Professional and Special Services

The following statement presents the total amount spent in 2012-2013 for each main classification of professional and special services. This information is displayed under each ministry.

This statement also provides, for each main classification of services, a detailed listing, where applicable, of the payments (i.e. cash payments and accrued charges) aggregating to \$ 100,000 or over to one individual or organization. This detail includes the name and location of the payee, together with the total amount paid. In cases where organizations have more than one place of business, their Head Office location was used for reporting purposes.

In addition, this statement presents, for each main classification of services, the total amount of payments to one individual or organization aggregating under \$100,000 and the total number of payees.

Amounts reported include both internal and external expenditures. Whereas external expenditures result from transactions between the Government and outside parties, internal expenditures result from transactions involving organizations that are part of the Government of Canada as a reporting entity.

Section 3 of Volume III of the 2012-2013 Public Accounts of Canada presents the total amount spent for each main classification of professional and special services, allocated by department and agency under each ministry.
