film Board (the “Board”) is a cultural agency named in Schedule 1.1 of the *Financial Administration Act* reporting to the Minister of Canadian Heritage and Official Languages. It is administered by a Board of Trustees appointed by the Governor in Council and chaired by the Government Film Commissioner.

The Board’s legislative mandate is to initiate and promote the production and distribution of films in the national interest and, in particular:

- to produce and distribute and to promote the production and distribution of films designed to interpret Canada to Canadians and to other nations;
- to represent the Government of Canada in its relations with persons engaged in commercial motion picture film activity in connection with motion picture films for the Government or any department thereof;
- to engage in research in film activity and to make available the results thereof to persons engaged in the production of films;
- to advise the Governor in Council in connection with film activities;
- to discharge such other duties relating to film activity as the Governor in Council may direct it to undertake.

The Board is not subject to income taxes.

#### 2. Significant accounting policies

These financial statements have been prepared in accordance with the Treasury Board accounting policies stated below, which are based on Canadian generally accepted accounting principles for the public sector. The presentation and results using the stated accounting policies do not result in any significant differences from Canadian generally accepted accounting principles, except as disclosed in Note 9 - Net Debt Indicator.

The most significant policies are as follows:

##### Parliamentary appropriations

Operations are funded through a permanent authority from Parliament (Revolving Fund) and Parliamentary appropriations voted annually.

The Revolving Fund allows the Board to make payments out of the Consolidated Revenue Fund for working capital, interim financing of operating costs and capital assets acquisitions. This authority requires that the aggregate of

admissible working capital and net book value of capital assets does not exceed \$15 million.

The Board is also financed in part by the Government of Canada through Parliamentary appropriations. The appropriations are voted annually to replenish the Revolving Fund for net acquisitions of capital assets and the admissible cost of operations. The basis of the appropriations provided to the Board does not parallel the accounting principles applied in preparing the financial statements since appropriations are primarily based on cash flow requirements. Consequently, items recognized in the statement of operations and the statement of financial position are not necessarily the same as those provided through appropriations from Parliament. Note 3 provides a reconciliation between the two bases of reporting.

##### Net cash provided by Government of Canada

The Board operates within the Consolidated Revenue Fund (CRF), which is administered by the Receiver General for Canada. All cash receipts are deposited to the CRF and all cash disbursements are paid from the CRF. The net cash provided by Government is the difference between all cash receipts and all cash disbursements including transactions with other Federal departments and agencies.

##### Due to (from) the Consolidated Revenue Fund

Due from the Consolidated Revenue Fund balance represents the amount of cash that the Board is entitled to draw from the CRF without further appropriations, in order to discharge its liabilities and the due to the Consolidated Revenue Fund balance represents the amount of cash that the Board has to pay to the CRF for the money received.

##### Expense recognition

All expenses are recorded on the accrual basis.

Vacation pay is expensed as the benefits accrue to employees under their respective terms of employment.

##### Production of films and other forms of visual presentations

All production costs are charged to operations in the year in which they are incurred and shown in the Statement of Operations as follows:

###### Board’s program

All costs incurred for unsponsored productions and co-productions or other forms of visual presentations.

###### Sponsored production and pre-sale

Part of costs incurred for film productions and co-productions or other forms of visual presentations corresponding to sponsor’s contribution. The excess of

## National Film Board Revolving Fund— *Continued*

### NOTES TO FINANCIAL STATEMENTS—*Continued*

costs over the sponsor's contribution is charged to the Board's program.

#### Revenues

Revenues from production of films and other forms of visual presentations are accounted for at an amount equal to the sponsored production and pre-sale costs during the year in which these costs are incurred. Any profit is recognized in the year the production is completed.

Royalty revenues are recognized once all of the Board's obligations have been fulfilled and its expenses have been accounted for, regardless of when the acquirer actually uses the work.

#### Accounts receivable

Accounts receivable are stated at amounts expected to be ultimately realized. A provision is made for external accounts receivable where recovery is considered uncertain.

#### Inventories

Materials and supplies are carried at cost.

Film prints and other forms of visual presentations held for sale are carried at the lower of cost and net realizable value. The cost of other prints is expensed on a current basis.

#### Capital assets

Capital assets are amortized according to the straight line method over the estimated useful life of the assets, as follows:

Technical equipment	from 4 to 10 years
Software and data processing equipment	from 5 to 10 years
Office furniture, equipment and other	from 5 to 10 years
Leasehold improvements	terms of the leases

The Board has a collection of nearly twenty thousand audiovisual works produced since 1895. This inestimable collection is not intended for sale and does not have a measurable value. It has, however, been assigned a nominal value of \$1 in the financial statements, appearing on the statement of financial position as capital assets to ensure that the reader is aware of its existence.

The Board enters into operating lease agreements to acquire the exclusive use of certain capital assets over the term of the lease. These rental fees are charged to operations in the year to which they apply. The Board also enters into capital lease agreements by which substantially all the benefits and risks inherent to ownership of the assets are transferred to the Board. The Board then records an asset and an obligation corresponding to the present value of the minimum lease payments, excluding the portion thereof relating to executory costs. The assets recorded from a capital lease agreement are amortized on the same basis as other assets owned by the Board and the obligations are amortized over the lease term.

#### Employee future benefits

##### Pension benefits

All eligible employees participate in the Public Service Pension Plan administered by the Government of Canada. The Board's contributions reflect the full cost as employer. This amount is currently based on a multiple of an employee's required contributions and may change over time depending on the financial situation of the Plan. The Board's contributions are expensed during the year in which the services are rendered and represent the total pension obligation of the Board. The Board is not currently required to make contributions with respect to any actuarial deficiencies of the Public Service Pension Plan.

##### Severance benefits

Employees are entitled to severance benefits as provided for under labour contracts and conditions of employment. The cost of these benefits is accrued as employees render the services necessary to earn them. Management determined the accrued benefit obligation using a method based upon assumptions and its best estimates; such as, years of service and employees' status and historical profile of voluntary departures and layoffs in order to calculate the value of future payments. These benefits represent the only obligation of the Board that entails settlement by future payment.

#### Contingent liabilities

Contingent liabilities are potential liabilities which may become actual liabilities when one or more future events occur or fail to occur. To the extent that the future event is likely to occur or fail to occur, and a reasonable estimate of the loss can be made, an estimated liability is accrued and an expense recorded. If the likelihood is not determinable or an amount cannot be reasonably estimated, the contingency is disclosed in the notes to the financial statements.

# National Film Board Revolving Fund— Continued

## NOTES TO FINANCIAL STATEMENTS—Continued

### Measurement uncertainty

The preparation of these financial statements in accordance with Treasury Board accounting policies, which are based on Canadian generally accepted accounting principles for the public sector, requires management to make estimates and assumptions that could affect the reported amounts of assets, liabilities, revenues and expenses reported in the financial statements. At the time of preparation of these statements, management believes the estimates and assumptions to be reasonable. The most significant items for which estimates are used are the useful life of capital assets, allowances for doubtful accounts and the liability related to employee severance benefits. Actual results could significantly differ from those estimated. The estimates are reviewed periodically and as adjustments become necessary, they are reported in net cost of operations in the period in which they become known.

### 3. Parliamentary appropriations

The Board receives most of its funding through annual Parliamentary appropriations. Items recognized in the statement of operations and the statement of financial position in one year may be funded through Parliamentary appropriations in prior, current or future years. Accordingly, the Board has different net results of operations for the year on a government funding basis than on accrual accounting basis. The differences are reconciled in the following tables:

### (a) Reconciliation of Net cost of operations to current year appropriations used:

	2011	2010
	(in thousands of dollars)	
Net cost of operations . . . . .	66,723	66,683
Adjustments for items affecting net cost of operations but not affecting appropriations:		
Add (Less):		
(Loss) Gain on disposal of capital assets . .	(9)	15
Change in liability for vacation pay . . . . .	(16)	1,134
Net change in employee future benefits . . .	1,390	1,173
Amortization of capital assets . . . . .	(3,307)	(3,246)
	(1,942)	(924)
Adjustments for items not affecting net cost of operations but affecting appropriations:		
Add (Less):		
Acquisition of capital assets . . . . .	1,834	2,925
Payments on obligation under capital leases . . . . .	1,272	1,011
Proceeds from disposal of capital assets . . .	(4)	(15)
	3,102	3,921
Current year appropriations used . . . . .	67,883	69,680

### 4. Capital assets

	(in thousands of dollars)									
	Cost				Accumulated amortization				2011	2010
	Opening balance	Acqui- sitions	Disposals and write-offs	Closing balance	Opening balance	Amorti- zation	Disposals and write-offs	Closing balance	Net book value	Net book value
Technical equipment . . . . .	27,534	729	57	28,206	22,469	2,123	43	24,549	3,657	5,065
Software and data processing equipment . . . . .	14,310	1,219	140	15,389	12,012	868	140	12,740	2,649	2,298
Office furniture, equipment and other . . . . .	897		19	878	837	18	19	836	42	60
Leasehold improvements . . . . .	5,650	202		5,852	3,830	298		4,128	1,724	1,820
Total . . . . .	48,391	2,150	216	50,325	39,148	3,307	202	42,253	8,072	9,243

The above assets include equipment under capital leases for a total cost of \$1,937,494 (2010—\$3,665,932) less accumulated amortization of \$673,715 (2010—\$1,189,286). Current year amortization expenses relating to property under capital lease amount to \$661,076 (2010—\$788,465). Acquisitions under capital leases amounted to \$316,383 (2010—\$4,287).

### 5. Employee future benefits

#### Pension benefits

The Board and all eligible employees participate in the Public Service Pension Plan, which is sponsored and administered by the Government of Canada. Pension benefits accrue up to a maximum period of 35 years at a rate of 2 percent per year of pensionable service, times the average of the best five consecutive years of earnings. The benefits are integrated with Canada/Quebec Pension Plans benefits and they are indexed to inflation.

Both the employees and the Board contribute to the cost of the Plan. The 2011 expense amounts to \$3,530,238 (2010—\$3,967,902), which represents approximately 1.9 times (2010—2.1 times) the contributions by employees.

The Board's responsibility with regard to the Plan is limited to its contributions. Actuarial surpluses or deficiencies are recognized in the financial statements of the Government of Canada, as the Plan's sponsor.

#### Severance benefits

The Board provides severance benefits to its employees based on eligibility, years of service and final salary. This benefit plan is not pre-funded and thus has no assets, resulting in a plan deficit equal to the accrued benefit obligation. Benefits will be paid from future appropriations. Information about the plan, measured as at March 31, 2011, is as follows:

	2011	2010
	(in thousands of dollars)	
Accrued benefit obligation, beginning of year . . . .	5,243	6,417

Sponsored production and pre-sale .....	392	1,993
	<u>4,702</u>	<u>6,704</u>

### 7. Obligation under capital leases

The Board has entered into agreements to rent technical, data processing and office equipment under capital leases. The assets have been capitalized using imputed interest rates varying from 5 percent to 8 percent. The related obligations are paid over a 3-5 year lease term. Minimum lease payments totalled \$1,273,889 for the year ended March 31, 2011 (2010—payments of \$1,010,601). Interest of \$81,224 (2010—\$146,903) was charged to operations.

The obligation under capital leases includes the following:

	(in thousands of dollars)
Future minimum lease payments:	
2012 .....	389
2013 .....	389
2014 .....	<u>60</u>
	838
Less: imputed interest .....	<u>48</u>
	<u>790</u>

### 8. Related party transactions

The Board is related in terms of common ownership to all departments, agencies and Crown corporations created by the Government of Canada. The Board enters into transactions with these entities in the normal course of business in accordance with standard trade terms. During the year ending March 31, 2011, the Board leased accommodations from the Department of Public Works and Government Services (PWGSC) for the amount of \$6,835,329 (2010—\$7,037,091).

The Government has structured some of its administrative activities for efficiency and cost-effectiveness purposes so that one department performs these on behalf of all without charge. The costs of these services, which include payroll and cheque issuance services provided by Public Works and Government Services Canada are not included as an expense in the Statement of Operations. The Board also receives audit services provided, free of charge, by the Office of the Auditor General.

### 9. Net debt indicator

The presentation of the net debt indicator and a statement of change in net debt are required under Canadian generally accepted accounting principles.

Net debt is the difference between a government's liabilities and its financial assets and is meant to provide a measure of the future revenues required to pay for past transactions and events. A statement of change in net debt would show changes during the period in components such as tangible capital assets, prepaid expenses and inventories. Departments are financed by the Government

# National Film Board Revolving Fund— Concluded

## NOTES TO FINANCIAL STATEMENTS—Concluded

of Canada through appropriations and operate within the Consolidated Revenue Fund (CRF), which is administered by the Receiver General for Canada. All cash received by departments is deposited to the CRF and all cash disbursements made by departments are paid by the CRF. Under this government business model, assets reflected on the departmental financial statements, with the exception of the Due from the CRF, are not available to use for the purpose of discharging the existing liabilities of the department. Future appropriations and any spendable revenues generated by the department's operations would be used to discharge existing liabilities.

	2011	2010
	(in thousands of dollars)	
Financial liabilities		
Accounts payables		
Government of Canada .....	796	1,785

Net debt indicator .....	5,678	8,030

## 10. Contractual obligations

The Board has long-term lease agreements for premises and equipment. The most significant of these agreements has been concluded with PWGSC for premises until 2015. Future minimum rental payments for the next five years and thereafter are as follows:

	Premises	Equipment	Total
	(in thousands of dollars)		
2012 .....	6,464	639	7,103
2013 .....	5,585	369	5,954
2014 .....	5,323	256	5,579
2015 .....	1,218	76	1,294
2016-2020 .....	1,666	13	1,679
	20,256	1,353	21,609

The amount of \$20,256,000 for the lease for premises is related to agreements signed with PWGSC.

## 11. Contingencies

The Board is subject to various legal claims arising in the normal course of its operations. In management's view, the ultimate disposition of these claims is not expected to have a material impact on the financial statements.

## Optional Services Revolving Fund

### STATEMENT OF MANAGEMENT RESPONSIBILITY

We have prepared the accompanying financial statements of the Optional Services Revolving Fund as required by and in accordance with the policy of Treasury Board on revolving funds and the reporting requirements of the Receiver General for Canada. These financial statements were prepared in accordance with the significant accounting policies set out in Note 2 of the statements, on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. The information included in these financial statements is based on management's best estimates and judgment and with due consideration given to materiality. To fulfill its accounting and reporting responsibilities, management maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information submitted to the *Public Accounts of Canada* and included in the Departmental Performance Report is consistent with these financial statements.

Management develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of financial management, accounting and reporting. Management maintains systems of financial management and internal control which give due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized by Parliament, are executed in accordance with prescribed regulations, and are properly recorded to maintain accountability of government funds and safeguard the assets under the Fund's administration. Management also seeks to

assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

With the exception of the Statement of Authority Provided and the Reconciliation of Unused Authority, management has presented the financial statements to external auditors who have audited them and have provided an independent opinion which is appended to these financial statements. The Statement of Authority Provided and the Reconciliation of Unused Authority were not audited as it is not required by Treasury Board policy.

## Optional Services Revolving Fund— *Continued*

### INDEPENDENT AUDITORS' REPORT

TO THE DEPUTY CHIEF OVERSIGHT OFFICER, OFFICE OF  
AUDIT AND EVALUATION, PUBLIC WORKS AND  
GOVERNMENT SERVICES CANADA

We have audited the accompanying financial statements of the Optional Services Revolving Fund which comprise the statement of financial position as at March 31, 2011, and the statements of operations and net liabilities and cash flow for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Section 6.4 of the Treasury Board of Canada's accounting policy on special revenue spending authorities and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained in our audit is sufficient and appropriate to provide a basis for our audit opinion.

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Optional Services Revolving Fund as at March 31, 2011 and the results of its operations and net liabilities and its cash flow for the year then ended in accordance with Section 6.4 of the Treasury Board of Canada's accounting policy on special revenue spending authorities.

Without modifying our opinion, we draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared to assist the Optional Services Revolving Fund to comply with the financial reporting provisions of the Treasury Board of Canada referred to above. As a result, the financial statements may not be suitable for another purpose. Our auditors' report is intended solely for the information and use of the Optional Services Revolving Fund and the Treasury Board of Canada and should not be used by parties other than the Optional Services Revolving Fund and the Treasury Board of Canada.

The financial statements of the Optional Services Revolving Fund for the year ended March 31, 2010 were audited by another auditor who expressed an unmodified opinion on those statements on May 31, 2010.

## Optional Services Revolving Fund— Continued

### NOTES TO THE FINANCIAL STATEMENTS

#### 1. Authority and purpose

The Optional Services Revolving Fund (“the Fund”) provides specialized services to client departments, such as communication procurement services, travel management services and central removal services. The Fund also procures vaccines and drugs on behalf of provinces and territories. The Fund was established under *Appropriation Act No. 4, 1991-92* which was repealed in 1996 and replaced by Section 5.5 of the *Revolving Funds Act*.

The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for the purposes of working capital, capital acquisitions and the temporary financing of accumulated operating deficits, the total of which is not to exceed \$35,000,000 at any time.

#### 2. Significant accounting policies

The financial statements have been prepared in accordance with the significant accounting policies issued by Treasury Board and the reporting requirements of the Receiver General for Canada. The basis of accounting used in these financial statements differs from Canadian generally accepted accounting principles for the public sector because the employee termination benefits liability is based on management’s estimate of this liability rather than based on actuarial valuations.

The significant accounting policies are as follows:

##### (a) Use of estimates

The preparation of financial statements in accordance with the reporting requirements for Revolving Funds described by the Receiver General for Canada requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. The most significant item where estimates are used is the liability for employee termination benefits. Actual results could significantly differ from these estimates. Management’s estimates are reviewed periodically and, as adjustments become necessary, they are recorded in the financial statements in the year they become known.

##### (b) Accounts receivable

Accounts receivable are stated at amounts expected to be ultimately realized; a provision is made for receivables where recovery is considered uncertain.

##### (c) Revenues

Recoveries from the vaccine program are recognized using a blended rate established by fixed price contracts and based on the proportion of total goods

delivered at year end. Any losses on the fixed price contracts are recognized during the period in which they are identified.

Revenues earned on communication, printing and audio-visual services are recognized using the completed contract method.

Traffic management recoveries consist of travel commissions, and central removal services. Travel commissions and central removal services recoveries are recognized based on service utilization.

##### (d) Pension plan

Employees of the Fund are covered by the *Public Service Superannuation Act* and the *Supplementary Retirement Benefits Act*. The Government of Canada’s portion of the pension cost is included in the employee benefits charge assessed against the Fund. The actual payment of the pension is made from the Public Service Superannuation and Supplementary Retirement Benefits Accounts.

##### (e) Employee termination benefits, vacation pay and time-off in lieu

Termination benefits accrue to employees over their years of service with the Government of Canada as provided for under collective agreements, and the estimated costs of these benefits are recorded in the accounts as they are earned by the employees.

The liability for vacation pay and compensatory leave is calculated at the salary levels in effect at the end of the year for all unused vacation pay and time-off in lieu benefits accruing to employees.

##### (f) Sick leave

Employees are permitted to accumulate unused sick leave. However, such leave entitlements may only be used in the event of an illness. Unused sick leave upon employee termination is not payable to the employee. Accordingly, no amounts have been recorded in the Fund’s financial statements.

#### 3. Other assets

	2011	2010
	(in thousands of dollars)	
Goods and Services Tax refundable advances .....	52	51
Employee advances .....	3	3
	<u>55</u>	<u>54</u>

## Optional Services Revolving Fund— Concluded

### NOTES TO THE FINANCIAL STATEMENTS— Concluded

#### 4. Other liabilities

	(in thousands of dollars)	
Vacation pay and compensatory leave .....	136	160
Garnished Salaries .....	1	
	<u>137</u>	<u>160</u>

#### 5. Net liabilities

The accumulated surplus is the accumulation of each fiscal year's surpluses, net of deficits, since the inception of the Fund. The accumulated net charge against the Fund's authority is the non-lapsing authority amount that has been used since the inception of the Fund.

	2011	2010
	(in thousands of dollars)	
Accumulated surplus, beginning of year .....	7,698	7,636
Net results .....	510	62
Accumulated surplus, end of year .....	<u>8,208</u>	<u>7,698</u>
Accumulated net charge against the Fund's authority account, end of year .....	<u>(14,250)</u>	<u>(14,198)</u>
Net liabilities, end of year .....	<u>(6,042)</u>	<u>(6,500)</u>

#### 6. Contractual obligations

The Fund leases its premises under occupancy instruments. An occupancy instrument is a formal agreement between the Fund and Public Works and Government Services Canada recording the terms and conditions that govern the provision and occupancy of the accommodation. The Fund is also engaged in contractual obligations for communication services. Expected future payments are as follows:

	(in thousands of dollars)
Year ending March 31	
2012 .....	534
2013 .....	490
2014 .....	86
	<u>1,110</u>

#### 7. Revenues

	(in thousands of dollars)	
Vaccine program recoveries .....	70,717	75,835
Traffic management recoveries .....	12,803	29,703
Communication, printing and audio-visual recoveries .....	3,822	4,218
Benchmarking program .....	16	22
	<u>87,358</u>	<u>109,778</u>

#### 8. Changes in working capital

	2011	2010	Changes
	(in thousands of dollars)		
Current assets .....	2,534	4,341	1,807
Current liabilities .....	8,093	10,036	(1,943)
			<u>(136)</u>

#### 9. Related party transactions

Through common ownership, the Fund is related to all Government of Canada departments, agencies and Crown corporations. The Fund enters into transactions with these entities in the normal course of business and on normal trade terms.

## Passport Canada Revolving Fund

### STATEMENT OF MANAGEMENT RESPONSIBILITY

We have prepared the accompanying financial statements of the Passport Canada Revolving Fund as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. These financial statements were prepared by the management of the Fund in accordance with the significant accounting policies set out in Note 2 of the statements on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. The information included in these financial statements is based on management's best estimates and judgement with due consideration given to materiality. To fulfil its accounting and reporting responsibilities, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information submitted to the *Public Accounts of Canada* and included in the Department of Foreign Affairs and International Trade's Departmental Performance Report is consistent with these financial statements.

The Fund's directorate of financial services develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. The Fund maintains systems of financial management and internal control which gives due consideration to costs, benefits and risks. The systems are designed to provide reasonable assurance that

transactions are properly authorized by Parliament, are executed in accordance with prescribed regulations, and are properly recorded to maintain accountability of Government funds and safeguard the assets under the Fund's administration. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Management has presented the financial statements to the external auditor, who audited them and has provided an independent opinion which has been appended to these financial statements.

## Passport Canada Revolving Fund— *Continued*

### INDEPENDENT AUDITORS' REPORT

TO THE ASSISTANT DEPUTY MINISTER AND CHIEF  
FINANCIAL OFFICER, DEPARTMENT OF FOREIGN AFFAIRS  
AND INTERNATIONAL TRADE

We have audited the accompanying financial statements of Passport Canada Revolving Fund, which comprise the statement of financial position as at March 31, 2011 and the statements of operations and changes in net assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Section 6.4 of the Treasury Board's policy on special revenue spending authorities, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained in our audit is sufficient and appropriate to provide a basis for our audit opinion.

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Passport Canada Revolving Fund as at March 31, 2011 and the results of its operations and its cash flows for the year then ended in accordance with Section 6.4 of the Treasury Board of Canada's accounting policy on special revenue spending authorities.

Without modifying our opinion, we draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared to assist the Passport Canada Revolving Fund to comply with the financial reporting provisions of the Treasury Board of Canada referred to above. Our auditor's report is intended solely for the information and use of the Passport Canada Revolving Fund and the Treasury Board of Canada and should not be used by parties other than Passport Canada Revolving Fund or the Treasury Board of Canada.

# Passport Canada Revolving Fund— Continued

## NOTES TO THE FINANCIAL STATEMENTS

### 1. Authority and purpose

The Passport Canada Revolving Fund (the “Fund”) was established in 1969 to provide for the issue of appropriate travel documents to Canadian citizens and to certain permanent residents of Canada who are unable to obtain valid passports from their country of origin. The *Revolving Funds Act* authorized the operation of the Fund.

The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for working capital, capital acquisitions and temporary financing of accumulated operating deficits, the total of which is not to exceed \$4,000,000 at any time. For the period commencing April 1, 2010 and ending March 31, 2011, the Fund received a lapsing authority from Parliament in the amount of \$85,000,000 for the purposes of the ePassport project and operations.

### 2. Significant accounting policies

#### (a) Basis of accounting

These financial statements have been prepared in accordance with the significant accounting policies set out below to comply with the requirements of Section 4 of the Treasury Board of Canada *Policy on Special Revenue Spending Authorities* and the reporting requirements for revolving funds prescribed by the Receiver General for Canada. The basis of accounting used in these financial statements differs from Canadian generally accepted accounting principles because:

- employee’s vacation pay and termination benefits liabilities are based on management’s estimate of the liabilities rather than based on actuarial valuations;
- revenues from passport service request fees are recognized upon receipt of payment and verification of an application for completeness as stated in the Regulations prescribing fees for passport services; and,
- funding for capital assets received from Treasury Board is recorded as contributed capital and not as a reduction of the cost of capital assets.

#### (b) Revenue recognition

Revenues from passport fees are recognized upon request for a passport service, which is upon receipt of payment and verification of the passport application for completeness.

#### (c) Inventory

Inventories of materials and supplies which are carried at the lower of cost using the average cost and the net realizable value.

#### (d) Capital assets

Capital assets are recorded at cost and amortized on a straight-line basis over their estimated useful lives, as follows:

Category	Estimated useful life
Capital projects	Once in service
Leasehold improvements	Lease term
Furniture	10 years
Vehicles	5 years
Electronic data processing (EDP) equipment	3-5 years
Other machines and equipment	5 years

The capital projects category includes assets under construction which are not yet amortized. Leasehold improvements are amortized on a straight-line basis on the lesser of the remaining term of the lease or estimated useful life of the improvement.

#### (e) Employee termination benefits

Employees of Passport Canada are entitled to specified termination benefits, calculated based on salary levels in effect at the time of termination as provided for under collective agreements and conditions of employment. The cost of these benefits is recorded in the accounts as the benefits accrue to the employees.

With respect to the Program and Administrative Services group’s collective agreement signed March 1<sup>st</sup>, 2011, employees, on June 22, 2011, shall be entitled to a severance payment at their discretion. Therefore the Employee termination benefits’ liability for these employees, \$17,817,218 has been reclassified in the current portion of the Employee termination benefits.

## Passport Canada Revolving Fund— Continued

### NOTES TO THE FINANCIAL STATEMENTS— Continued

#### (f) Pension plan

Employees of the Fund are covered by the Public Service Retirement Pension Plan (the “Plan”) administered by the Government of Canada. Under present legislation, contributions made by the Fund to the Plan are limited to an amount equal to the employee’s contributions on account of current service. These contributions represent the total pension obligations of the Fund and are charged to operations on a current basis. The Fund is not required under present legislation to make contributions with respect to actuarial deficiencies of the Public Service Superannuation Account and/or with respect to charges to the Consolidated Revenue Fund for the indexation of payments under the *Supplementary Retirement Benefits Act*.

#### (g) Use of estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The more significant areas requiring the use of estimates relate to employee termination benefits and to accrued liabilities. Actual results could differ from these estimates. These estimates are reviewed annually and as adjustments become necessary, they are recorded in the financial statements in the period in which they become known.

#### (h) Financial instruments

The Fund’s financial instruments consist of accounts receivable, accounts payable, accrued liabilities and employee termination benefits. The carrying values of these financial instruments approximate their fair value because of their short terms to maturity. Unless otherwise noted, it is management’s opinion that the Fund is not exposed to significant interest, currency or credit risk arising from these financial instruments.

#### 3. Capital assets and accumulated amortization

	27,326	23,699

Accumulated net charge against the Fund’s authority:

Accumulated net charge against the Fund’s authority is the cash position of the Fund, held by the Government on the Fund’s behalf.

## Passport Canada Revolving Fund— Concluded

### NOTES TO THE FINANCIAL STATEMENTS— Concluded

#### Accumulated surplus:

The accumulated surplus is an accumulation of each year's surpluses including the absorption of the opening net assets of \$746,000 upon establishment of the Fund.

#### Contributed capital:

In the year, there were no additional capital contribution (2010—\$9,834,000) from Treasury Board to fund Passport Canada's capital projects.

#### 5. Commitments

Passport Canada rents office premises and other office equipment under long-term operating leases, which expire in 2020. Future minimum lease payments by year are approximately as follows:

	(in thousands of dollars)
2012 .....	47,783
2013 .....	20,856
2014 .....	14,526
2015 .....	9,581
2016 .....	8,317
2017 and thereafter .....	14,322
	<u>115,385</u>

#### 6. Related party transactions

Through common ownership, Passport Canada is related to all Government of Canada created departments, agencies and Crown corporations. Payments for passport operations at missions abroad, accommodation and legal services are made to related parties in the normal course of business. All related party transactions are accounted for at the exchange amount, which represents the consideration agreed to by both parties.

As part of its operations, Passport Canada, which is an agency of the Department of Foreign Affairs and International Trade (DFAIT), collects Consular fees on behalf of DFAIT Consular Affairs division. These fees are not recorded as revenues in the Statement of Operations and Change in Net Assets. In 2011, the Fund collected and remitted to DFAIT \$86,042,905 (2010—\$95,055,600) in consular fees.

In December of 2008, Service Canada and Passport Canada signed a memorandum of understanding governing the cost of processing passport applications. Effective for all applications processed by Service Canada from June 2008 onwards, a fee of \$12.39 per application will be charged to Passport Canada. These fees are reported in the Professional and Special Services line item in the Statement of Operations and Change in Net Assets. In 2011, Service Canada charged Passport Canada a total of \$4,884,398 (2010—\$5,096,500) for application processing fees.

## Real Property Disposition Revolving Fund

### STATEMENT OF MANAGEMENT RESPONSIBILITY

We have prepared the accompanying financial statements of the Real Property Disposition Revolving Fund as required by and in accordance with the policy of Treasury Board on revolving funds and the reporting requirements of the Receiver General for Canada. These financial statements were prepared in accordance with the significant accounting policies set out in Note 2 of the statements, on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. The information included in these financial statements is based on management's best estimates and judgment with due consideration given to materiality. To fulfill its accounting and reporting responsibilities, management maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information submitted to the *Public Accounts of Canada* and included in the Departmental Performance Report is consistent with these financial statements.

Management develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of financial management, accounting and reporting. Management maintains systems of financial management and internal control which give due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized by Parliament, are executed in accordance with prescribed regulations, and are properly recorded to maintain accountability of Government funds and safeguard the assets under the Fund's administration. Management also seeks to assure the objectivity and integrity of data in its financial statements by

the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

With the exception of the Statement of Authority Provided and the Reconciliation of Unused Authority, management has presented the financial statements to external auditors who have audited them and have provided an independent opinion which is appended to these financial statements. The Statement of Authority Provided and the Reconciliation of Unused Authority were not audited as it is not required by Treasury Board policy.

### INDEPENDENT AUDITORS' REPORT

TO THE DEPUTY CHIEF OVERSIGHT OFFICER, OFFICE OF  
AUDIT AND EVALUATION, PUBLIC WORKS AND  
GOVERNMENT SERVICES CANADA

We have audited the accompanying financial statements of the Real Property Disposition Revolving Fund, which comprise the statement of financial position as at March 31, 2011, and the statements of operations and net liabilities, and cash flow for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management is responsible for the preparation and fair presentation of these financial statements in accordance with section 6.4 of the Treasury Board of Canada's accounting policy on special revenue spending authorities and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained in our audit is sufficient and appropriate to provide a basis for our audit opinion.

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Real Property Disposition Revolving Fund as at March 31, 2011 and the results of its operations and net liabilities and its cash flow for the year then ended in accordance with section 6.4 of the Treasury Board of Canada's accounting policy on special revenue spending authorities.

Without modifying our opinion, we draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared to assist the Real Property Disposition Revolving Fund to comply with the financial reporting provisions of the Treasury Board of Canada referred to above. As a result, the financial statements may not be suitable for another purpose. Our auditors' report is intended solely for the information and use of the Real Property Disposition Revolving Fund and the Treasury Board of Canada and should not be used by parties other than the Real Property Disposition Revolving Fund and the Treasury Board of Canada.

The financial statements of the Real Property Disposition Revolving Fund for the year ended March 31, 2010 were audited by another auditor who expressed an unmodified opinion on those statements on May 31, 2010.

The accompanying notes are an integral part of the financial statements.

### NOTES TO THE FINANCIAL STATEMENTS

#### 1. Authority and purpose

The Real Property Disposition Revolving Fund ("the Fund") provides, on a cost recovery basis, routine disposals of real property assets no longer required in order to generate revenue for the Crown. The Fund was established in 1996 under Section 5.1 of the *Revolving Funds Act*.

The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for the purposes of working capital, the total of which is not to exceed \$5,000,000 at any time.

All proceeds of sale are deposited to the Consolidated Revenue Fund net of disposal costs and expenses. In accordance with the terms and conditions approved by Treasury Board, any year end accumulated surplus in the Fund in excess of \$5,000,000 is credited to the accumulated net charge against the Fund's authority (ANCAFA). The amount transferred from the accumulated surplus in 2010-2011 was \$5,915,957 (2009-2010: \$5,212,288).

#### 2. Significant accounting policies

The financial statements have been prepared in accordance with the significant accounting policies issued by Treasury Board and the reporting requirements of the Receiver General for Canada which are consistent with Canadian generally accepted accounting principles for the public sector.

The significant accounting policies are as follows:

##### (a) Use of estimates

The preparation of financial statements in accordance with the reporting requirements for Revolving Funds described by the Receiver General for Canada requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could significantly differ from these estimates. Management's estimates are reviewed periodically and, as adjustments become necessary, they are recorded in the financial statements in the year they become known.

##### (b) Accounts receivable

Accounts receivable are stated at amounts expected to be ultimately realized; a provision is made for receivables where recovery is considered uncertain.

## Real Property Disposition Revolving Fund—Concluded

### NOTES TO THE FINANCIAL STATEMENTS— Concluded

#### (c) Revenues

Revenues are recognized at the transfer of title to the purchaser, provided that final collection is reasonably assured. Generally, the transfer of the title and the final collection occur concurrently.

#### (d) Cost reimbursement arrangement

The Fund enters into cost reimbursement arrangements with client departments who are using its services for disposition of their properties. In these arrangements, the client department reimburses the Fund for a portion of the disbursements that have been incurred. In accordance to Section 39 of the FAA, these reimbursements are credited to the Fund's authority against which the related expenditure was charged, provided the amount is received in the same fiscal year as the related expenditure.

#### (e) Work in process

Work in process includes labour and disbursements as direct costs, as well as recovered costs incurred for sales or transfers of properties not yet finalized at the fiscal year-end.

#### (f) Deposits on disposals

Deposits on disposals represent receipts on future disposals of properties that are not closed at the fiscal year-end.

#### 3. Work in process

	2011	2010
	(in thousands of dollars)	
Work in process, beginning of year . . . . .	4,155	3,941
Costs expensed on closed projects . . . . .	(1,249)	(1,248)
Costs incurred on active projects . . . . .	1,689	1,606
Costs reimbursed on active projects . . . . .	(1,053)	(144)
Work in process, end of year . . . . .	3,542	4,155

#### 4. Net assets

The accumulated surplus is the accumulation of each fiscal year's surpluses since the inception of the Fund. The accumulated net charge against the Fund's authority is the non-lapsing authority amount that has been used since the inception of the Fund.

	2011	2010
	(in thousands of dollars)	
Accumulated surplus, beginning of year . . . . .	5,000	5,000
Net results . . . . .	5,916	5,212
Transfer of part of the accumulated surplus to the accumulated net charge against the Fund's authority (Note 1) . . . . .	(5,916)	(5,212)
Accumulated surplus, end of year . . . . .	5,000	5,000
Accumulated net charge against the Fund's authority account, end of year . . . . .	(1,858)	(1,448)
Net assets, end of year . . . . .	3,142	3,552

#### 5. Changes in working capital

	2011	2010	Changes
	(in thousands of dollars)		
Current assets . . . . .	3,858	4,299	441
Current liabilities . . . . .	716	747	(31)
			410

#### 6. Related party transactions

Through common ownership, the Fund is related to all Government of Canada departments, agencies, and Crown corporations. The Fund enters into transactions with these entities in the normal course of business and on normal trade terms.

## Real Property Services Revolving Fund

### STATEMENT OF MANAGEMENT RESPONSIBILITY

We have prepared the accompanying financial statements of the Real Property Services Revolving Fund as required by and in accordance with the policy of Treasury Board on revolving funds and the reporting requirements of the Receiver General for Canada. These financial statements were prepared in accordance with the significant accounting policies set out in Note 2 of the statements, on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. The information included in these financial statements is based on management's best estimates and judgement with due consideration given to materiality. To fulfill its accounting and reporting responsibilities, management maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information submitted to the *Public Accounts of Canada* and included in the Departmental Performance Report is consistent with these financial statements.

Management develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of financial management, accounting and reporting. Management maintains systems of financial management and internal control which give due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized by Parliament, are executed in accordance with prescribed regulations, and are properly recorded to maintain accountability of government funds and safeguard the assets under the Fund's administration. Management also seeks to assure the objectivity and integrity of data in its financial

statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

With the exception of the Statement of Authority Provided and the Reconciliation of Unused Authority, management has presented the financial statements to external auditors who have audited them and have provided an independent opinion which is appended to these financial statements. The Statement Authority Provided and the Reconciliation of Unused Authority were not audited as it is not required by Treasury Board policy.

### INDEPENDENT AUDITORS' REPORT

TO THE DEPUTY CHIEF OVERSIGHT OFFICER, OFFICE OF  
AUDIT AND EVALUATION PUBLIC WORKS AND  
GOVERNMENT SERVICES CANADA

We have audited the accompanying financial statements of the Real Property Services Revolving Fund which comprise the statement of financial position as at March 31, 2011, and the statements of operations and net liabilities, and cash flow for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Section 6.4 of the Treasury Board of Canada's accounting policy on special revenue spending authorities and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained in our audit is sufficient and appropriate to provide a basis for our audit opinion.

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Real Property Services Revolving Fund as at March 31, 2011 and the results of its operations and net liabilities and its cash flow for the year then ended in accordance with section 6.4 of the Treasury Board of Canada's accounting policy on special revenue spending authorities.

Without modifying our opinion, we draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared to assist the Real Property Services Revolving Fund to comply with the financial reporting provisions of the Treasury Board of Canada referred to above. As a result, the financial statements may not be suitable for another purpose. Our auditor's report is intended solely for the information and use of the Real Property Services Revolving Fund and the Treasury Board of Canada and should not be used by parties other than the Real Property Services Revolving Fund and the Treasury Board of Canada.

The financial statements of the Real Property Services Revolving Fund for the year ended March 31, 2010 were audited by another auditor who expressed an unmodified opinion on those statements on May 31, 2010.

## Real Property Services Revolving Fund— *Continued*

### NOTES TO THE FINANCIAL STATEMENTS

#### 1. Authority and purpose

The Real Property Services Revolving Fund (“the Fund”) provides, on a fee-for-service basis, optional real property services to other custodian departments and to other departments and agencies requesting services over and above those provided under the Federal Accommodation and Holdings Service Line program. More specifically, the Fund looks after architectural and engineering activities, property management, holdings and divestitures, and support services. The Fund was first established in 1980 as the Public Works Revolving Fund. Since that time its name has changed several times, to the Architectural, Engineering and Realty Services Revolving Fund in 1985, and to its current name in April 1996. The legislative authority for the Fund is Section 5 of the *Revolving Funds Act*.

The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for the purposes of working capital, capital acquisitions and the temporary financing of accumulated operating deficits. The continuing non-lapsing authority was not to exceed \$150,000,000 at any time up to March 31, 2009. Effective from April 1, 2009 up to March 31, 2011, the amount of continuing non-lapsing authority is increased to \$300,000,000 to accommodate for increased payments as a result of the Minister of Finance’s 2009 Budget announcement of the Investments in Federal Infrastructure Projects initiative.

For 2010-2011, the Fund received authorization from the Treasury Board to access its unused authority for a total amount of up to \$10,000,000 to temporarily fund transitory cash elements at year-end (2009-2010: \$10,000,000). The Fund did not use any of this authority in 2010-2011, the same with 2009-2010.

#### 2. Significant accounting policies

The financial statements have been prepared in accordance with the significant accounting policies issued by Treasury Board and the reporting requirements of the Receiver General for Canada. The basis of accounting used in these financial statements differs from Canadian generally accepted accounting principles for the public sector because the employee termination benefits liability is based on management’s estimate of this liability rather than based on actuarial valuations.

The significant accounting policies are as follows:

##### (a) Use of estimates

The preparation of financial statements in accordance with the reporting requirements for Revolving Funds described by the Receiver General for Canada requires

management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. The most significant item where estimates are used is the liability for employee termination benefits. Actual results could significantly differ from these estimates. Management’s estimates are reviewed periodically and, as adjustments become necessary, they are recorded in the financial statements in the year they become known.

##### (b) Accounts receivable

Accounts receivable are stated at amounts expected to be ultimately realized; a provision is made for receivables where recovery is considered uncertain.

##### (c) Revenues

Revenues earned on professional and technical services performed and revenues to recover disbursements made on behalf of government departments, and agencies and outside parties are recognized as costs are incurred by the Fund.

##### (d) Expenses

Expenses for Real Property indirect activities, corporate and administrative services, and occupancy costs are based on the budgeted direct service delivery personnel costs as determined in the budget exercise for the Professional and Technical Services program as well as for the Federal Accommodation (FA) and Federal Holdings (FH) programs of Public Works and Government Services Canada. In the case of service delivery to the FA & FH programs, charges are adjusted to reflect the actual volume of service delivery achieved at year end.

##### (e) Pension plan

Employees of the Fund are covered by the *Public Service Superannuation Act* and the *Supplementary Retirement Benefits Act*. The Government of Canada’s portion of the pension cost is included in the employee benefits charge assessed against the Fund. The actual payment of the pension is made from the Public Service Superannuation and Supplementary Retirement Benefits Accounts.

##### (f) Employee termination benefits, vacation pay and time-off in lieu

Termination benefits accrue to employees over their years of service with the Government of Canada as provided for under collective agreements, and the estimated costs of these benefits are recorded in the accounts as they are earned by the employees.

# Real Property Services Revolving Fund— Continued

## NOTES TO THE FINANCIAL STATEMENTS— Continued

The liability for vacation pay and compensatory leave is calculated at the salary levels in effect at the end of the year for all unused vacation pay and time-off in lieu benefits accruing to employees.

### (g) Sick leave

Employees are permitted to accumulate unused sick leave. However, such leave entitlements may only be used in the event of an illness. Unused sick leave upon employee termination is not payable to the employee. Accordingly, no amounts have been recorded in the Fund's financial statements.

### 3. Other assets

	2011	2010
	(in thousands of dollars)	
Goods and Services Tax refundable advances.....	19,348	13,529

### 7. Contingent liabilities

Multiple claims have been made against the Fund in the normal course of operations. Some of these potential liabilities may become actual liabilities when one or more future events occur or fail to occur. To the extent that the future event is likely to occur or fail to occur, and a reasonable estimate of the loss can be made, an estimated liability is accrued and an expense is recorded in the Fund's financial statements.

### 8. Gross revenues

10. Comparative figures

Certain of the prior year's figures have been reclassified in order to conform to the presentation adopted in the current year.

11. Related party transactions

Through common ownership, the Fund is related to all Government of Canada departments, agencies, and Crown corporations. The Fund enters into transactions with these entities in the normal course of business and on normal trade terms.

## Telecommunications and Informatics Common Services Revolving Fund

### STATEMENT OF MANAGEMENT RESPONSIBILITY

We have prepared the accompanying financial statements of the Telecommunications and Informatics Common Services Revolving Fund as required by and in accordance with the policy of Treasury Board on revolving funds and the reporting requirements of the Receiver General for Canada. These financial statements were prepared in accordance with the significant accounting policies set out in Note 2 of the statements, on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. The information included in these financial statements is based on management's best estimates and judgement with due consideration given to materiality. To fulfill its accounting and reporting responsibilities, management maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information submitted to the *Public Accounts of Canada* and included in the Departmental Performance Report is consistent with these financial statements.

Management develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of financial management, accounting and reporting. Management maintains systems of financial management and internal control which give due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized by Parliament, are executed in accordance with prescribed regulations, and are properly recorded to maintain accountability of Government funds and safeguard the assets under the Fund's administration. Management also seeks to

assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

With the exception of the Statement of Authority Used and the Reconciliation of Unused Authority, management has presented the financial statements to external auditors who have audited them and have provided an independent opinion which is appended to these financial statements. The Statement of Authority Used and the Reconciliation of Unused Authority were not audited as it is not required by Treasury Board policy.

INDEPENDENT AUDITORS' REPORT

TO THE DEPUTY CHIEF OVERSIGHT OFFICER,  
OFFICE OF AUDIT AND EVALUATION  
PUBLIC WORKS AND GOVERNMENT SERVICES CANADA

We have audited the accompanying financial statements of the Telecommunications and Informatics Common Services Revolving Fund, which comprise the statement of financial position as at March 31, 2011, and the statements of operations and net liabilities, and cash flow for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management is responsible for the preparation and fair presentation of these financial statements in accordance with section 6.4 of the Treasury Board of Canada's accounting policy on special revenue spending authorities and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained in our audit is sufficient and appropriate to provide a basis for our audit opinion.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Telecommunications and Informatics Common Services Revolving Fund as at March 31, 2011 and the results of its operations and net liabilities and its cash flow for the year then ended in accordance with section 6.4 of the Treasury Board of Canada's accounting policy on special revenue spending authorities.

Without modifying our opinion, we draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared to assist the Telecommunications and Informatics Common Services Revolving Fund to comply with the financial reporting provisions of the Treasury Board of Canada referred to above. As a result, the financial statements may not be suitable for another purpose. Our auditors' report is intended solely for the information and use of the Telecommunications and Informatics Common Services Revolving Fund and the Treasury Board of Canada and should not be used by parties other than the Telecommunications and Informatics Common Services Revolving Fund and the Treasury Board of Canada.

The financial statements of the Telecommunications and Informatics Common Services Revolving Fund for the year ended March 31, 2010 were audited by another auditor who expressed an unmodified opinion on those statements on May 31, 2010.

## Telecommunications and Informatics Common Services Revolving Fund— *Continued*

### NOTES TO THE FINANCIAL STATEMENTS

#### 1. Authority and purpose

The Telecommunications and Informatics Common Services Revolving Fund ("the Fund") provides network and infrastructure services, voice telecommunication services, satellite services, information technology security services and managed services. The Fund was established in 1963 as the Government Telecommunications Agency Revolving Fund. Since that time it has changed names several times, to Government Telecommunications and Informatics Services Revolving Fund in 1994 and to its current name in 2002-2003. The legislative authority for the Fund is Section 5.2 of the *Revolving Funds Act*.

The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for the purposes of working capital, capital acquisitions and the temporary financing of accumulated operating deficits, the total of which is not to exceed \$40,000,000 at any time.

For 2010-2011, the Fund received authorization from Treasury Board to access its unused authority for a total amount of up to \$5,700,000 to allow sustained funding of its investment program (2009-2010: \$9,090,040). The actual amount used by the Fund in 2010-2011 was \$1,089,755 (2009-2010: nil).

#### 2. Significant accounting policies

The financial statements have been prepared in accordance with the significant accounting policies issued by Treasury Board and the reporting requirements of the Receiver General for Canada. The basis of accounting used in these financial statements differs from Canadian generally accepted accounting principles for the public sector because the employee termination benefits liability is based on management's estimate of this liability rather than based on actuarial valuations.

The significant accounting policies are as follows:

##### (a) Use of estimates

The preparation of financial statements in accordance with the reporting requirements for Revolving Funds described by the Receiver General for Canada requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. The most significant items where estimates are used are the liability for employee termination benefits and the useful life of capital assets. Actual results could significantly differ from these estimates.

Management's estimates are reviewed periodically and, as adjustments become necessary, they are recorded in the financial statements in the year they become known.

##### (b) Accounts receivable

Accounts receivable are stated at amounts expected to be ultimately realized; a provision is made for receivables where recovery is considered uncertain.

##### (c) Revenue

Revenues earned on telecommunications and informatics services are recognized as costs are incurred by the Fund. Revenues earned on goods purchased from telecom suppliers on behalf of customers are recognized when the goods are delivered to other government departments or outside parties. Identification, authentication and authorization service revenues earned for Internal Credential Management (ICM) are recognized based on the services provided in the year.

##### (d) Capital assets

All capital assets having an initial cost of \$10,000 or more are recorded at their acquisition cost. Amortization of capital assets is done on a straight-line basis over the estimated useful life of each asset as follows:

<u>Category</u>	<u>Estimated useful life</u>
Machinery and equipment	3 to 15 years
Informatics hardware	3 to 10 years
Informatics software	3 to 5 years

##### (e) Pension plan

Employees of the Fund are covered by the *Public Service Superannuation Act* and the *Supplementary Retirement Benefits Act*. The Government of Canada's portion of the pension cost is included in the employee benefits charge assessed against the Fund. The actual payment of the pension is made from the Public Service Superannuation and Supplementary Retirement Benefits Accounts.

# Telecommunications and Informatics Common Services Revolving Fund— Continued

## NOTES TO THE FINANCIAL STATEMENTS— Continued

### (f) Employee termination benefits, vacation pay and time-off in lieu

Termination benefits accrue to employees over their years of service with the Government of Canada as provided for under collective agreements, and the estimated costs of these benefits are recorded in the accounts as they are earned by the employees.

The liability for vacation pay and compensatory leave is calculated at the salary levels in effect at the end of the year for all unused vacation pay and time-off in lieu benefits accruing to employees.

### (g) Sick leave

Employees are permitted to accumulate unused sick leave. However, such leave entitlements may only be used in the event of an illness. Unused sick leave upon employee termination is not payable to the employee. Accordingly, no amounts have been recorded in the Fund's financial statements.

### (h) Interest on drawdown

Interest is charged to the Fund at a rate set by the Department of Finance and is calculated monthly on the credit balance of the accumulated net charge against the Fund's authority account.

### 3. Other assets

	2011	2010

## NOTES TO THE FINANCIAL STATEMENTS— Concluded

### 6. Net assets (liabilities)

The accumulated surplus is the accumulation of each fiscal year's surpluses, net of deficits, since the inception of the Fund. The accumulated net charge against the Fund's authority is the non-lapsing authority amount that has been used since the inception of the Fund.

	2011	2010
	(in thousands of dollars)	
Accumulated surplus, beginning of year .....	14,838	12,947
Net results .....	930	1,891
Accumulated surplus, end of year .....	15,768	14,838

### 10. Related party transactions

Through common ownership, the Fund is related to all Government of Canada departments, agencies, and Crown corporations. The Fund enters into transactions with these entities in the normal course of business and on normal trade terms.

## Translation Bureau Revolving Fund

### STATEMENT OF MANAGEMENT RESPONSIBILITY

We have prepared the accompanying financial statements of the Translation Bureau Revolving Fund as required by and in accordance with the policy of Treasury Board on revolving funds and the reporting requirements of the Receiver General for Canada. These financial statements were prepared in accordance with the significant accounting policies set out in Note 2 of the statements, on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. The information included in these financial statements is based on management's best estimates and judgement with due consideration given to materiality. To fulfill its accounting and reporting responsibilities, management maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information submitted to the *Public Accounts of Canada* and included in the Departmental Performance Report is consistent with these financial statements.

Management develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of financial management, accounting and reporting. Management maintains systems of financial management and internal control which give due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized by Parliament, are executed in accordance with prescribed regulations, and are properly recorded to maintain accountability of government funds and safeguard the assets under the Fund's administration. Management also seeks to assure the objectivity and integrity of data in its financial

statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

With the exception of the Statement of Authority Used and the Reconciliation of Unused Authority, management has presented the financial statements to external auditors who have audited them and have provided an independent opinion which is appended to these financial statements. The Statement of Authority Used and the Reconciliation of Unused Authority were not audited as it is not required by Treasury Board policy.

### INDEPENDENT AUDITORS' REPORT

TO THE DEPUTY CHIEF OVERSIGHT OFFICER, OFFICE OF  
AUDIT AND EVALUATION PUBLIC WORKS AND  
GOVERNMENT SERVICES CANADA

We have audited the accompanying financial statements of the Translation Bureau Revolving Fund, which comprise the statement of financial position as at March 31, 2011, and the statements of operations and net liabilities, and cash flow for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Section 6.4 of the Treasury Board of Canada's accounting policy on special revenue spending authorities and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained in our audit is sufficient and appropriate to provide a basis for our audit opinion.

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Translation Bureau Revolving Fund as at March 31, 2011 and the results of its operations and net liabilities and its cash flow for the year then ended in accordance with section 6.4 of the Treasury Board of Canada's accounting policy on special revenue spending authorities.

Without modifying our opinion, we draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared to assist the Translation Bureau Revolving Fund to comply with the financial reporting provisions of the Treasury Board of Canada referred to above. As a result, the financial statements may not be suitable for another purpose. Our auditor's report is intended solely for the information and use of the Translation Bureau Revolving Fund and the Treasury Board of Canada and should not be used by parties other than the Translation Bureau Revolving Fund and the Treasury Board of Canada.

The financial statements of the Translation Bureau Revolving Fund for the year ended March 31, 2010 were audited by another auditor who expressed an unmodified opinion on those statements on May 31, 2010.

## Translation Bureau Revolving Fund— Continued

### NOTES TO THE FINANCIAL STATEMENTS

#### 1. Authority and purpose

The Translation Bureau Revolving Fund (“the Fund”) is a Special Operating Agency that provides, on a cost recovery basis, translation, technolinguistic and other linguistic services to the judiciary and federal departments and agencies and, upon request, to other governments in Canada and international organizations. Although the Translation Bureau has existed since 1934 when the *Translation Bureau Act* came into effect, it was not until April 1993 that Treasury Board approved the establishment of the Bureau as a Special Operating Agency, effective April 1, 1995. The Translation Bureau also became a Revolving Fund on April 1, 1995.

The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for the purposes of working capital, capital acquisitions and the temporary financing of accumulated operating deficits, the total of which is not to exceed \$10,000,000 at any time.

For 2010-2011, the Fund received authorization from the Treasury Board to access its unused authority for a total amount of up to \$3,870,000 to allow sustained funding of its investment program (2009-2010: \$5,062,000). The actual amount used by the Fund in 2010-2011 was \$357,467 (2009-2010: \$1,086,358).

#### 2. Significant accounting policies

The financial statements have been prepared in accordance with the significant accounting policies issued by Treasury Board and the reporting requirements of the Receiver General for Canada. The basis of accounting used in these financial statements differs from Canadian generally accepted accounting principles for the public sector because:

- the deferred employee termination benefits are based on management’s estimate of this asset rather than based on actuarial valuations; and,
- the employee termination benefits liability is based on management’s estimate of this liability rather than based on actuarial valuations.

The significant accounting policies are as follows:

##### (a) Use of estimates

The preparation of financial statements in accordance with the reporting requirements for Revolving Funds described by the Receiver General for Canada requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. The most significant items where estimates are used are the deferred employee termination

benefits, the liability for employee termination benefits and the useful life of capital assets. Actual results could significantly differ from these estimates. Management’s estimates are reviewed periodically and, as adjustments become necessary, they are recorded in the financial statements in the year they become known.

##### (b) Accounts receivable

Accounts receivable are stated at amounts expected to be ultimately realized; a provision is made for receivables where recovery is considered uncertain.

##### (c) Revenues

Revenues from translation services performed by the Fund for other government departments and agencies and external clients are recognized using the percentage of completion method based on the proportion of services provided at year end.

Revenues from the Parliamentary Vote for translation services and revenues for interpretation services are recognized as costs are incurred by the Fund.

##### (d) Capital assets

All capital assets having an initial cost of \$10,000 or more are recorded at their acquisition cost, except leasehold improvements which are recorded at an initial cost of \$25,000 or more. Amortization of capital assets is done on a straight-line basis over the estimated useful life of each asset as follows:

Category	Estimated useful life
Machinery and equipment	3 to 15 years
Informatics hardware	3 to 10 years
Informatics software	3 to 5 years
Leasehold improvements	Lesser of the remaining term of the occupancy instrument or useful life of the improvement
Assets under construction	Once in service, in accordance with asset class

##### (e) Pension plan

Employees of the Fund are covered by the *Public Service Superannuation Act* and the *Supplementary Retirement Benefits Act*. The Government of Canada’s portion of the pension cost is included in the employee benefits charge assessed against the Fund. The actual payment of the pension is made from the Public Service Superannuation and Supplementary Retirement Benefits Accounts.

## Translation Bureau Revolving Fund— Continued

### NOTES TO THE FINANCIAL STATEMENTS— Continued

- (f) Employee termination benefits, vacation pay and time-off in lieu

Termination benefits accrue to employees over their years of service with the Government of Canada as provided for under collective agreements, and the estimated costs of these benefits are recorded in the accounts as they are earned by the employees.

Deferred employee termination benefits represent amounts recoverable from the Treasury Board for termination benefits paid to employees. The account is drawn down as termination benefits are paid by the Fund to the related employees and become recoverable from Treasury Board.

The liability for vacation pay and compensatory leave is calculated at the salary levels in effect at the end of the year for all unused vacation pay and time-off in lieu benefits accruing to employees.

- (g) Sick leave

Employees are permitted to accumulate unused sick leave. However, such leave entitlements may only be used in the event of an illness. Unused sick leave upon employee termination is not payable to the employee. Accordingly, no amounts have been recorded in the Fund's financial statements.

#### 3. Other assets

	2011	2010
	(in thousands of dollars)	
Goods and Services Tax refundable advances .....	321	256
Prepaid expenses .....	254	110
	<u>575</u>	<u>366</u>

#### 4. Deferred employee termination benefits

In 1996, when employees of the Parliamentary, Conference Interpretation and Terminology Sectors were transferred to the Fund, Treasury Board agreed to consider, on an annual basis, substantiated applications for the reimbursement of termination benefits that accrued to employees prior to April 1, 1996 for a period of 15 years. Effective April 1, 2011, Treasury Board ceased considering requests for funding, as this 15 years period

ended. The Fund has written down the Deferred Employee Termination Benefits balance to account for the amount that is not recoverable from Treasury Board as at March 31, 2011. The write-down was for an amount of \$594,168 in 2010-2011 (2009-2010: \$3,999,377).

Employee Termination Benefits Allocation from Treasury Board for 2010-2011 is for an amount of \$256,263 (2009-2010: \$1,004,737).

# Translation Bureau Revolving Fund— Concluded

## NOTES TO THE FINANCIAL STATEMENTS— Concluded

### 7. Net liabilities

The accumulated deficit is the accumulation of each fiscal year's surpluses and deficits since the inception of the Fund. The accumulated net charge against the Fund's authority is the non-lapsing authority amount that has been used since the inception of the Fund.

	2011	2010
	(in thousands of dollars)	
Accumulated deficit, beginning of year . . . . .	(4,889)	(1,261)
Net results . . . . .	(512)	(3,628)
Accumulated deficit, end of year . . . . .	(5,401)	(4,889)

Net liabilities, end of year . . . . .	(20,739)	(22,141)

### 8. Contractual obligations

The Fund leases its premises under occupancy instruments. An occupancy instrument is a formal agreement between the Fund and Public Works and Government Services Canada recording the terms and conditions that govern the provision and occupancy of the accommodation. The Fund is also engaged in contractual obligations for translation, interpretation, informatics and other services. Estimated future payments are as follows:

	(in thousands of dollars)
Year ending March 31,	
2012 . . . . .	13,058
2013 . . . . .	9,663
2014 . . . . .	7,587
2015 . . . . .	4,796

## Debts, obligations and claims written off or forgiven

The types of approval/authority for the write-off or forgiveness (including waiver and remission) of debts, obligations and claims are as follows:

(i) Ministerial approval represents authority given to Ministers under the *Financial Administration Act* (FAA) or other Acts of Parliament as described in (i)(a), (b) and (c)—

(a) Section 25(1) of the FAA gives Ministers, through Treasury Board regulations, general authority to approve the write-off of any debt, obligation or claim other than accountable advances or overpayments of salaries, wages, or employment-related allowances that would not result in a charge to an appropriation.

(b) Section 155.1(4) of the FAA gives Ministers, through Treasury Board regulations, authority to waive interest on overdue amounts owing to Her Majesty and to waive administrative charges for dishonoured instruments (e.g. NSF cheques) imposed under section 155.1 of the FAA.

(c) Other Acts of Parliament (e.g. *Bankruptcy and Insolvency Act*) give Ministers general authority to approve the write-off or forgiveness of specific debts, obligations or claims.

(ii) Treasury Board approval— Section 25(1) of the FAA, through Treasury Board regulations, allows a Minister, with specific Treasury Board approval, to write-off any debt, obligation or claim arising from accountable advances or overpayments of salaries, wages or employment-related allowances that would not result in a charge to an appropriation.

(iii) Governor in Council and Parliamentary authority—

(a) Section 23(2.1) of the FAA states that the Governor in Council may, on the recommendation of the Treasury Board, remit any other debt, including any interest paid or payable thereon, where the Governor in Council considers that the collection of the other debt is unreasonable or unjust or that it is otherwise in the public interest to remit the other debt.

(b) Section 24.1 of the FAA requires that where a debt or obligation included in the Statement of Financial Position is to be forgiven, and which would result in a charge to an appropriation, the amount to be forgiven must be authorized pursuant to an Act of Parliament, including an *Appropriation Act*.

(c) Section 25(2) of the FAA requires that where a debt, obligation or claim included in the Statement of Financial Position is to be written off, and which would result in a charge to an appropriation, the amount to be written off must be authorized by Parliament as a budgetary expenditure in an *Appropriation Act* or some other Act.

The following codes are used:

\* Order in Council remissions of other debts as defined in section 23(2.1) of the FAA. Additional details regarding remissions of taxes, fees, penalties and other debts are provided beginning on page 2.3 of this section.

\*\* Vote 32c under the Canadian International Development Agency was approved by Parliament in *Appropriation Act No. 5, 2009-2010*. This vote provided legislative authority, pursuant to section 24.1 of the *Financial Administration Act*, to forgive an amount up to \$449,533,044 in subsequent years.

(1) See introduction above.

(2) Forgiveness related to the Fairness Package that emanates from the identified statutes.

**Accountable advances**

Information on accountable advances is required by section 38(3) of the *Financial Administration Act*.

2010-2011

*PUBLIC ACCOUNTS OF CANADA*

## Professional and Special Services

### CONTENTS

	<i>Page</i>
Professional and special services.....	3.2

## PROFESSIONAL AND SPECIAL SERVICES

The following statement presents the total amount spent in the current fiscal year for each main classification of services allocated by department and agency under each ministry. Amounts reported include both internal and external expenditures. Whereas external expenditures result from

transactions between the Government and outside parties, internal expenditures result from transactions involving organizations that are part of the Government of Canada as a reporting entity.

Certain information not published in the *Public Accounts of Canada* is available on the web in a PDF (Acrobat) format, at the following URL address: <http://www.tpsgc-pwgsc.gc.ca/recgen/txt/72-eng.html>. This information includes for each Government program:

- the total amount spent in the current fiscal year;
- the total amount spent for each main classification of services;

- a detailed listing, for each main classification of services, of the payments (i.e. cash payments and accrued charges) to one individual or one organization aggregating to \$100,000 or over. This detail includes the name and location of the payee, together with the total amount paid; and,
- the total amount and the total number of payees, for each main classification of services, of payments to one individual or organization aggregating to less than \$100,000.

Acquisition of land, buildings and works .....	4.2

## ACQUISITION OF LAND, BUILDINGS AND WORKS

The following statement presents the total amount spent in the current fiscal year by department and agency under each ministry. Amounts reported include both internal and external expenditures. Whereas external expenditures result from transactions between the Government and outside parties, internal expenditures result from transactions involving organizations that are part of the Government of Canada as a reporting entity.

Certain information not published in the *Public Accounts of Canada* is available on the web in a PDF (Acrobat) format at the following URL address: <http://www.tpsgc-pwgsc.gc.ca/recgen/txt/72-eng.html>. This information includes for each Government program:

- the total amount spent in the current fiscal year;

- details for contracts of \$250,000 or over (\$25,000 or over for cost plus contracts). Such details include the name and location of the contractor, a brief description and location of the project, the amount contracted, the current year's expenditures (i.e. cash payments and accrued charges) and the total expenditures to date; and,
- the total amount of the current year's expenditures for contracts less than \$250,000 (cost plus contracts of less than \$25,000) with the total number of contractors.

*PUBLIC ACCOUNTS OF CANADA*

## Acquisition of Machinery and Equipment

### CONTENTS

	<i>Page</i>
Acquisition of machinery and equipment. . . . .	5.2

## ACQUISITION OF MACHINERY AND EQUIPMENT

The following statement presents the total amount spent in the current fiscal year for each main category of machinery and equipment by department and agency under each ministry. Amounts reported include both internal and external expenditures.

Whereas external expenditures result from transactions between the Government and outside parties, internal expenditures result from transactions involving organizations that are part of the Government of Canada as a reporting entity.

# SECTION 6

2010-2011

*PUBLIC ACCOUNTS OF CANADA*

## Transfer Payments

### CONTENTS

	<i>Page</i>
Transfer payments .....	6.2

## TRANSFER PAYMENTS

The following statement presents the total amount spent as transfer payments in the current fiscal year by department and agency under each ministry. A transfer payment is a grant, contribution or other payment made by the Government for which no goods or services are received. Amounts reported include both internal and external expenditures. Whereas external expenditures result from transactions between the Government and outside parties, internal expenditures result

from transactions involving organizations that are part of the Government of Canada as a reporting entity.

Certain information not published in the *Public Accounts of Canada* is available on the web in a PDF (Acrobat) format at the following URL address: <http://www.tpsgc-pwgsc.gc.ca/recgen/txt/72-eng.html>. This information includes for each Government program:

2010-2011

*PUBLIC ACCOUNTS OF CANADA*

## Public Debt Charges

### CONTENTS

	<i>Page</i>
Public debt charges .....	7.2

## PUBLIC DEBT CHARGES

Public debt charges include:

- the interest on unmatured debt and on pension and other accounts;
- the servicing costs and costs of issuing new borrowings.
- the amortization of premiums and discounts on unmatured debt; and,

The following statement presents details of the current year's public debt charges.

<sup>(1)</sup> The years stated for each bond series correspond to the year of issuance and year of maturity.

<sup>(2)</sup> Term to maturity is 20 years, or such lesser period as may from time to time be fixed by the Minister of Finance on recommendations of the Chief Actuary of the Office of the Superintendent of Financial Institutions, redeemable in whole or in part before maturity only at the option of the Minister of Finance.

<sup>(3)</sup> Interest is distributed to the provinces of Ontario and Quebec on the basis of population.

<sup>(4)</sup> Additional information on Deferred revenue specified purpose accounts is provided in Section 5 of Volume I.

<sup>(5)</sup> No amount of principal is shown since the closing balance of this liability account is reported with the Foreign Exchange Accounts in Section 8 of Volume I.

## PAYMENTS OF CLAIMS AGAINST THE CROWN

This statement provides, by ministry, details for all payments of claims against the Crown of \$1,000 or over. Claims of less than \$1,000 are reported as one amount at the end of each ministry, together with the total number of such claims. Where the situation warrants non-disclosure, the recipient's name and individual payment amount may be withheld from publication.

## EX GRATIA PAYMENTS

This statement provides, by ministry, details for all ex gratia payments of \$100 or over. Payments of less than \$100 are reported as one amount at the end of each department and agency, together with the total number of such payments. For the purposes of this statement, an ex gratia payment is a

discretionary payment, made as an act of benevolence in the public interest, free of any legal obligation, whether or not any value or service has been received. Where the situation warrants non-disclosure, the recipient's name and individual payment amount may be withheld from publication.

## FEDERAL-PROVINCIAL SHARED-COST PROGRAMS

This statement presents, by province and territory, and for each federal-provincial shared-cost program, the current year and previous year expenditures and the expenditures from inception of the program. Programs are reported year after year until completion, even if there is no expenditure in a given year. An (f) adjacent to the total expenditures from inception indicates the programs completed in the current year. An (a) adjacent to the total expenditures from

inception indicates that the previous year's *Public Accounts of Canada* have been amended. In this statement, amounts in roman type represent current year expenditures, amounts in **bold face** type represent previous year expenditures and amounts in *italic* type represent expenditures from inception.

(1) Effective August 27, 2010, NAFTA Secretariat, Canadian Section was transferred to the Department of Foreign Affairs and International Trade as per Order in Council PC 2010-1083.

(2) Vote 32c under the Canadian International Development Agency was approved by Parliament in *Appropriation Act No. 5, 2009-2010*. This vote provided legislative authority, pursuant to section 24.1 of the *Financial Administration Act*, to forgive an amount up to \$449,533,044 in subsequent years.

(3) Order in Council PC 2010-1068 designated the Leader of the Government in the House of Commons, a member of the Queen's Privy Council for Canada, as the appropriate Minister for the Canada Lands Company Limited, including its subsidiary the Old Port of Montreal Corporation Inc, effective August 6, 2010. Prior to the transfer, expenditures of \$21,054,750 were approved by the Minister of Transport.

## Commissions

### General information by commission

The purpose of the following statement is to present general information for each commission involved in a public inquiry or investigation.

--	--	-------	-----------	-----------	------------

This Commission was established by Order in Council (PC 2009-1861) pursuant to Part I of the *Inquiries Act*. The mandate of the Commission is to identify the reasons for the decline and long term prospects for Fraser River sockeye salmon stocks and determine whether changes need to be made to fisheries management policies, practices and procedures.

## PUBLIC SAFETY AND EMERGENCY PREPAREDNESS

## Royal Canadian Mounted Police Public Complaints Commission

Commission for Public Complaints against the RCMP .....	109,335	38,873			148,208
---	---------	--------	--	--	---------

The Commission for Public Complaints against the RCMP is an independent agency of the federal government established in 1986 by amendments to the *Royal Canadian Mounted Police Act*. Part VI of the *RCMP Act* sets out the structure of the Commission and the duties and responsibilities of its members, who are appointed by Order of the Governor in Council. Part VII sets out the process for the receipt and review of complaints from the public concerning the conduct of members of the RCMP. This process includes the power of the Commission to receive complaints and to send them to the RCMP for investigation and disposition. Part VII also provides complainants with the right to have the RCMP's disposition of their complaints reviewed by the Commission. The review process as set out in Part VII gives the Chairman the power to investigate complaints as well as to hold public hearings to inquire into complaints. The Chairman also has the power to initiate complaints when he is satisfied there are reasonable grounds to do so. Order in Council (PC 1986-2904) designates the Commission as a department for the purposes of the *Financial Administration Act* and the *Public Service Employment Act*.

\* For details related to current year expenditures, see following statement called—"Travel and living costs by commission".

<sup>(1)</sup> These expenditures are related to work performed by the Department of Fisheries and Oceans in relation to the Commission of inquiry into the Decline of Sockeye Salmon in the Fraser River. These costs include costs related to legal advice, document management and reimbursement of costs of Department of Fisheries and Oceans witnesses appearing before the Commission.

## Travel and living costs by commission

## Education costs

This statement provides details of education costs incurred in the current year. For the purpose of this statement, an education cost represents the cost of any long-term education activity. A long-term education activity is any training or development activity given to a Government employee and conducted at an educational institution outside of the Public Service that amounted or will amount to a total of 65 working days or more over a maximum period of three (3) years, or that involved or will involve total expenditures in excess of \$25,000 (including salary).

## Return on investments

This statement provides details for the current year of the category of other revenues called return on investments. Return on investments consists mainly of interest from loans and advances, dividends from investments, and transfer of profits, as recorded by departments before any adjustments are made. For the purposes of presentation in the financial

statements, amounts shown here for foreign exchange accounts and enterprise Crown corporations have been respectively reclassified to net foreign exchange revenues and Crown corporation revenues in Sections 2 and 3 of Volume I and Table 4a of Volume II.

## Expenditures of Ministers' Offices

On December 12, 2006, the *Federal Accountability Act* amended the *Access to Information Act* to require the head of a department or a ministry of state for the Government of Canada to publish an annual report of all expenses incurred by his or her office and paid out of the Consolidated Revenue Fund. Expenditures presented below are those charged to the Minister's budget in accordance with the Policies for Ministers' Offices. As such, this table does not include civilian termination benefits and statutory expenditures

such as the Minister's salary and motor vehicle allowance, employer contributions to superannuation and certain benefit plans and other items as specified in these Policies.

During the year, changes were made to the Policies on Ministers' Offices. For further guidance on which expenditures are included in the Ministers' Offices Budgets see Appendix E of these Policies.

## Travel expenses of ministers and parliamentary secretaries

This statement provides details of the travel expenses of ministers and parliamentary secretaries incurred in the current year, where the travel is required for departmental operational or program purposes, whether domestic or international, whether charged to the ministers office budget or any other fund centre within the minister's department or agency.

For the purpose of this statement, travel expenses include transportation, accommodation, meals and other expenses. The following items are excluded from this statement:

- travel expenses of ministers' staff, or of other persons traveling with ministers and parliamentary secretaries;
- hospitality costs extended on behalf of the Government where it is considered to be essential, as a matter of courtesy, or to facilitate the conduct of Government business;

- travel expenses of Members of the House of Commons serving on various parliamentary committees;
- any moving, transportation and travel expenses paid for by the House of Commons on behalf of its Members. These expenses are reported in a separate statement in Section 11 of this volume entitled "House of Commons—Statement of sessional allowances and travel expenses paid in 2010-2011";
- any Department of National Defense charges for the use of Government aircraft; and
- any travel expenses of Members of the House of Commons for Canadian representation at international conferences and meetings. These expenses are reported in a separate statement in Section 11 of this volume entitled "Foreign Affairs and International Trade—Travel expenses for Canadian representation at international conferences and meetings".

## International travel expenditures of ministers, parliamentary secretaries, and ministers' staff

This statement presents the international travel expenditures incurred by ministers, parliamentary secretaries, and ministers' staff where the travel is required for departmental operational or program purposes only. These expenditures are charged to a special fund centre, created from

existing reference levels, within the minister's department or agency. These costs are not charged to the ministers' office therefore are not included on the Expenditure of ministers' offices table.

### INTERNATIONAL TRAVEL EXPENDITURES OF MINISTERS, PARLIAMENTARY SECRETARIES AND MINISTERS' STAFF

Net expenditures <sup>(4)</sup> .....	25,341,561	5,079,566	30,421,127

<sup>(1)</sup> These payments and expenses are charged to a statutory spending authority called "Payments of compensation respecting Government employees (*Government Employees Compensation Act*) and merchant seamen (*Merchant Seamen Compensation Act*)" (see Ministry Summary, section 14 of Volume II).

<sup>(2)</sup> Includes the net payments of compensation respecting:

(a) Government employees (*Government Employees Compensation Act*);

(b) merchant seamen (*Merchant Seamen Compensation Act*); and,

(c) employees of mines now operated by Enterprise Cape Breton Corporation who contracted silicosis prior to acquisition of mines by the Corporation.

<sup>(3)</sup> Represents the federal government's net share of administration expenses of provincial boards.

The claims of federal employees eligible for compensation are dealt with and paid by the provincial workers' compensation boards from funds advanced by the federal government.

Claims of employees resident in the Yukon, Northwest Territories and Nunavut are processed by the Workers' Compensation Board of Alberta.

<sup>(4)</sup> Net expenditures agree with the Payments of compensation respecting Government employees and merchant seamen.
