Introduction to the Public Accounts of Canada

Nature of the Public Accounts of Canada

The *Public Accounts of Canada* is the report of the Government of Canada prepared annually by the Receiver General as required by section 64 of the *Financial Administration Act*. It covers the fiscal year of the Government, which ends on March 31.

The information contained in the report originates from two sources of data:

- the summarized financial transactions presented in the Accounts of Canada, maintained by the Receiver General; and
- The detailed records, maintained by departments and agencies.

Each department and agency is responsible for reconciling its accounts to the control accounts of the Receiver General, and for maintaining detailed records of the transactions in their accounts.

The report covers the financial transactions of the Government during the year. In certain cases, parliamentary authority to undertake transactions was provided by legislation approved in earlier years.

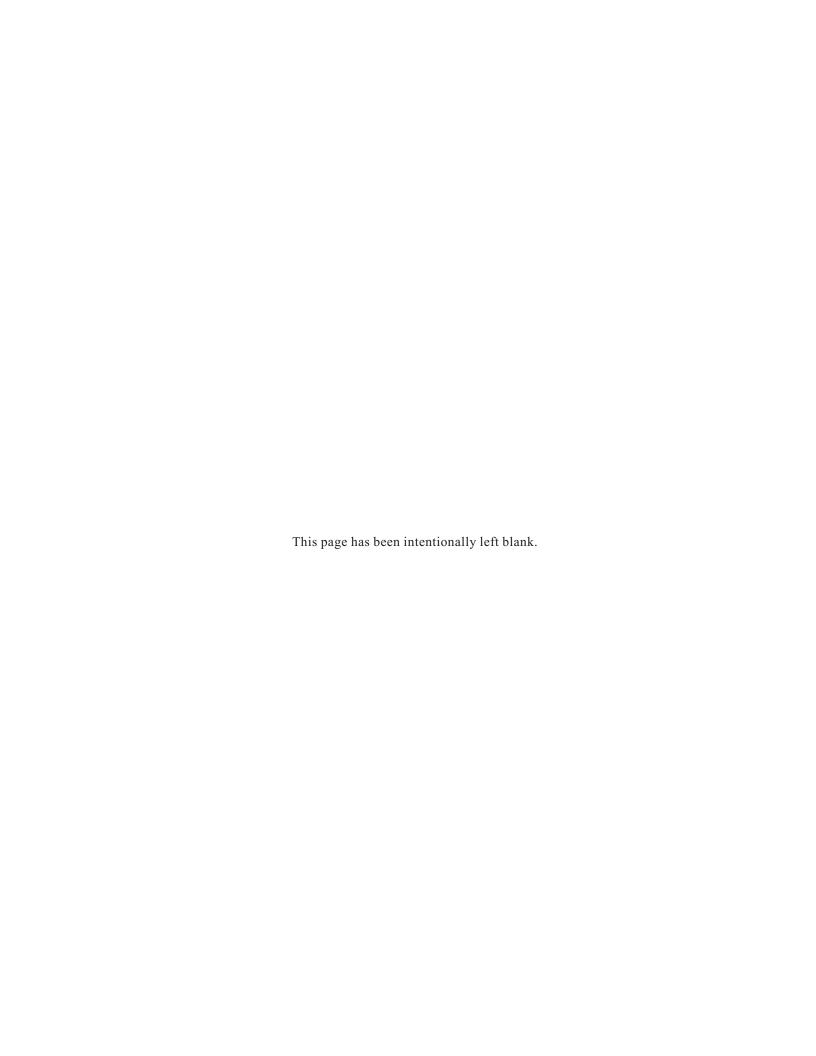

Format of the Public Accounts of Canada

The Public Accounts of Canada is produced in three volumes.

Volume I presents the audited consolidated financial statements of the Government, as well as additional financial information and analyses.

Volume II presents the financial operations of the Government, segregated by ministry; and

Volume III presents supplementary information and analyses.

Canadian Grain Commission Revolving Fund

Statement of Management Responsibility

We have prepared the accompanying financial statements of the Canadian Grain Commission Revolving Fund as required by and in accordance with the policy of Treasury Board on Special Revenue Spending Authorities and the reporting requirements and standards of the Receiver General for Canada. These financial statements were prepared by management of the Fund in accordance with the significant accounting policies set out in Note 2 of the statements, on a basis consistent with that of the preceding year. Some previous year's figures have been reclassified to conform to the current year's presentation.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. To assure maximum objectivity and freedom from bias, the financial data contained in these financial statements has been examined by the Departmental Audit Committee. The information included in these financial statements is based on management's best estimate and judgment with due consideration given to materiality. To fulfill its accounting and reporting responsibilities, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information submitted to the *Public Accounts of Canada* and included in the department's Departmental Performance Report is consistent with these financial statements.

The Canadian Grain Commission's Finance Division develops and disseminates financial management and accounting policies and issues specific directives, which maintain standards of accounting and financial management. The Fund maintains systems of financial management and internal control which gives due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized by Parliament, are executed in accordance with prescribed regulations, and are properly recorded to maintain accountability of Government funds and safeguard the assets under the Fund's administration. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communicating programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

In order to assure maximum objectivity and freedom from bias, these financial statements have been examined by external auditors. The auditors' role is to express an independent opinion as to whether the financial statements present fairly the financial position of the Fund as at March 31, 2014 and the results of operations and the change in financial position for the year. This opinion has been appended to these financial statements.

Independent Auditors' Report

To the Chief Commissioner, Commissioners and the Departmental Audit Committee Canadian Grain Commission Revolving Fund

We have audited the accompanying financial statements of the Canadian Grain Commission Revolving Fund, which comprise the statement of financial position as at March 31, 2014, and the statements of operations, accumulated surplus and cash flow for the year then ended, and the related notes, which comprise a summary of significant accounting policies and other explanatory information.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Section 6.4 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Canadian Grain Commission Revolving Fund as at March 31, 2014, and the results of its operations and its cash flow for the year then ended in accordance with Section 6.4 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities.

Emphasis of matter

Without modifying our opinion, we draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared solely for the information and use of the Canadian Grain Commission and the Treasury Board of Canada for reporting on the use of the Fund's authority. The financial statements are not intended to be and should not be used by anyone other than the specified users or for any other purpose.

Other matter

The financial statements of the Canadian Grain Commission Revolving Fund for the year ended March 31, 2013 were audited by another auditor whose report, dated May 21, 2013, expressed an unmodified opinion on those statements.

Canadian Grain Commission Revolving Fund — Continued

Notes to the financial statements for the year ended March 31, 2014

1. Authority and purpose

The Canadian Grain Commission Revolving Fund ("CGC", the "Revolving Fund" or the "Fund") derives its authority from the Canada Grain Act. The CGC's mandate as set out in the Act is to, in the interest of grain producers, establish and maintain standards of quality for Canadian grain, regulate grain handling in Canada and to ensure a dependable commodity for domestic and export markets.

The Canadian Grain Commission Revolving Fund was established under *Appropriation Act No. 6, 1994-1995*. The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for working capital, capital acquisitions and temporary financing of accumulated operating deficits, the total of which cannot exceed \$2,000,000 at any time.

In the fall of 2012, two initiatives were announced that have impacted the services and organizational structure of the CGC. Firstly, Bill C-45, containing proposed amendments to the *Canadian Grain Act*, was introduced in Parliament. Secondly, on November 1, 2012, the CGC launched consultations on CGC user fees that reflected an updated *Canada Grain Act* and streamlined CGC operations. Bill C-45 received Royal Assent on December 14, 2012. The amendments to the *Canada Grain Act* came into force on August 1, 2013. Updated user fees took effect August 1, 2013 concurrent with changes to the *Canadian Grain Act*. In response to both the legislative changes and restructured user fees, the CGC had adjusted its workforce (Note 6), organizational design, and operations.

Fiscal year 2013-2014 is a transition year for the CGC. The revised funding model which came into effect on August 1, 2013 is based on full cost recovery through user fees and ongoing appropriations. Until the implementation of this model, the CGC was funded through its ongoing appropriations, fees collected and special appropriation.

In accordance with the Government's policy on self-insurance, the CGC does not carry its own insurance. The CGC is not subject to income tax.

2. Significant accounting policies

The financial statements have been prepared in accordance with accounting standards issued by the Treasury Board of Canada Secretariat and the reporting requirements of the Receiver General for Canada. The basis of accounting used in these financial statements differs from generally accepted accounting principles for the public sector because employee vacation, severance liabilities and employee termination benefits are based on management's estimate of the liabilities rather than based on actuarial valuations.

The significant accounting policies are as follows:

a. Use of estimates

The preparation of these financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities as at the date of the financial statements and the reported amounts of revenue and expenses during the periods covered by the financial statements. The principal financial statement components subject to measurement uncertainty include salaries payable related to unsettled labour contracts, the estimated useful life of capital assets and the liabilities for employee vacation, severance benefits and employee termination benefits. Actual results could differ from those estimates. Management's estimates are reviewed periodically and, as adjustments become necessary, they are recorded in the financial statements in the year they become known.

b. Revenue recognition

Revenue is recognized in the accounting period in which it is earned through the provision of goods or services, or when an event giving rise to a claim has taken place. The majority of service fees such as inspection and weighing activities are dependent on grain volumes handled. Revenues that have been received but not yet earned are presented as deferred revenue. Deferred revenue is primarily received for licensing fees which usually cover a 12 month period.

Canadian Grain Commission Revolving Fund — *Continued*

Notes to the financial statements for the year ended March 31, 2014 — Continued

c. Expense recognition

Unless otherwise disclosed, expenses are recorded in the period they are incurred.

d. Cash in transit

Cash in transit includes cash and cheques received prior to March 31 but not deposited until the subsequent year.

e. Parliamentary, special and employee termination benefit appropriation

The ongoing parliamentary appropriation received for the Grain Quality Research program and Internal Audit expenditures has been recorded as revenue of the Fund.

The special appropriation received to maintain cost recovery levels has been recorded as revenue of the Fund.

The special appropriation received to cover affected employees' termination benefits has been recorded as revenue to the Fund.

f. Accumulated net charge against the Fund's authority

The accumulated net charge against the Fund's authority is the amount of the Revolving Fund's non-lapsing authority that has been accumulated since its inception.

g. Accounts receivable

Accounts receivable are stated at amounts expected to be ultimately realized. Allowances are established for all accounts for which interest or principal payments are 180 days past due.

h. Capital assets

Certain assets previously under the custody of the Department of Agriculture and Agri-Food Canada were assumed by the Revolving Fund on April 1, 1995. The assumed assets were considered to be contributed capital and recorded at the Crown's estimated net book value. Assets acquired subsequent to April 1, 1995 were recorded at cost. Proceeds from the disposal of capital assets are retained by the Revolving Fund.

All capital assets and leasehold improvements with a cost equal to or greater than \$10,000 are capitalized at their acquisition cost.

Assets are amortized on a straight-line basis over their estimated useful lives, commencing in the month after acquisition, as follows:

Scientific equipment5 yearsOffice equipment and furniture5 yearsOperational equipment10 yearsMotor vehicles5 yearsComputer equipment and software3 years

Leasehold improvements 5 years (term of the lease)

i. Vacation, overtime and compensatory leave

Vacation, overtime and compensatory leave are expensed as the benefits accrue to employees under their respective terms of employment.

j. Employee severance benefits

Severance benefits accrue to employees over their years of service with the Government of Canada as stipulated in their collective agreements. The CGC provides for the severance entitlements earned by employees. The obligation relating to the benefits earned by employees is calculated using information derived from management's estimate of the liability.

Canadian Grain Commission Revolving Fund — Continued

Notes to the financial statements for the year ended March 31, 2014 — Continued

k. Employee termination benefits

Employees affected by the amendments to the *Canada Grain Act* are entitled to termination benefits. The CGC was committed to the continued implementation of legislative change and restructured user fees for August 1, 2013. An obligation relating to the employee termination benefits based on management's best estimate was initially set up as a liability as of March 31, 2013 and continues to be revised as information becomes available.

1. Pension plan

Employees of the CGC are covered by the *Public Service Superannuation Act* and the *Supplementary Retirement Benefits Act*. The Government of Canada's portion of the pension cost is included in the employee benefit charge assessed against the Revolving Fund. The actual payment of the pension is made from the Public Service Superannuation and Supplementary Retirement Benefits Accounts. Current legislation does not require the CGC to make contributions for any actuarial deficiencies of the Public Service Superannuation account.

m. Sick leave

Employees are permitted to accumulate unused sick leave. However, such leave entitlements do not vest and may only be used in the event of illness. Unused sick leave upon employee termination is not payable to the employee. Accordingly, no amount has been accrued in these financial statements.

n. Interest on drawdown

Interest is charged to the Revolving Fund at a rate set by the Treasury Board. Interest charges are calculated monthly on the balance of the accumulated net charge against the Fund's authority. The Treasury Board does not pay interest when a surplus arises that results in no drawdown against the authority.

	1,196	1,654

6. Salaries payable

With the legislative changes to the *Canada Grain Act*, a segment of the CGC work force became eligible for the provision of termination benefits. As a result, the CGC has recorded an obligation for termination benefits as part of salaries payable to reflect the estimated workforce adjustment costs. As the changes were implemented, employees received their termination benefits and there is a portion of these benefits payable in future years.

	2014	2013

Salaries payable	3,324	18,724

Canadian Grain Commission Revolving Fund — *Continued*

Notes to the financial statements for the year ended March 31, 2014 — Continued

7. Employee severance benefits liability

The CGC provides severance benefits to its employees based on eligibility, years of service and final salary. These benefits are currently calculated based on the actual severance owed to each employee.

With Budget 2011, the Government of Canada announced its intention to eliminate the ongoing accumulation of severance benefits. All collective agreements for the CGC have been negotiated and severance benefits have ceased to accumulate. Employees are being given the option to liquidate immediately or collect upon departure from the public service.

Expense for the year.	1,027	1,630
Benefits paid during the year	(7,367)	(841)
Employee severance benefits liability, end of year	5,717	12,057
Current portion of employee severance benefits liability	(2,984)	(1,739)
Long-term portion of employee severance benefits liability	2,733	10,318

8. Parliamentary, special and employee termination benefits appropriation

Items recognized in the statement of operations and the statement of financial position in one year may be funded through parliamentary appropriations in prior, current or future years. Accordingly, the CGC has different appropriation authorities for the year on a government funding basis than on an accrual accounting basis. The differences are reconciled in the following tables.

Appropriation authorities provided and used:

	2014	2013
_	(in thousands o	f dollars)
Total appropriation funds provided	37,600	32,252
Frozen allotment (lapsed). Under-spent (lapsed)	(1,686) (972)	
Current year appropriation funds provided and used	34,942	32,252
Total current year appropriation funds provided and used consists of:	2014	2013
_	(in thousands o	f dollars)
Special appropriation Employee termination benefits appropriation	16,927 12,568	26,800
Parliamentary appropriation.	5,447	5,452
Current year appropriation funds provided and used	34,942	32,252

Canadian Grain Commission Revolving Fund — Continued

Notes to the financial statements for the year ended March 31, 2014 — Continued

9. Accumulated net charge against the Fund's authority

Accumulated net charge against the Fund's authority is comprised of the following amounts:

	2014	2013
	(in thousands o	f dollars)
Employee severance benefits liability	5,717	12,057
Resources included in working capital	(5,345)	(486)
Resources available for operational purposes	35,238	17,499
Total accumulated net charge against the Fund's authority.	35,610	29,070

10. Contractual obligations

CGC leases its premises under occupancy instruments. An occupancy instrument is a formal agreement between the CGC and Public Works and Government Services Canada recording the terms and conditions that govern the provision and occupancy of the accommodation. Expected future payouts are as follows:

	(in thousands of dollars)
2015	4,028
2016	3,340
2017	3,330
2018	3,243
2019 and thereafter	12,401

11. Contingent liabilities

In the normal course of its operations, CGC may become involved in various legal actions. Some of these potential liabilities may become actual liabilities when one or more future events occur or fail to occur. To the extent that the future event is likely to occur or fail to occur, and a reasonable estimate of the loss can be made, an estimated liability is accrued and an expense is recorded in the financial statements. As at March 31, 2014, one claim is outstanding against CGC, as noted below.

CGC is named as a defendant in a claim alleging damages and costs. The matter is still pending and the outcome of this claim is not determinable at this time. The potential financial impact of this case cannot be estimated. No accrual for this contingency has been made in the financial statements.

Canadian Grain Commission Revolving Fund — Concluded

Notes to the financial statements for the year ended March 31, 2014 — Concluded

12. Related party transactions

The CGC is related in terms of common ownership to all Government of Canada departments, agencies and Crown corporations. The CGC enters into transactions with these entities at arm's length in the normal course of business and on normal trade terms.

Services provided by other government departments

During the year, the CGC paid rent and certain professional services to other government departments or agencies. Employer's health insurance plan contributions and employee benefit plans were also provided by and paid to other government departments. Significant services have been recognized in the CGC statement of operations as follows:

	2014	2013
	(in thousands o	of dollars)
Employer's contribution to employee benefit plans	11,654	13,035
Rent.	4,758	4,522
Professional and special services		
Audit and accounting services	137	138
Consulting services	164	192
Legal services.	402	503
Translation services	287	406
Other	148	232
	17,550	19,028

Included in accounts receivable, accounts payable, and salaries payable at year end are the following amounts with related parties:

	2014	2013
_	(in thousands o	f dollars)
Accounts receivable	1,251	59
Accounts payable	601	1,069
Employer's contribution to employee benefit plans payable	1,083	1,317

13. Financial instruments

The Revolving Fund's financial instruments consist of cash in transit, accounts receivable, accounts payable and accrued liabilities, salaries payable, vacation, overtime and compensatory leave payable, and employee severance benefits. The carrying values of these financial instruments approximate their fair value because of their short terms to maturity, except for employee severance benefits which are based on management's best estimate and which approximates fair value. Unless otherwise noted, it is management's opinion that the Revolving Fund is not exposed to significant interest, currency or credit risk arising from these financial instruments.

Financial instruments that potentially subject the CGC to concentrations of credit risk consist primarily of trade accounts receivable. The CGC performs services to various organizations. For the year ended March 31, 2014, eight large integrated organizations accounted for 89 percent of the CGC's receivable balances (2013 - five organizations, 81 percent).

14. Comparative information

Certain comparative figures have been reclassified to conform to the current year's presentation.

1. 14 Financial Statements of Revolving Funds

Canadian Intellectual Property Office Revolving Fund

Statement of Management Responsibility

We have prepared the accompanying financial statements of the Canadian Intellectual Property Office Revolving Fund (the "Fund") as required by and in accordance with the policy of Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. These financial statements were prepared by the management of the Fund in accordance with the significant accounting policies set out in Note 2 of the statements, on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. The information included in these financial statements is based on management's best estimates and judgement with due consideration given to materiality. To fulfill its accounting and reporting responsibilities, the Fund maintains a set of accounts, which provides a centralized record of the Fund's financial transactions. Financial information contained in the ministerial statements and elsewhere in the *Public Accounts of Canada* is consistent with that in these financial statements, unless indicated otherwise.

The Fund's directorate of financial services develops and disseminates financial management and accounting policies and issues specific directives, which maintain standards of accounting and financial management. The Fund maintains systems of financial management and internal control which gives due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized by Parliament, are executed in accordance with prescribed regulations, and are properly recorded to maintain accountability of Government funds and safeguard the assets under the Fund's administration. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

At the request of the Fund, these financial statements have been examined by external auditors, their role being to express an opinion as to whether the financial statements present fairly the financial position as at March 31, 2014 and the results of operations and cash flow for the year then ended in accordance with the accounting principles for revolving funds of the Government of Canada as described in Note 2 to the financial statements.

Canadian Intellectual Property Office Revolving Fund — Continued

Independent Auditors' Report

To the Deputy Minister of Industry Canada

We have audited the accompanying financial statements of the Canadian Intellectual Property Office, which comprise the financial position as at March 31, 2014, the statements of operations and net liabilities, accumulated surplus and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information. These financial statements have been prepared by management of the Entity to comply with section 4 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities and the *Revolving Funds Act*.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements in accordance with section 4 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities and the *Revolving Funds Act*, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements of the Canadian Intellectual Property Office Revolving Fund as at and for the year ended March 31, 2014 are prepared, in all material respects, in accordance with section 4 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities and the *Revolving Funds Act*.

Basis of Accounting and Restriction on Use

Without modifying our opinion, we draw attention to Note 2 to the financial statements which describe the basis of accounting. The financial statements are prepared solely for the information and use of the management of the Revolving Fund, Deputy Minister of Industry Canada and the Treasury Board of Canada Secretariat for reporting on the use of the Fund authority. The financial statements are not intended to be and should not be used by anyone other than the specified users or for any other purpose.

Canadian Intellectual Property Office Revolving Fund — Continued

Notes to the financial statements for the year ended March 31, 2014

1. Authority and purpose

The Canadian Intellectual Property Office Revolving Fund (the "Fund") grants or registers exclusive ownership of intellectual property in Canada. In exchange, the Fund acquires intellectual property information and state-of-the-art technology which it disseminates to Canadian firms, industries and individuals to improve economic performance, competitiveness and to stimulate further invention and innovation.

The Fund was established on April 1, 1994. The authority to make expenditures out of the Consolidated Revenue Fund, was granted on February 22, 1994 and had an authorized limit of \$15 million. During the fiscal year ended March 31, 2002, the Fund's authorized limit was reduced from \$15,000,000 to \$5,000,000. The Fund has continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for working capital, capital acquisitions and temporary financing of accumulated operating deficits. The Fund may retain surpluses to continue to automate operations.

The Fund is not subject to income taxes.

2. Significant accounting policies

The financial statements have been prepared in accordance with the reporting requirements for revolving funds described by the Receiver General for Canada. The basis of accounting used in these financial statements differs from Canadian generally accepted accounting principles because:

- services received without charge from other government departments are not reported as expenses;
- vacation pay and employee termination benefits liability are based on management's estimates rather than based on actuarial valuations; and
- contingent liabilities are disclosed rather than recorded.

The significant accounting policies are as follows:

a. Revenue recognition

Fees received for processing patent, trade-mark and industrial design applications are recorded as deferred revenues until services are rendered, at which time they are recorded as revenue. Detailed inventory counts of applications are used to determine the amount of deferred revenue taking into account the fee schedule related to the application. Different rates may be charged depending of the size of the entity. Abandonments during the application process are recorded as earned revenue. When work is completed prior to the receipt of the fee, the amount is recorded as unbilled revenue. Fees are prescribed by various Orders in Council.

b. Capital assets and amortization

Capital assets are recorded at cost. Capital assets are amortized on a straight-line basis over their estimated useful lives, beginning in the month after acquisition, as follows:

Leasehold improvements5 yearsSoftware3 yearsHardware3-5 yearsEquipment10 yearsFurniture10 years

Systems Estimated useful life, beginning in the year of deployment

Canadian Intellectual Property Office Revolving Fund — Continued

Notes to the financial statements for the year ended March 31, 2014 — Continued

c. Employee termination benefits

Employees of the Fund are entitled to specified termination benefits, calculated based on salary levels in effect at the time of termination as provided for under collective agreements and conditions of employment. These benefits are accrued as employees render the services necessary to earn them. In Budget 2012, the Government of Canada announced that it was eliminating the accumulation of termination benefits for voluntary resignation and retirement for federal government employees. As part of the implementation of this measure, collective agreements are providing three options to address the balances accumulated to date. These include:

- (1) a single payment at the rate of pay of the employee's substantive position as of the coming into force of the collective agreement, or
- (2) a single payment at the time of the employee's termination of employment from the core public administration, based on the rate of pay of the employee's substantive position at the date of termination of employment from the core public administration, or
- (3) a combination of (1) and (2).

With the introduction of options (1) and (3), the Fund has been and will be required to draw down on the Employee Termination Benefit liability as the collective agreements come into force.

d. Pension plan

Employees of the Fund are covered by the Public Service Superannuation Plan administered by the Government of Canada. Under present legislation, contributions made by the Fund to the Plan are limited to an amount equal to the employee's contributions on account of current service. These contributions represent the total pension obligations of the Fund and are charged to operations on a current basis. The Fund is not required under present legislation to make contributions with respect to actuarial deficiencies of the Public Service Superannuation Account and/or with respect to charges to the Consolidated Revenue Fund for the indexation of payments under the Supplementary Retirement Benefits Act.

e. Use of estimates

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Revenues, the estimated useful lives of capital assets and salary related liabilities are the most significant items for which estimates are used. Actual results could differ from these estimates. These estimates are reviewed annually and as adjustments become necessary, they are recorded in the financial statements in the period in which they become known.

Total	52,212	1,989		275	53,926
Net book value.	4,155				3,955

⁽¹⁾ An adjusting entry of \$240,373 was recorded in acquisitions in fiscal year 2013-2014 to account for equipment that had been purchased in prior years but had not been capitalized. Since these acquisitions were for assets that had attained their expected useful life, an equivalent amount was recorded in the accumulated amortization account. This transaction had no impact on Canadian Intellectual Property Office's cash position for fiscal year 2013-2014, as the original disbursement was made in prior years. The acquisitions cost and amortization net of the adjustments is \$1,549,099 and \$1,748,966, respectively.

4. Employee termination benefits

As a result of the elimination of the accumulation of termination benefits and the subsequent introduction of the three options to address the accumulated balances, which were summarized in Note 2, the Fund was required to pay out \$6,315,213 during fiscal year 2013-2014. The Employee Termination Benefit liability had been adjusted accordingly.

	2014	2013
	(in thousands o	f dollars)

Deferred revenues (short term)	(2,869)	(1,502)
	(4,773)	(4,272)

8. Related party transactions

Through common ownership, the Fund is related to all Government of Canada created departments, agencies and Crown corporations. Payments for accommodation, translation, legal services, compensation and benefits services, mail services, security services and mainframe and computing services are made to related parties in the normal course of business.

9. Insurance

The Fund does not carry insurance on its property. This is in accordance with the Government of Canada policy of self-insurance.

10. Contingencies

Sick leave

Employees are permitted to accumulate unused sick leave. However, such leave entitlements do not vest and can be used only in the event of illness. The amount of accumulated sick leave entitlements which will become payable in future years cannot reasonably be determined and accordingly have not been recorded in the accompanying financial statements. Payments of sick leave benefits are included in current operations as incurred.

Canadian Pari-Mutuel Agency Revolving Fund

Statement of Management Responsibility

We have prepared the accompanying financial statements of the Canadian Pari-Mutuel Agency Revolving Fund as required by and in accordance with the policy of Treasury Board on Special Revenue Spending Authorities. These financial statements were prepared by the management of the Fund in accordance with the significant accounting policies set out in Note 2 of the statements, on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. The information included in these financial statements is based on management's best estimates and judgement with due consideration given to materiality. To fulfil its accounting and reporting responsibilities, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information submitted to the *Public Accounts of Canada* and included in the department's Departmental Performance Report is consistent with that in these financial statements.

The Fund's Corporate Services division develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. The Fund maintains systems of financial management and internal control which gives due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized by Parliament, are executed in accordance with prescribed regulations, and are properly recorded to maintain accountability of Government funds and safeguard the assets under the Fund's administration. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Management has presented the financial statements to an external auditing firm, which has audited them and has provided an independent opinion that has been appended to these financial statements.

Canadian Pari-Mutuel Agency Revolving Fund — Continued

May 28, 2014

Independent Auditor's Report

To the Assistant Deputy Minister, Corporate Management, Agriculture and Agri-Food Canada

We have audited the accompanying financial statements of the Canadian Pari-Mutuel Agency Revolving Fund, which comprise the statement of financial position as at March 31, 2014, and the statements of operations and net assets, and cash flow for the year then ended, and the related notes, which comprise a summary of significant accounting policies and other explanatory information.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Section 6.4 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Canadian Pari-Mutuel Agency Revolving Fund as at March 31, 2014 and the results of its operations and its cash flows for the year then ended in accordance with Section 6.4 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities.

Emphasis of matter

Without modifying our opinion, we draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared solely for the information and use of the Canadian Pari-Mutuel Agency Revolving Fund and the Treasury Board of Canada for reporting on the use of the Fund's authority. The financial statements are not intended to be and should not be used by anyone other than the specified users or for any other purpose.

Canadian Pari-Mutuel Agency Revolving Fund — Continued

Notes to the financial statements for the year ended March 31, 2014

1. Authority and purpose

The Canadian Pari-Mutuel Agency Revolving Fund ("CPMA" or the "Fund") was established under *Appropriation Act No. 1, 1970*, which authorized the operation of the Fund in the current and subsequent fiscal years in accordance with terms and conditions prescribed by the Treasury Board of Canada ("Treasury Board") for the purpose of providing race track supervision in Canada. The *Appropriation Act No. 1, 1970* was repealed and replaced by section 2 of the *Revolving Funds Act* in 1985.

CPMA has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for working capital, capital asset acquisitions and temporary financing of accumulated operating deficits, the total of which is not to exceed \$2,000,000 at any time.

CPMA's mandate is to regulate and supervise pari-mutuel betting at racetracks across Canada, thereby ensuring that pari-mutuel betting is conducted in a way that is fair to the betting public.

CPMA is not subject to income tax under the provisions of the *Income Tax Act*.

On March 21, 2012, CPMA received an allotment transfer from the Treasury Board Vote 30 (Paylist Requirements) in the amount of \$503,000. This increase in available authority is for the provision to eliminate the accumulation of severance for voluntary termination for CPMA employees who have opted for the immediate cash-out of accumulated severance pay. CPMA is to repay Treasury Board over 10 years, starting in the fiscal year ended March 31, 2013.

2. Significant accounting policies

These financial statements have been prepared in accordance with the significant accounting policies issued by the Treasury Board and the reporting requirements of the Receiver General for Canada. The basis of accounting used in these financial statements differs from Canadian generally accepted accounting principles for the public sector because the employees' vacation pay is based on management's estimates of the liabilities rather than based on actuarial valuations.

The significant accounting policies are as follows:

a. Use of estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. The more significant areas requiring the use of estimates relate to employee vacation pay, employee termination benefits, accrued liabilities, the allowance for doubtful accounts and the estimated useful lives of capital assets. Actual results could differ from these estimates. These estimates are reviewed annually and as adjustments become necessary, they are recorded in the financial statements in the year in which they become known.

b. Accounts receivable

Accounts receivable are stated at amounts expected to be ultimately realized; a provision is made for receivables when a recovery is considered uncertain.

c. Revenue recognition

Revenues are generated through a levy of 0.8 percent applied to every dollar bet at Canadian racetracks.

d. Capital assets

Capital assets are recorded at cost and are amortized from the year of the acquisition on a straight-line basis over their estimated useful lives as follows:

Furniture and equipment
Electronic data processing equipment
Automotive
Buildings
Assets under construction
Leasehold improvements

10 to 15 years 3 to 5 years 8 to 10 years 20 to 25 years Once in service, in accordance with asset class

Lesser of the remaining of the occupancy instrument or useful life of the improvement

Canadian Pari-Mutuel Agency Revolving Fund — Continued

Notes to the financial statements for the year ended March 31, 2014 — Continued

e. Pension plan

Employees of CPMA are covered by the *Public Service Superannuation Act* and the *Supplementary Retirement Benefits Act*. The Government of Canada's portion of the pension cost is included in the employee benefits charge assessed against CPMA. The actual payment of the pension is made from the Public Service Superannuation and the Supplementary Retirement Benefits Account. CPMA is not required under the present legislation to make contributions with respect to actuarial deficiencies.

f. Vacation pay

Vacation pay is expensed as the benefits accrue to employees under their respective terms of employment.

g. Employee termination benefits

Employees of CPMA are entitled to specified termination benefits, calculated based on salary levels in effect at the time of termination as provided for under collective agreements and conditions of employment. The cost of these benefits is recorded in the accounts as the benefits accrue to the employees. The liability relating to the benefits earned by CPMA employees is calculated using information derived from the results of the actuarially determined liability for employee termination benefits for the Government of Canada as a whole.

h. Sick leave

Employees are permitted to accumulate unused sick leave. However, such leave entitlements may only be used in the event of an illness. Unused sick leave upon employee termination is not payable to the employee. Accordingly, no amounts have been recorded in CPMA's financial statements in regards to unused sick leave.

3. Accounts receivable — outside parties

Outside parties accounts receivable are as follows:

	2014	2013
	(in thousands of	of dollars)
Receivables.	274	312

Total	2,958	417	(298)	3,077
Net book value.	1,948			1,531

5. Employee termination benefits liability

The Fund provides termination benefits to its employees based on eligibility, years of service and salary at termination of employment. These termination benefits are not pre-funded and will be paid from future authorities.

As part of collective agreement negotiations with certain employee groups, and changes to conditions of employment for executives and certain non-represented employees, the accumulation of termination benefits under the employee termination pay program ceased for these employees commencing in 2011. Employees subject to these changes have been given the option to be immediately paid the full or partial value of benefits earned to date or collect the full or remaining value of benefits on termination from the public service. These changes have been reflected in the calculation of the outstanding termination benefit liability.

	2014	2013

	(in thousands	of dollars)
Accumulated net charge against the Fund's authority	(5,357)	(3,855)
Accumulated surplus	6,601	4,745
	1,244	890

Accumulated net charge against the Fund's authority

The accumulated net charge against the Fund's authority is the non-lapsing authority amount that has been used since the inception of the Fund.

Accumulated surplus

The accumulated surplus is an accumulation of each year's surpluses and deficits including the absorption of the opening net assets upon establishment of the Fund.

7. Contractual obligations

CPMA leases its premises under occupancy instruments. An occupancy instrument is a formal agreement between CPMA and Public Works and Government Services Canada recording the terms and conditions that govern the provision and occupancy of the accommodation. CPMA is also engaged in contractual obligations for rental of equipment. Expected future payments are as follows:

	(in thousands of dollars)
2015	145
2016	
2017	
2018	29
2019 and thereafter	94

8. Changes in current assets and liabilities

	2014	2013
_	(in thousands o	of dollars)
Cash in transit	(48)	30
Government of Canada	35	(26)
Outside parties — accounts receivable	38	(24)
Prepaid expenses	(12)	
Accounts payable and accrued liabilities		
Government of Canada	(8)	28
Outside parties — accounts payable	(557)	468
Outside parties — vacation pay	(32)	(16)
_	(584)	460

9. Contingent liabilities

In the normal course of its operations, the CPMA becomes involved in various legal actions. Some of these potential liabilities may become actual liabilities when one or more future events occur or fail to occur. To the extent that the future event is likely to occur or fail to occur, and a reasonable estimate of the loss can be made, an estimated liability is accrued and an expense is recorded in the financial statements.

Canadian Pari-Mutuel Agency Revolving Fund — Concluded

Notes to the financial statements for the year ended March 31, 2014 — Concluded

10. Economic dependence

CPMA is funded solely by a federal levy on pari-mutuel betting in Canada on horse racing, a significant portion of which is generated by the largest racetrack in Canada - the Woodbine Racetrack ("Woodbine") in Toronto, Ontario.

Woodbine generated \$5,416,424 (2013 — \$5,644,044) or 53 percent (2013 — 53 percent) of CPMA's total pari-mutuel levy for the year ending March 31, 2014. As at March 31, 2014, \$111,848 (2013 — \$104,785) or 41 percent (2013 — 34 percent) of CPMA's accounts receivable were owed from this organization.

CORCAN Revolving Fund

Statement of Management Responsibility

We have prepared the accompanying financial statements of the CORCAN Revolving Fund as required by and in accordance with the policy of Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. These financial statements were prepared by the management of the Fund in accordance with the significant accounting policies set out in Note 2 of the statements, on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. To assure maximum objectivity and freedom from bias, the financial data contained in these financial statements has been examined by the audit committee of the Department. The information included in these financial statements is based on management's best estimates and judgement with due consideration given to materiality. To fulfil its accounting and reporting responsibilities, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information submitted to the *Public Accounts of Canada* and included in the Departmental Performance Report is consistent with these financial statements.

The Fund's directorate of financial services develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. The Fund maintains systems of financial management and internal control which gives due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized by Parliament, are executed in accordance with prescribed regulations, and are properly recorded to maintain accountability of Government funds and safeguard the assets under the Fund's administration. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Management has presented the financial statements to the Fund's external auditor, Ernst & Young, who audited them and has provided an independent opinion which has been appended to these financial statements.

Independent Auditors' Report

To the Commissioner of Correctional Service Canada

We have audited the accompanying financial statements of the CORCAN Revolving Fund, which comprise the statement of financial position as at March 31, 2014, the statements of operations and net assets, and statement of cash flow for the year then ended, and a summary of significant accounting policies and other explanatory information. These financial statements have been prepared by management of the CORCAN Revolving Fund to comply with section 6.4 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities.

Management's responsibility for the financial statements

Management is responsible for the preparation of these financial statements in accordance with section 6.4 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained in our audit is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements of the CORCAN Revolving Fund as at and for the year ended March 31, 2014 are prepared, in all material respects, in accordance with section 6.4 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities.

Basis of accounting and restriction on use

Without modifying our opinion, we draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared to assist the CORCAN Revolving Fund to comply with the financial reporting provisions of the Treasury Board of Canada referred to above. Our auditors' report is intended solely for the information and use of the CORCAN Revolving Fund and the Treasury Board of Canada and should not be used by parties other than CORCAN Revolving Fund or the Treasury Board Canada.,

Notes to the financial statements for the year ended March 31, 2014

1. Authority and purpose

The CORCAN Revolving Fund ("CORCAN" or "the Fund") is a special operating agency within Correctional Service Canada ("CSC") financed by way of a Revolving Fund. CORCAN was established under *Appropriation Act No. 4, 1991-92*, which authorized the operation of the Fund effective April 1, 1992 in accordance with terms and conditions prescribed by the Treasury Board of Canada ("Treasury Board"). CORCAN's purpose is to aid in the safe reintegration of offenders into Canadian society by providing employment and training opportunities to offenders incarcerated in federal penitentiaries and, for brief periods of time, after they are released into the community. The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for working capital, capital acquisitions and temporary financing of accumulated operating deficits, the total of which is not to exceed \$5,000,000 at any time. An amount of \$15,218,000 representing net assets assumed by the Fund was charged to this authority when the Fund became operative on April 1, 1992. The Fund is a non-taxable entity.

2. Significant accounting policies

a. Basis of accounting

These financial statements have been prepared in accordance with the significant accounting policies set out below to comply with the Treasury Board's reporting requirements for revolving funds prescribed by the Receiver General for Canada. The basis of accounting used in these financial statements differs from Canadian generally accepted accounting principles as follows:

- Employee's vacation pay liability is based on management's estimates of the liability. Termination benefit liability is based on valuations provided by Treasury Board to management.
- Funding for capital assets received from the Treasury Board at inception of the Fund is recorded as contributed capital and not as a reduction of the cost of capital assets.
- Services received without charge from other government departments are not reported as expenses.

b. Recognition of revenues and expenses

Except as noted below, the Fund recognizes revenue when persuasive evidence of a final agreement exists, delivery has occurred and services have been rendered, the selling price is fixed or determinable and collectability is reasonably assured.

Revenues is accounted for in the period in which the underlying transaction or event occurred that gave rise to the revenue. Revenue that has been received but not yet earned is recorded as deferred revenue.

For construction contracts, the percentage of completion method of accounting is used. Degree of completion is determined by comparing direct costs incurred to date to the total direct costs anticipated for the entire contract. The effect of changes to the total estimated income for each contract is recognized in the period in which the determination is made and losses, if any, are recognized fully when anticipated.

Expenses are recorded in the period they are incurred. Vacation pay and compensatory leave are expensed as the benefits accrued to employees under their respective terms of employment.

c. Net cash provided by government

CORCAN operates within the Consolidated Revenue Fund, which is administered by the Receiver General of Canada. All cash received by CORCAN is deposited to the Consolidated Revenue Fund and all cash disbursements made by CORCAN are paid from the Consolidated Revenue Fund. The net cash provided by the federal government is the difference between all cash receipts and all cash disbursements including transactions between departments of the federal government.

d. Accounts receivable

Accounts receivable are stated at amounts expected to be ultimately realized; an allowance is made for receivables where recovery is considered uncertain.

Notes to the financial statements for the year ended March 31, 2014 — Continued

e. Inventories

Raw materials, finished goods and work in progress inventories are valued at the lower of cost and net realizable value. The Fund makes provisions for obsolete inventory on a site by site basis.

f. Capital assets

Capital assets with an initial cost of \$10,000 or greater are recorded at cost and are amortized on a straight-line basis over their estimated useful lives commencing in the month after they are put into service, as follows:

Equipment 10 years

Leasehold improvements Term of the lease

Vehicle fleet 5 years Other 3 years

g. Pension plan

Employees of the Fund are covered by the Public Service Retirement Pension Plan (the "Plan") administered by the Government of Canada. Under present legislation, contributions made by the Fund to the Plan are limited to an amount equal to the employee's contributions on account of current service. These contributions represent the total pension obligations of the Fund and are charged to operations on a current basis. The Fund is not required under present legislation to make contributions with respect to actuarial deficiencies of the Public Service Superannuation Account and/or with respect to charges to the Consolidated Revenue Fund for the indexation of payments under the *Supplementary Retirement Benefits Act*.

h. Employee termination benefits

Employees of CORCAN, as stipulated under their collective agreement, are entitled to termination benefits under labour contracts or conditions of employment. These benefits are accrued as employees render the necessary services. The obligation relating to the benefits earned by employees is calculated using information derived from the results of the actuarially determined liability for employee termination benefits for the government as a whole.

i. Sick leave

Employees are permitted to accumulate unused sick leave. However, such leave entitlements may only be used in the event of an illness. As per current government practice, unused sick leave upon employee termination is not payable to the employee. Accordingly, no amount has been accrued in these financial statements.

j. Financial instruments

The fair value of the financial instruments approximates costs unless otherwise specified. The Fund's financial instruments consist of accounts receivable and accounts payable. It is management's opinion that the Fund is not exposed to significant interest, currency or credit risks arising from these financial instruments.

k. Measurement uncertainty

The preparation of these financial statements in accordance with the Treasury Board's accounting policies requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue and expenses reported in the financial statements. At the time of preparation of these statements, management believes the estimates and assumptions used to be reasonable. The most significant items where estimates are used are the liability for employee termination benefits and the useful lives of capital assets. Actual results could significantly differ from these estimates. Management's estimates are reviewed periodically and, as adjustments become necessary, they are recorded in the financial statements in the period they become known.

3. Related party transactions

CORCAN is related as a result of common ownership to all Government of Canada departments, agencies, and Crown corporations. CORCAN enters into transactions with these entities in the normal course of business and on normal trade terms.

Notes to the financial statements for the year ended March 31, 2014 — Continued

During the year, CSC, the parent organization of CORCAN, has provided and will continue to provide CORCAN with the use of existing infrastructure including buildings and shops as well as maintenance of said facilities, financial systems, human resource services and corporate financial services. The cost of these services is not included as an expense in CORCAN's Statement of Operations and Net Assets.

The Correctional and Training fee's purpose is to offset salary and operating costs that cannot be recovered by CORCAN through the sale of goods and services due to the correctional environment in which it operates.

The Government of Canada has structured some of its administrative activities for efficiency and cost- effectiveness purposes so that one department performs these on behalf of all without charge. The costs of these services, which include payroll, IT desktop and other telecommunication support and services, cheque issuance services and legal services provided by Public Works and Government Services Canada, Shared Services Canada and Justice Canada, are not included as an expense in CORCAN's Statement of Operations and Net Assets.

CORCAN entered into the following transactions with the CSC and other government departments:

		2014	2013
		(in thousand	ds of dollars)

		=		

The amortization expense for the year was \$1,854,000 (2013 — \$2,121,000).

In April 2012, the Government of Canada announced it would close operations at three Correctional Service Canada sites, including Leclerc Institution. The closures were completed in September 2013 as planned. The net book value of all capital assets at the Leclerc Institution owned by CORCAN as of March 31, 2014, were written down to \$1,380,000 to reflect their estimated market value net of expected selling costs. This represents an impairment loss of \$315,493 recorded in the Statement of Operations in the current year. There were no other CORCAN capital assets at the other two sites.

7. Accounts payable

	6,852	2013
	(in thousand	s of dollars)
Government of Canada	983	2,642
Outside parties	6,852	6,587
	7,835	9,229

Notes to the financial statements for the year ended March 31, 2014 — Continued

8. Employee future benefits

Pension benefits: CORCAN's employees participate in the Public Service Pension Plan ("PSPP"), which is sponsored and administered by the Government of Canada. Pension benefits accrue up to a maximum period of 35 years at a rate of 2 percent per year of pensionable service, times the average of the best five consecutive years of earnings. The benefits are integrated with Canada/Quebec Pension Plans' benefits and they are indexed to inflation.

Both plan members and CORCAN contribute to the cost of the Plan. Effective January 2013, important changes were made to the *Public Service Superannuation Act* (the act governing the PSPP) through the *Jobs and Growth Act*, 2012, including:

- Contribution rates for all active and future public service pension plan members were increased effective January 2013
 with the objective of reaching a more balanced cost-sharing ratio for employer/plan member contribution of 50:50
 overtime; and
- The age at which a new employee who began participating in the public service pension plan on or after January 1, 2013 can receive an unreduced pension benefit was raised from age 60 to 65.

CORCAN's responsibility with regards to the Plan is limited to its contributions. Actuarial surpluses or deficiencies are recognized in the financial statements of the Government of Canada, as the Plan's sponsor.

Termination Benefit: following the ratification of new collective agreements, the unionized employees in the Core Public Administration have accepted the elimination of severance benefits for voluntary separation, namely for retirement or resignation. The Treasury Board had subsequently eliminated severance benefits for voluntary separation for the executive and non-represented employees. At March 31, 2014, there were no CORCAN employees with collective agreements where severance pay had not been eliminated.

Employees were given three payment options: a single and immediate cash-out of their severance pay, a deferral of this payment to when they terminate their employment or a combination of both options.

As of March 31, 2014, 340 payments have been processed for CORCAN employees who have opted for an immediate single or partial severance payment.

Information about the termination benefits, measured as at March 31, is as follows:

	2014	2013
	(in thousand	s of dollars)
Accrued benefit obligation, beginning of the year.	2,269	2,206
Expenses for the year	67	469
Benefits paid during the year	(1,089)	(406)
Accrued benefit obligation, end of the year.	1,247	2,269

9. Contractual obligations

CORCAN is committed to pay under the terms of lease agreements for a total amount of \$3,552,390. These commitments are related to the Kingston warehouse, the lease for national corporate office space and other minor commitments. The amount paid during the year was \$1,131,000 (2013 — \$1,127,000).

Future yearly payment amounts are estimated as follows:

	(in thousands of dollars)
2014	. 1,500
2015	. 1,298
2016	. 624
2017	. 124
2018 and thereafter	6

CORCAN Revolving Fund — *Continued*

Notes to the financial statements for the year ended March 31, 2014 — Continued

10. Net assets

	2014	2013
	(in thousan	ds of dollars)
Contributed capital		30,542
Accumulated net charges against the Fund's authority	(7,870)	(10,322)
Accumulated deficit	(11,631)	(9,040)
Net assets, end of year	11,041	11,180

Contributed capital represents the value of capital assets financed from contributed capital at the inception of the Fund.

Accumulated net charge against the Fund's authority represents the amount of the Fund's non-lapsing authority that has been used (provided) since inception of the Fund.

The accumulated deficit is an accumulation of each year's surpluses (losses).

1. 48 Financial Statements of Revolving Funds

Defence Production Revolving Fund — Concluded

Notes to the financial statements (unaudited) for the year ended March 31, 2014

1. Authority and purpose

The Defence Production Revolving Fund ("the Fund") was established by Section 15 of the *Defence Production Act*. It was established in 1951 for the purpose of:

- (a) financing the stockpiling of defence supplies or strategic materials;
- (b) making loans or advances to aid in defence procurement, such as working capital loans for advance payments on contracts, but not including loans or advance payments for capital purposes; and
- (c) permitting initial payments for defence supplies which can be promptly billed to a Government department, agency or an associated government in advance of delivery of goods.

The Adjustment of Accounts Act (S.C. 1980, c.17) had the effect of creating a separate Defence Production Loan Account for loans or advances authorized under the Defence Production Act, item (b) above.

The Fund and the Defence Production Loan Account have a joint continuing non-lapsing authority from the Parliament to make payments out of the Consolidated Revenue Fund, the total of which is not to exceed \$100,000,000 at any time.

Geomatics Canada Revolving Fund

Statement of Management Responsability

The accompanying financial statements of the Geomatics Canada Revolving Fund have been prepared as required by and in accordance with Treasury Board of Canada Secretariat accounting standards which are consistent with Canadian generally accepted principles for the public sector. They were prepared by the management of the Fund in accordance with the significant accounting policies set out in Note 2 of the statements, on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. The information included in these financial statements is based on management's best estimates and judgement with due consideration given to materiality. To fulfill its accounting and reporting responsibilities, the Fund maintains a set of accounts, which provides a centralized record of the Fund's financial transactions and benefits from the advice of accounting personnel of Corporate Management and Services Sector (CMSS). Financial information contained in the ministerial statements and elsewhere in the *Public Accounts of Canada* is consistent with that in these financial statements, unless indicated otherwise.

CMSS develops and disseminates financial management and accounting policies and issues specific directives, which maintain standards of accounting and financial management. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. Financial management and internal control systems are maintained at appropriate costs and are augmented by the maintenance of internal audit programs. Management also seeks to assure the objectivity and integrity of data in its financial statements. This is accomplished by a careful selection, training and development of qualified staff, organizational arrangements that provide appropriate divisions of responsibility and communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

In order to assure maximum objectivity and freedom from bias, an external auditor has examined the financial data contained in these financial statements. Its role is to express an informed judgment as to whether the Fund's financial statements, considered in their entirety, present fairly, in conformity with stated accounting policies, the Fund's financial condition and transactions. This judgment is based on procedures described in the opinion appended to these financial statements.

Approved by:

Marc Bélisle, CPA, CA Corporate Management and Services Sector Deputy Chief Financial Officer

Kami Ramcharan, CMA Assistant Deputy Minister, Corporate Management and Services Sector Chief Financial Officer

Geomatics Canada Revolving Fund — Continued

Independent Auditor's Report

To the Assistant Deputy Minister and Chief Financial Officer, Natural Resources Canada

We have audited the accompanying financial statements of Geomatics Canada Revolving Fund (the "Fund"), which comprise the statement of financial position as at March 31, 2014, and the statements of operations and net liabilities, accumulated surplus and cash flow for the year then ended, and a summary of significant accounting policies and other explanatory information. The financial statements have been prepared by management of the Fund based on the financial reporting provisions of Section 6 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements in accordance with the financial reporting provisions of Section 6 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements of the Fund for the year ended March 31, 2014 are prepared, in all material respects, in accordance with Section 4 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities.

Basis of Accounting and Restriction on Use

Without modifying our opinion, we draw attention to Note 2 to the financial statements, which describe the basis of accounting. The financial statements have been prepared to assist the management of the Fund and the Treasury Board Secretariat for reporting on the use of the Fund authority. As a result, the financial statements may not be suitable for another purpose. Our report is intended solely for the management of the Fund and the Treasury Board Secretariat and should not be used by parties other than the management of the Fund and the Treasury Board Secretariat.

Geomatics Canada Revolving Fund — Continued

Notes to the financial statements for the year ended March 31, 2014

1. Authority and purpose

The Geomatics Canada Revolving Fund (the Fund) was originally established under *Appropriation Act No. 3, 1993-1994*. It was called "Surveys, Mapping and Remote Sensing Sector Revolving Fund" and approval was conditional on specified conditions. The purpose of the Fund was to shift the costs of offering goods and services from taxpayers to those specific users who directly benefit from them. Subsequently, on December 8, 1994, the "Surveys, Mapping and Remote Sensing Sector Revolving Fund" was renamed the "Geomatics Canada Revolving Fund". Having met its specified conditions, permanent continuing authority for the Fund was obtained from and registered with Treasury Board on February 9, 1995.

The Fund has received a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for working capital, capital acquisitions and temporary financing of accumulated operating deficits, the total of which at any time is not to exceed \$5,000,000.

2. Significant accounting policies

a. Basis of accounting

The financial statements have been prepared in accordance with the reporting requirements for revolving funds described by the Receiver General for Canada. The basis of accounting used in these financial statements differs from Canadian Public Sector Accounting Standards because: services received without charge from other government departments are not reported as expenses; the expenses and liability for termination benefits excludes the portion not funded by the Fund; and contingent liabilities are disclosed rather than recorded.

b. Use of estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates. These estimates are reviewed annually and as adjustments become necessary, they are recorded in the financial statements in the period in which they become known. The most significant estimates used in the preparation of the financial statements are the amount of accrued liabilities, the estimated useful lives of capital assets and the allowance for doubtful accounts.

c. Revenue recognition

Revenues are recognized when products are sold or services rendered. For multi-year contracts, revenues are recognized on a straight-line basis over the term of the contract.

d. Inventory

The inventory of maps is valued at the lower of cost or net realizable value, with cost being determined using the weighted average cost of each title.

e. Capital assets

Capital assets purchased by the Fund since April 1, 1994 are recorded at cost. These assets are amortized on a straight-line basis over their estimated useful lives, commencing with the month subsequent to acquisition. The estimated useful lives of these assets are as follows:

Computer equipment2 to 5 yearsFurniture10 yearsMechanical equipment10 yearsOffice equipment5 yearsPrinting equipment8 yearsScientific equipment10 years

Geomatics Canada Revolving Fund — Continued

Notes to the financial statements for the year ended March 31, 2014 — Continued

f. Pension plan

The *Public Service Superannuation Act* and the *Supplementary Retirement Benefits Act* cover employees of Natural Resources Canada whose salaries and other benefits are paid by the Fund. The Government's portion of the pension cost is included in the employee benefits expenses assessed against the Fund. Actual pension payments are made from the Public Service Superannuation and Supplementary Retirement Benefits Accounts.

g. Employee termination benefits

Employees of the Fund are entitled to specified termination benefits, calculated based on salary levels in effect at the time of termination as provided for under collective agreements and conditions of employment. The costs for benefits earned, as these accrue to employees, are recorded in the accounts.

h. Corporate and sector services

Corporate and sector overheads include administrative, management and various other costs incurred in the direct provision of services to the Fund. The allocation is based on predetermined overhead rates, which vary with the number of employees (salary), or the number of business units (Sector or Corporate components).

9. Related party transactions

Through common ownership, the Geomatics Canada Revolving Fund is related to all Government of Canada Departments, Agencies and Crown Corporations. The Fund enters into transactions with such entities in the normal course of business which have been recorded at the exchange amount.

10. Contingencies

Sick leave

Employees are permitted to accumulate unused sick leave. However, such leave entitlements do not vest and can be used only in the event of illness. The amount of accumulated sick leave entitlements, which will become payable in future years cannot be reasonably determined and accordingly have not been recorded in the financial statements. Payments of sick leave benefits are included in current operations as incurred.

National Film Board Revolving Fund

Statement of Management Responsibility

Responsibility for the integrity and objectivity of the accompanying financial statements for the year ended March 31, 2014, and all information contained in these statements rests with the management of the National Film Board (the "Board"). These financial statements have been prepared by management using the Government's accounting policies, which are based on Canadian public sector accounting standards.

Management is responsible for the integrity and objectivity of the information in these financial statements. Some of the information in the financial statements is based on management's best estimates and judgment, and gives due consideration to materiality. To fulfill its accounting and reporting responsibilities, management maintains a set of accounts that provides a centralized record of the Board's financial transactions. Financial information submitted in the preparation of the *Public Accounts of Canada*, and included in the Board's Departmental Performance Report, is consistent with these financial statements.

Management is also responsible for maintaining an effective system of internal control over financial reporting (ICFR) designed to provide reasonable assurance that financial information is reliable, that assets are safeguarded and that transactions are properly authorized and recorded in accordance with the *Financial Administration Act* and other applicable legislation, regulations, authorities and policies.

Management seeks to ensure the objectivity and integrity of data in its financial statements through careful selection, training and development of qualified staff; through organizational arrangements that provide appropriate divisions of responsibility; through communication programs aimed at ensuring that regulations, policies, standards, and managerial authorities are understood throughout the Board and through conducting an annual risk-based assessment of the effectiveness of the system of ICFR.

The system of ICFR is designed to mitigate risks to a reasonable level based on an ongoing process to identify key risks, to assess effectiveness of associated key controls, and to make any necessary adjustments.

The Board will be subject to periodic Core Control Audits performed by the Office of the Comptroller General and will use the results of such audits to adhere to the Treasury Board Policy on Internal Control.

In the interim, the Board has undertaken a risk-based assessment of the system of ICFR for the year ended March 31, 2014, in accordance with the Treasury Board Policy on Internal Control, and the results and action plan are summarized in the annex which can be found on the National Film Board Website.

The Office of the Auditor General, the independent auditor for the Government of Canada, has expressed an opinion on the fair presentation of the financial statements of the Board which does not include an audit opinion on the annual assessment of the effectiveness of the Board's internal controls over financial reporting.

National Film Board Revolving Fund — Continued

Independent Auditor's Report

To the Minister of Canadian Heritage and Official Languages

Report on the Financial Statements

I have audited the accompanying financial statements of the National Film Board, which comprise the statement of financial position as at March 31, 2014, and the statement of operations and departmental net financial position, statement of change in departmental net debt and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements present fairly, in all material respects, the financial position of National Film Board as at March 31 2014, and the results of its operations, changes in its net debt, and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Report on Other Legal and Regulatory Requirements

In my opinion, the transactions of National Film Board that have come to my notice during my audit of the financial statements have, in all significant respects, been in accordance with the *National Film Act* and the by-laws of the National Film Board.

René Béliveau, CPA auditor, CA Principal, for the Auditor General of Canada

Notes to the financial statements for the year ended March 31, 2014

1. Authority and purposes

The National Film Board was established in 1939 under the *National Film Act* and is the agency responsible for administering the Act.

The National Film Board (the "Board") is a cultural agency named in Schedule I.1 of the *Financial Administration Act* reporting to the Minister of Canadian Heritage and Official Languages. It is administered by a Board of Trustees appointed by the Governor in Council and chaired by the Government Film Commissioner.

The Board's legislative mandate is to initiate and promote the production and distribution of films in the national interest and, in particular:

- to produce and distribute and to promote the production and distribution of films designed to interpret Canada to Canadians and to other nations:
- to represent the Government of Canada in its relations with persons engaged in commercial motion picture film activity in connection with motion picture films for the Government or any department thereof;
- to engage in research in film activity and to make available the results thereof to persons engaged in the production of films;
- to advise the Governor in Council in connection with film activities;
- to discharge such other duties relating to film activity as the Governor in Council may direct it to undertake.

The Board is not subject to income taxes.

2. Significant accounting policies

These financial statements have been prepared using the Government's accounting policies stated below, which are based on Canadian public sector accounting standards. The presentation and results using the stated accounting policies do not result in any significant differences from Canadian public sector accounting standards.

Significant accounting policies are as follows:

a. Parliamentary authorities

Operations are funded through a permanent authority from Parliament (Revolving Fund) and Parliamentary authorities voted annually.

The Revolving Fund allows the Board to make payments out of the Consolidated Revenue Fund for working capital, interim financing of operating costs and capital assets acquisitions. This authority requires that the aggregate of admissible working capital and net book value of capital assets does not exceed \$15,000,000.

The Board is also financed in part by the Government of Canada through Parliamentary authorities. The authorities are voted annually to replenish the Revolving Fund for net acquisitions of capital assets and the admissible cost of operations. Financial reporting of authorities provided to the Board does not parallel financial reporting according to generally accepted accounting principles, since authorities are primarily based on cash flow requirements. Consequently, items recognized in the Statement of Operations and Departmental Net Financial Position and in the Statement of Financial Position are not necessarily the same as those provided through authorities from Parliament. Note 3 provides reconciliation between the two bases of reporting. The planned results amounts presented in the Statement of Operations and Departmental Net Financial Position are the amounts reported in the future-oriented financial statements included in the 2013-2014 Report on Plans and Priorities.

Each year, the Board presents information on planned expenditures to Parliament through the tabling of Estimates publications. These estimates result in the introduction of supply bills (which, once passed into legislation, become appropriation acts) in accordance with the reporting cycle for government expenditures. The Board exercises expenditure initiation processes such that unencumbered balances of budget allotments and appropriations are monitored and reported on a regular basis to help ensure sufficient authority remains for the entire period and appropriations are not exceeded.

Notes to the financial statements for the year ended March 31, 2014 — Continued

Liquidity risk is the risk that the Department will encounter difficulty in meeting its obligations associated with financial liabilities. The Board's objective for managing liquidity risk is to manage operations and cash expenditures within the appropriation authorized by Parliament or allotment limits approved by the Treasury Board.

Consistent with Section 32 of the *Financial Administration Act*, the Board's policy to manage liquidity risk is that no contract or other arrangement providing for a payment shall be entered into with respect to any program for which there is an appropriation by Parliament or an item included in estimates then before the House of Commons to which the payment will be charged, unless there is a sufficient unencumbered balance available out of the appropriation or item to discharge any debt that, under the contract or other arrangement, will be incurred during the fiscal year in which the contract or other arrangement in entered into.

The Board's risk of exposure and its objectives, policies and processes to manage and measure this risk did not change significantly from the prior year.

b. Net cash provided by Government of Canada

The Board operates within the Consolidated Revenue Fund (CRF), which is administered by the Receiver General for Canada. All cash received by the Board is deposited to the CRF and all cash disbursements made by the Board are paid from the CRF. The net cash provided by the Government is the difference between all cash receipts and all cash disbursements including transactions between departments of the federal Government.

c. Due from or to the Consolidated Revenue Fund

Amounts due from or to the Consolidated Revenue Fund (CRF) are the result of timing differences between when a transaction affects the Board's authorities and when it is processed through the CRF. Amounts due from the CRF represent the net amount of cash that the Board is entitled to draw from the CRF without further authorities to discharge its liabilities. This amount is not considered to be a financial instrument.

d. Expense recognition

All expenses are recorded on an accrual basis.

Vacation pay is expensed as the benefits are earned by employees under their respective terms of employment.

e. Production of films and other forms of visual presentations

All production costs are charged to operations in the year in which they are incurred and are shown in the Statement of Operations and Departmental Net Financial Position as follows:

Board's program

All costs incurred for unsponsored productions and co-productions or other forms of visual presentation.

Sponsored production and pre-sale

Part of costs incurred for film productions and co-productions or other forms of visual presentation corresponding to sponsor's contribution. The excess of costs over the sponsor's contribution is charged to the Board's program.

f. Revenues

Revenues from the production of films and other forms of visual presentation are accounted for at an amount equal to the sponsored production and pre-sale costs during the year in which these costs are incurred. Any profit is recognized in the year the production is completed.

Royalty revenues are recognized once all of the Board's obligations have been fulfilled and its expenses have been accounted for, regardless of when the acquirer actually uses the work.

Other revenues are accounted for in the period in which the underlying transaction or event that gave rise to the revenue takes place.

Notes to the financial statements for the year ended March 31, 2014 — Continued

g. Accounts receivable

Accounts receivable are stated at amounts expected to be ultimately realized. A provision is recorded for external parties' accounts receivable where recovery is considered uncertain.

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The Board is not exposed to significant credit risk. The Board provides services to other government departments and agencies and to external parties in the normal course of business. Accounts receivable are due on demand. The Board's maximum exposure to credit risk is equal to the carrying value of its accounts receivable.

h. Inventory

Materials and supplies are valued at cost.

Film prints and other forms of visual presentation held for sale are valued at the lower of cost or net realizable value. The cost of other prints is expensed on a current basis.

i. Tangible capital assets

All tangible capital assets having an initial cost of \$5,000 or more and leasehold improvements of \$10,000 or more are recorded at their acquisition cost.

Amortization of tangible capital assets is done on a straight-line basis over the estimated useful life of the assets, as follows:

Asset class	Amortization period
Technical equipment	4 to 10 years
Software and data processing equipment	5 to 10 years
Office furniture, equipment and other	5 to 10 years
Leasehold improvements	terms of the leases

The Board has a collection of nearly twenty thousand audiovisual works produced since 1895. This inestimable collection is not intended for sale and does not have a measurable value. It has, however, been assigned a nominal value of \$1 in the financial statements, appearing on the Statement of Financial Position and in Note 8 as tangible capital assets to ensure that the reader is aware of its existence.

The Board enters into operating lease agreements to acquire the exclusive use of certain tangible capital assets over the term of the lease. These rental fees are charged to operations in the year to which they apply. The Board also enters into capital lease agreements by which substantially all the benefits and risks inherent to ownership of the assets are transferred to the Board. The Board then records an asset and an obligation corresponding to the present value of the minimum lease payments, excluding the portion thereof relating to executory costs. The assets recorded from a capital lease agreement are amortized on the same basis as other assets owned by the Board and the obligations are amortized over the lease term.

j. Other financial assets and financial liabilities

Financial instruments of the Board are stated at cost or amortized cost. Financial assets consist of assets that could be used to reimburse existing liabilities or finance future operations.

The Board has the following financial assets:

- · Cash
- · Accounts receivable related to the sale of audiovisual products to external parties or other departments and agencies (net of allowances for doubtful accounts)
- · Deposits related to production abroad
- · Deferred revenue

Financial liabilities consist of accounts payable and accrued liabilities and accrued salaries.

Notes to the financial statements for the year ended March 31, 2014 — Continued

k. Employee Future Benefits

Pension benefits

Eligible employees participate in the Public Service Pension Plan, a multiemployer pension plan administered by the Government. The Board's contributions to the Plan are charged to expenses in the year incurred and represent the Board's total obligation to the Plan. The Board's responsibility with regard to the Plan is limited to its contributions. Actuarial surpluses or deficiencies are recognized in the financial statements of the Government of Canada, as the Plan's sponsor.

Severance benefits

Employees are entitled to severance benefits as provided for under collective agreements or conditions of employment. In 2012, the program for all employees was eliminated and, consequently, the severance benefits ceased to accumulate. The cost of severance was recorded in the periods in which the benefits were earned by employees. The obligation under severance benefits is calculated at present value using the most probable management assumptions regarding wage, the discount rate and the timing of retirement. These assumptions are reviewed annually.

Compensated absences

Employees are entitled to compensated absences as provided in their collective agreements or conditions of employment. This involves sick days that accumulate but do not vest, enabling the employees to be paid during their absence in recognition of prior service. As the employees render services, the value of the compensated absences attributed to those services is recorded as a liability and an expense. Management uses assumptions and its best estimates, such as the discount rate, the age of retirement, utilization rate of days in excess of the leave granted annually, probability of departure and salary review rate, to calculate the present value of the sick pay benefits obligation. These assumptions are reviewed annually.

1. Contingent liabilities

Contingent liabilities are potential liabilities which may become actual liabilities when one or more future events occur or fail to occur. To the extent that the future event is likely to occur or fail to occur, and a reasonable estimate of the loss can be made, an estimated liability is accrued and an expense recorded. If the likelihood is not determinable or an amount cannot be reasonably estimated, the contingency is disclosed in the notes to the financial statements.

m. Measurement uncertainty

The preparation of these financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses reported in the financial statements. At the time of preparation of these statements, management believes the estimates and assumptions to be reasonable. The most significant items where estimates are used are the allowance for doubtful accounts, contingent liabilities, the liability related to employee future benefits and the useful life of tangible capital assets. Actual results could significantly differ from those estimated. Management's estimates are reviewed periodically and, as adjustments become necessary, they are recorded in the financial statements in the year they become known.

3. Parliamentary authorities

The Board receives most of its funding through annual Parliamentary authorities. Items recognized in the Statement of Operations and Departmental Net Financial Position and the Statement of Financial Position in one year may be funded through Parliamentary authorities in prior, current or future years. Accordingly, the Board has different net results of operations for the year on a government funding basis than on an accrual accounting basis. The differences are reconciled in the following tables:

Notes to the financial statements for the year ended March 31, 2014 — Continued

(a) Reconciliation of net cost of operations to current year authorities used:

	2014	2013
	(in thousands o	f dollars)
Net cost of operations before government funding	62,466	67,032
Gain (loss) on disposal of tangible capital assets	38	(10)
Change in liability for vacation pay, accrual for salary revision	(30)	325
Change in accrued liabilities not charged to authorities	1,033	683
Net change in employee future benefits	3,183	85
Amortization of tangible capital assets	(2,265)	(2,466)
	1,959	(1,383)
Adjustments for items not affecting net cost of operations but affecting authorities: Add:		
Acquisition of tangible capital assets	2,166	2,132
Lease payments for tangible capital assets	65	382
Proceeds from disposal of tangible capital assets	(69)	
_	2,162	2,514
Current year authorities used	66,587	68,163
(b) Authorities provided and used:		
	2014	2013
	(in thousands o	f dollars)
Authorities provided		
Vote 75 - Main Estimates.	62,890	66,782
Supplementary Estimates authorities.	6,398	3,595
Less:		
Authorities available for future years	2,701	2,104
Frozen allotment		110
	66,587	68,163

4. Accounts payable and accrued liabilities

Accounts payable and accrued liabilities are measured at cost and are due, mainly, within six months following the closing date.

The following table presents details of the Board's accounts payable and accrued liabilities.

	2014	2013
	(in thousands of	dollars)
Accounts payable - Other government departments and agencies Accounts payable - External parties	1,258 4,722	1,086 3,876
Total accounts payable	5,980 62	4,962 1,338
Total accounts payable and accrued liabilities.	6,042	6,300

Notes to the financial statements for the year ended March 31, 2014 — Continued

In Canada's Economic Action Plan 2012, the Government announced savings measures to be implemented by departments over the next three fiscal years, starting in 2012-2013. As a result, the Board has recorded as at March 31, 2014, an obligation for termination benefits in the amount of \$61,562 (2013 — \$584,852) as part of accrued liabilities to reflect the estimated workforce adjustment costs. In 2013, a provision of onerous contracts of \$753,338 was recorded in accrued liabilities following the closure of viewing posts and cinema facilities in Montréal.

5. Lease obligation for tangible capital assets

The Board has entered into agreements to rent technical, data processing and office equipment under capital leases. The assets have been capitalized using imputed interest rates varying from 6 percent to 8 percent. The related obligations have been paid over a three to five year lease term. In 2014, the Board has fully exercised its purchase options arising from lease obligations for tangible capital assets. Payments totalled \$65,114 for the year ended March 31, 2014 (2013 — \$381,978). Interest of \$2,045 (2013 — \$20,336) was charged to operations.

The obligation related to the upcoming years includes the following:

	2014	2013
	(in thousands	of dollars)
2014		45 23
Total future minimum lease payments		68
Balance of lease obligation for tangible capital assets		65

6. Employee future benefits

Pension benefits

The Board's eligible employees participate in the Public Service Pension Plan, which is sponsored and administered by the Government of Canada. Pension benefits accrue up to a maximum period of 35 years at a rate of 2 percent per year of pensionable service, times the average of the best five consecutive years of earnings. The benefits are integrated with Canada/Quebec Pension Plans benefits and are indexed to inflation.

Both the employees and the Board contribute to the cost of the Plan. Due to the amendment of the *Public Service Superannuation Act* following the implementation of provisions related to Economic Action Plan 2012, employee contributors have been divided into two groups: group one relates to existing plan members as of December 31, 2012 and group two relates to members joining the Plan as of January 1, 2013. Each group has a distinct contribution rate.

In 2014, the expense amount for group one and group two members was \$3,591,936 (2013 — \$3,805,736) represents approximately 1.7 times (2013 — 1.9 times) the employee contributions.

The Board's responsibility with regard to the Plan is limited to its contributions. Actuarial surpluses or deficiencies are recognized in the financial statements of the Government of Canada, as the Plan's sponsor.

Severance benefits and compensated absences

Severance benefits

The Board provides severance benefits to its employees based on eligibility, years of service and salary at termination of employment. These severance benefits are not pre-funded. Benefits will be paid from future authorities.

Notes to the financial statements for the year ended March 31, 2014 — Continued

As part of collective agreement negotiations and conditions of employment, the accumulation of severance benefits under the employees' severance pay program ceased commencing in 2012. Employees subject to these changes had, until December 31, 2013, the option to be immediately paid the full or partial value of benefits earned to date or collect the full or remaining value of benefits on termination from the public service. As at March 31, 2014, to calculate the obligation of the remaining portion, the Board uses a rate of compensation increase of 2.70 percent (2013 — 3.17 percent), an estimated discount rate of 2.71 percent (2013 — 2.13 percent) and a horizon of retirement estimated at maximum of 15 years.

In 2013, the Board had assumed that 75 percent of the benefits would have been paid during the next year.

Compensated absences (sick leave)

The Board provides its employees with sick lease benefits based on their salary and the entitlements accumulated over their years of service. These entitlements are accumulated but do not vest.

To calculate the obligation of sick leave, the Board uses an average daily wage of \$280 (2013 — \$273), a rate of salary increase of 2.70 percent (2013 — 3.17 percent), an average annual utilization rate of 2.48 percent (2013 — 2.13 percent), a discount rate of 2.71 percent (2013 — 2.13 percent), a 4.9 percent (2013 — 5.20 percent) probability of employee departure and a retirement age assumption of 60.

Information about the severance and sick leave benefits, measured as at March 31, 2014, is as follows:

	Severance benefits	Sick leave	Total
	(in tho	usands of doll	ars)
Balance as at March 31, 2012	4,982	941	5,923
Expenses for the year	439	355	794
Benefits paid during the year	(879)		(879)
Balance as at March 31, 2013	4,542	1,296	5,838
Expenses for the year	(248)	142	(106)
Benefits paid during the year	(3,077)		(3,077)
Balance as at March 31, 2014	1,217	1,438	2,655

7. Accounts receivable

The following table presents details of the Board's accounts receivable:

	2014	2013
_	(in thousands of	dollars)
Receivables - Other government departments and agencies	506 2,008	160 2,733
Subtotal. Allowance for doubtful accounts on receivables from external parties	2,514 (243)	2,893 (199)
Total accounts receivable =	2,271	2,694

Notes to the financial statements for the year ended March 31, 2014 — Continued

8. Tangible capital assets

	(in thousands of dollars)									
	Cost			A	Accumulated amortization				2013	
	Disposals Disposals				Net	Net				
	Opening balance	Acqui- sitions	and write-offs	Closing balance	Opening balance	Amorti- zation	and write-offs	Closing balance	book value	book value
Technical equipment	28,097	500	2,157	26,440	25,840	967	2,127	24,680	1,760	2,257
Software and data processing equipment Office furniture, equipment	14,617	1,378	2,053	13,942	12,063	817	2,052	10,828	3,114	2,554
and other	762		159	603	749	3	159	593	10	13
Collection	1			1					1	1
Leasehold improvements	6,413	288		6,701	4,694	478		5,172	1,529	1,719
Total	49,890	2,166	4,369	47,687	43,346	2,265	4,338	41,273	6,414	6,544

No tangible capital acquisition under capital leases has occurred in 2014. In 2013, the above assets include equipment under capital leases for a total cost of \$97,324 less accumulated amortization of \$32,612. Current year amortization expense relating to property under capital leases amounts to \$31,004 (2013 — \$276,696).

Disposals and write-offs of \$4,369,069 for the year are related to the sale of equipment from viewing posts and cinema facilities in Montréal following the implementation of Canada's Economic Action Plan and the replacement of technical and data-processing equipment that had become obsolete.

The 2014 planned acquisitions of tangible capital assets amounted to \$3,052,000 and the planned amortization expense amounted to \$2,571,882.

9. Contractual obligations

The nature of the Board's activities can result in multi-year contracts and obligations whereby the Board will be obligated to make future payments for the acquisition of goods or services. Significant contractual obligations that can be reasonably estimated are summarized as follows:

	Premises	Other goods and services	
	(in tl	housands of dolla	ırs)
2015	5,542	1,335	6,877
2016	1,229	416	1,645
2017	940	157	1,097
2018	344	3	347
2019 to 2021	639	2	641
	8,694	1,913	10,607

The agreements for leased premises total to \$8,694,000 were signed with Public Works and Government Services Canada (PWGSC).

10. Contingent liabilities

The Board is subject to various legal claims arising in the normal course of its operations. In management's view, the ultimate disposition of these claims is not expected to have a material impact on the financial statements.

1.74 Financial Statements of Revolving Funds

Notes to the financial statements for the year ended March 31, 2014 — Concluded

11. Expenses by major object and types of revenues

a) Expenses

	2014	2013	
	(in thousands of dollars		
Salaries and benefits	37,374	39,937	
Professional and special services	10,758	10,834

Miscellaneous.	134	217	
=	66,441	71,324	
b) Revenues			
	2014	2013	
	(in thousands	of dollars)	
Royalties	2,067	2,100	
Film prints	675	1,249	
Stock shots	524	552	
Sponsored production and pre-sale	426	297	
Miscellaneous.	283	93	
	3,975	4,291	

Royalty revenues include non-monetary items of \$129,949 concluded with external parties.

12. Related party transactions

The Board is related as a result of common ownership, to all government departments, agencies and Crown corporations. The Board enters into transactions with these entities in the normal course of business and on normal trade terms. During the year ending March 31, 2014, the Board leased premises from PWGSC for the amount of \$6,777,346 (2013 — \$6,759,685).

The Government has centralized some of its administrative activities for efficiency, cost-effectiveness purposes and economic delivery of programs to the public. As a result, the Government uses central agencies and common service organizations so that one department performs services for all other departments and agencies without charge. The costs of these services, such as the payroll and cheque issuance services provided by PWGSC and audit services provided by the Office of the Auditor General, are not included in the Board's Statement of Operations and Departmental Net Financial Position.

13. The Documentary Channel

Since 2002, the National Film Board has participated in a long-term partnership with The Documentary Channel, acquiring 14 percent of the specialty service (14 x \$1 units). Pursuant to the investment agreement, the National Film Board's obligations with respect to debts, liabilities, and other obligations are limited to the capital invested.

Revenues from portfolio investments are recognized only to the extent that they are received or eligible and they are presented under miscellaneous revenues in the income statement in the amount of \$177,546.

Optional Services Revolving Fund

Statement of Management Responsibility

We have prepared the accompanying financial statements of the Optional Services Revolving Fund (the "Fund") as required by and in accordance with the policy of the Treasury Board on Special Revenue Spending Authorities and the reporting requirements of the Receiver General for Canada. These financial statements were prepared in accordance with the significant accounting policies set out in Note 2 of the statements, on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. The information included in these financial statements is based on management's best estimates and judgment with due consideration given to materiality. To fulfill its accounting and reporting responsibilities, management maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information submitted to the *Public Accounts of Canada* and included in the Departmental Performance Report is consistent with these financial statements.

Management develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of financial management, accounting and reporting. Management maintains systems of financial management and internal control which give due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized by Parliament, are executed in accordance with prescribed regulations, and are properly recorded to maintain accountability of government funds and safeguard the assets under the Fund's administration. Management also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

With the exception of the Statement of Authority Provided (Used) and the Reconciliation of Unused Authority, management has presented the financial statements to external auditors who have audited them and have provided an independent opinion which is appended to these financial statements. The Statement of Authority Provided (Used) and the Reconciliation of Unused Authority were not audited as it is not required by the Treasury Board policy.

Approved by:

Alex Lakroni Chief Financial Officer, Public Works and Government Services Canada

Pablo Sobrino Associate Assistant Deputy Minister, Acquisitions Branch Public Works and Government Services Canada

Optional Services Revolving Fund — Continued

Independent Auditors' Report

To the Deputy Minister, Public Works and Government Services Canada

We have audited the accompanying financial statements of the Optional Services Revolving Fund, which comprise the statement of financial position as at March 31, 2014, and the statements of operations and net liabilities, and cash flow for the year then ended, and a summary of significant accounting policies and other explanatory information. These financial statements have been prepared by management of the Optional Services Revolving Fund to comply with section 6.4 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities.

Management's responsibility for the financial statements

Management is responsible for the preparation of these financial statements in accordance with section 6.4 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained in our audit is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements of the Optional Services Revolving Fund as at and for the year ended March 31, 2014 are prepared, in all material respects, in accordance with section 6.4 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities.

Basis of accounting and restrictions on use

Without modifying our opinion, we draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared to assist the Optional Services Revolving Fund to comply with section 6.4 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities referred to above. As a result, the financial statements may not be suitable for another purpose. Our auditors' report is intended solely for the information and use of the Optional Services Revolving Fund and the Treasury Board of Canada and should not be used by parties other than the Optional Services Revolving Fund and the Treasury Board of Canada.

1.80 Financial Statements of Revolving Funds

Optional Services Revolving Fund — Continued

Notes to the financial statements for the year ended March 31, 2014

1. Authority and purpose

The Optional Services Revolving Fund (the "Fund") provides specialized services to Federal Departments, Agencies and provincial and territorial governments. The Fund procures vaccines and drugs, provides travel and relocation related services, as well as communication procurement services. The Fund was established under *Appropriation Act No. 4, 1991-92* which was repealed in 1996 and replaced by Section 5.5 of the *Revolving Funds Act*.

The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for the purposes of working capital, capital acquisitions and the temporary financing of accumulated operating deficits, the total of which is not to exceed \$35,000,000 at any time, as per section 5.5(3) of the *Revolving Fund Act*.

For fiscal year 2014, the Fund used \$1,609,215 (fiscal year 2013: \$3,265,799) of its authorities and had a net authority provided of \$619,485 to cover the planned deficit. The Fund requests authorization from Treasury Board to access its drawdown authority for a total amount of \$989,730 to cover the remaining amount over a total authorized amount of \$10,000,000.

2. Significant accounting policies

The financial statements have been prepared in accordance with the Treasury Board accounting policies and the reporting requirements of the Receiver General of Canada. The financial statements are not presented on a basis consistent with Canadian public sector accounting standards as:

- The liabilities for vacation pay and employee severance benefits are based on management's estimate rather than actuarial valuations;
- No liability is recorded for sick leave;
- The statement of financial position does not segregate non-financial assets; and
- The net debt indicator and statement of change in net debt are not presented in the financial statements.

The significant accounting policies are as follows:

a. Accounts receivable

Accounts receivable are stated at amounts expected to be ultimately realized; a provision is made on receivables where recovery is considered uncertain.

b. Revenue

Vaccines and drugs revenue is recognized using a blended rate established by fixed price contracts and based on the proportion of total goods delivered at year end. Any losses on the fixed price contracts are recognized during the period in which they are identified.

Travel and relocation related services revenue consists of rebates, commissions, and fees and are recognized when services are used.

Revenue earned on communication procurement services are recognized using the completed contract method.

c. Employee future benefits

i. Pension benefits

Eligible employees participate in the Public Service Pension Plan (the "Plan"), a multiemployer pension plan administered by the Government. The Fund's contributions to the Plan are charged to expenses in the year incurred and represent the total Fund obligation to the Plan. The Fund's responsibility with regard to the Plan is limited to its contributions. Actuarial surpluses or deficiencies are recognized in the financial statements of the Government of Canada, as the Plan's sponsor.

Optional Services Revolving Fund — Continued

Notes to the financial statements for the year ended March 31, 2014 — Continued

ii. Severance benefits

Employees entitled to severance benefits under labour contracts or conditions of employment earn these benefits as services are rendered. The obligation relating to the benefits earned by employees is calculated using information derived from management's estimate of the liability. The liability for benefits is recorded in the accounts as the benefits accrue to employees.

iii. Vacation pay and compensatory leave

Vacation pay and compensatory leave are accrued as the benefits are earned by employees under their respective terms of employment.

d. Financial instruments

The fair value of the financial instruments approximates costs unless otherwise specified. The Fund's financial instruments consist of cash in transit, accounts receivable, other assets, accounts payable and accrued liabilities. It is management's opinion that the Fund is not exposed to significant interest, currency or credit risks rising from these financial instruments.

e. Measurement uncertainty

The preparation of these financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue and expenses reported in the financial statements. At the time of preparation of these financial statements, management believes the estimates and assumptions to be reasonable. The most significant items where estimates are used are the liability for vacation pay and compensatory leave and the liability for employee severance benefits. Actual results could significantly differ from those estimated. Management's estimates are reviewed periodically and as adjustments become necessary, they are recorded in the financial statements in the year they become known.

1.82 Financial Statements of Revolving Funds

Optional Services Revolving Fund — Continued

Notes to the financial statements for the year ended March 31, 2014 — Continued

6. Employee severance benefits

The Fund provides severance benefits to its employees based on eligibility, years of service and salary at termination of employment. These severance benefits are not pre-funded. Benefits will be paid by future authorities.

Commencing in 2012, as part of collective agreement negotiations with certain employee groups, and changes to conditions of employment for executives and certain non-represented employees, the accumulation of severance benefits under the employee severance pay program ceased for these employees. Employees subject to these changes have been given the option to be immediately paid the full or partial value of benefits earned to date or to collect the full or remaining value of benefits on termination from the public service. These changes have been reflected in the calculation of the outstanding severance benefit obligation. Information about the severance benefits, measured as at March 31, is as follows:

	2014	2013
	(in thousands	of dollars)
Accrued benefit obligation, beginning of year	439	433
Payments on provisions for employee severance benefits: Retirements and departures from the Public Service. Employees who opted to cash out their accumulated balances as per collective agreements	(65) (231)	(77)
	(296)	(77)
Expense for the year	1	83
Accrued benefit obligation, end of year.	144	439

7. Net liabilities

The accumulated surplus is the accumulation of each fiscal year's surplus net of deficits since the inception of the Fund.

The accumulated net charge against the Fund's authority represents the cumulative receipts and disbursements over the life of the funds.

	2014	2013
	(in thousands	of dollars)
Accumulated surplus		
Opening balance.	9,151	8,776
Net results	(3,190)	375

Net liabilities, end of year	(8,978)	(8,239)

Optional Services Revolving Fund — Concluded

Notes to the financial statements for the year ended March 31, 2014 — Concluded

8. Contractual obligations

The nature of the Fund's activities can result in some large multi-year contracts and obligations whereby the Fund will be obligated to make future payments when the services/goods are received. Estimated future payments are as follows:

	(in thousands of dollars)
2015	699
2016	671
2017	621
2018	660
2019 and thereafter	1,094
_	3,745

9. Comparative information

Certain comparative figures have been reclassified to conform to the current year's presentation.

10. Related party transactions

Through common ownership, the Fund is related to all Government of Canada departments, agencies, and Crown corporations. The Fund enters into transactions with these entities in the normal course of business and on normal trade terms.

Passport Canada Revolving Fund

Statement of Management Responsibility

We have prepared the accompanying financial statements of the Passport Canada Revolving Fund in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. These financial statements were prepared by the management of the Fund in accordance with the significant accounting policies set out in Note 2 of the statements on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. The information included in these financial statements is based on management's best estimates and judgement with due consideration given to materiality. To fulfill its accounting and reporting responsibilities, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions.

The Fund's directorate of financial operations develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. The Fund maintains systems of financial management and internal control which gives due consideration to costs, benefits and risks. The systems are designed to provide reasonable assurance that transactions are properly authorized by Parliament, are executed in accordance with prescribed regulations, and are properly recorded to maintain accountability of Government funds and safeguard the assets under the Fund's administration. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Management has presented the financial statements to the independent auditors, who have audited them and has provided an independent opinion which has been appended to these financial statements.

Passport Canada Revolving Fund — Continued

Independent Auditors' Report

To the Assistant Deputy Minister and Chief Financial Officer, Citizenship and Immigration Canada

We have audited the accompanying financial statements of Passport Canada Revolving Fund (the "Fund") which comprise the statement of financial position as at March 31, 2014, the statements of operations and changes in net assets and cash flows for the year then ended, and notes comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the reporting requirements of Section 4 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities and the *Revolving Funds Act*, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform an audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Fund as at March 31, 2014, and the results of its operations and the changes in its deficit and cash flows for the year then ended in accordance with the reporting requirements of Section 4 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities and the *Revolving Funds Act*.

Basis of Accounting and Restriction on Use

Without modifying our opinion, we draw attention to Note 2 to the financial statements which describe the basis of accounting. The financial statements are prepared solely for the information and use of the management of the Revolving Fund, Assistant Deputy Minister and Chief Financial Officer, Citizenship and Immigration Canada and the Treasury Board of Canada Secretariat for reporting on the use of the Fund authority. The financial statements are not intended to be and should not be used by anyone other than the specified users or for any other purpose.

Passport Canada Revolving Fund — Continued

Notes to the financial statements for the year ended March 31, 2014

1. Authority and purpose

The Passport Canada Revolving Fund (the "Fund") was established in 1969 to provide for the issue of appropriate passport and other travel document services in Canada and at posts abroad. The *Revolving Funds Act* authorized the operation of the Fund.

Effective July 2, 2013, the accountability for the passport program and the Fund shifted from the Department of Foreign Affairs, Trade and Development (DFATD) to Citizenship and Immigration Canada (CIC). In addition, the Fund transferred its passport delivery and processing services to Employment and Social Development Canada (ESDC) on July 2, 2013.

The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for working capital, capital acquisitions and temporary financing of accumulated operating deficits.

Through the 2013-2014 Supplementary Estimates (C), the drawdown authority was decreased from \$131,204,000 to 1\$.

2. Significant accounting policies

a. Basis of accounting

These financial statements have been prepared in accordance with the significant accounting policies set out below to comply with the requirements of Section 4 of the Treasury Board of Canada Policy on Special Revenue Spending Authorities and the reporting requirements for revolving funds prescribed by the Receiver General for Canada. The basis of accounting used in these financial statements differs from Canadian generally accepted accounting principles because:

- revenues from passport service request fees are recognized upon receipt of payment and verification of an application for completeness as stated in the Regulations prescribing fees for passport services; and,
- funding for capital assets received from Treasury Board is recorded as contributed capital and not as a reduction of the cost of capital assets.

b. Revenue recognition

Revenues from passport fees are recognized upon request for a passport service, which is upon receipt of payment and verification of the passport application for completeness.

c. Inventory

Inventories of materials and supplies are carried at the lower of cost using the average cost and the net realizable value.

d. Capital assets

Capital assets are recorded at cost and amortized on a straight-line basis over their estimated useful lives, as follows:

Category	Estimated useful life		
Furniture	10 years		
Vehicles	5 years		
Electronic data processing (EDP) equipment	3-5 years		
Other machines and equipment	5 years		

The capital projects are assets under construction which are not yet amortized; these capital assets will be amortized once they are in service. Leasehold improvements are amortized on a straight-line basis on the lesser of the remaining term of the lease or estimated useful life of the improvement.

Passport Canada Revolving Fund — Continued

Notes to the financial statements for the year ended March 31, 2014 — Continued

e. Employee termination benefits

Employees of the Fund are entitled to specified termination benefits, calculated based on salary levels in effect at the time of termination as provided for under collective agreements and conditions of employment. The cost of these benefits is recorded in the accounts as the benefits accrue to the employees. The obligation relating to the benefits earned by employees is calculated using information derived from results of the actuarially determined liability for employee's termination benefits for the government as a whole and is provided by Treasury Board of Canada. Effective July 2, 2013, the employee termination benefits liability relating to approximately 1,900 positions was transferred to ESDC.

f. Pension plan

Employees of the Fund are covered by the Public Service Retirement Pension Plan (the "Plan") administered by the Government of Canada. Under present legislation, contributions made by the Fund to the Plan are limited to an amount equal to the employee's contributions on account of current service. These contributions represent the total pension obligations of the Fund and are charged to operations on a current basis. The Fund is not required under present legislation to make contributions with respect to actuarial deficiencies of the Public Service Superannuation Account and/or with respect to charges to the Consolidated Revenue Fund for the indexation of payments under the *Supplementary Retirement Benefits Act*.

g. Use of estimates

The preparation of financial statements requires management and the Treasury Board Secretariat to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The more significant areas requiring the use of estimates relate to employee termination benefits and to accrued liabilities. Actual results could differ from these estimates. These estimates are reviewed annually and as adjustments become necessary, they are recorded in the financial statements in the period in which they become known.

h. Financial instruments

The Fund's financial instruments consist of accounts receivable, accounts payable, accrued liabilities and employee termination benefits. The carrying values of these financial instruments approximate their fair value because of their short terms to maturity. Unless otherwise noted, it is management's opinion that the Fund is not exposed to significant interest, currency or credit risk arising from these financial instruments.

Other machines and equipment	1,826	100	(187)	1,739
Total	149,708	7,250	(98,278)	58,680
Net Book Value.	48,094			22,498

The capital projects category includes assets under construction which are not yet amortized.

Effective July 2, 2013, the Fund transferred capital assets with a net book value of \$21,964,066 to ESDC. This transfer is included in the disposals, transfers and adjustments column.

4. Net assets

	2014	2013
	(in thousan	ds of dollars)
Accumulated net charge against the Fund's authority	(80,427)	(4,646)
Accumulated surplus (deficit)	45,579	(43,566)
Contributed capital	80,474	80,474
	45,626	32,262

Accumulated net charge against the Fund's authority:

Accumulated net charge against the Fund's authority is the cash position of the Fund, held by the Government on the Fund's behalf.

Accumulated surplus:

The accumulated surplus is an accumulation of each year's surpluses including the absorption of the opening net assets of \$746,000 upon establishment of the Fund. Other adjustments to the Fund net financial position were made in 2012 for \$419,771, in 2013 for \$19,936 and in 2014 for \$220,842 as a result of the Fund transferring its information technologies services to Shared Services Canada (SSC) on November 15, 2011. Additional adjustments to the Fund's net financial position were made in 2014 for \$97,472,888 as a result of the Fund transferring its passport delivery and processing services to ESDC on July 2, 2013.

Passport Canada Revolving Fund — Continued

Notes to the financial statements for the year ended March 31, 2014 — Continued

Contributed capital:

In the year, there were no additional capital contributions from Treasury Board to finance the Fund's capital projects.

5. Contractual obligations

Because of the nature of its activities, the Fund is engaged in contractual obligations for the purchase of goods and other services.

Below are the expected future maximum payments under contract for its supplier of blank passports:

	(in thousands of dollars)
2015	
2010	80,912
Below are expected future minimum payments for rents of office premises and other suppliers:	
	(in thousands of dollars)
2015	4,715
2016.	. 436
2017	611
	5,762

6. Related party transactions

Through common ownership, the Fund is related to all Government of Canada created departments, agencies and Crown corporations. Payments for passport operations at missions abroad, passport delivery and processing services throughout Canada, accommodation and legal services are made to related parties in the normal course of business. All related party transactions are accounted for at the exchange amount, which represents the consideration agreed to by both parties.

As part of its operations, the Fund collects Consular fees on behalf of DFATD. These fees are not recorded as revenues in the Statement of Operations and Change in Net Assets. In 2014, the Fund collected and remitted to DFATD \$97,671,047 (2013 — \$101,680,188) in consular fees.

Effective November 15, 2011, the Fund transferred its information technologies services to SSC. The cost of these services provided by SSC is reported in the Professional and Special Services line item in the Statement of Operations and Change in Net Assets. In 2014, SSC charged the Fund a total of \$11,771,132 (2013 — \$11,423,170) for Information technologies services

In May 2013, ESDC and the Fund signed a memorandum of understanding governing the cost of processing passport applications for 3 years. Effective for all applications processed by ESDC from April 1, 2013 to March 31, 2014, a fee of \$13.70 per application will be charged to the Fund. These fees are reported in the Professional and Special Services line item in the Statement of Operations and Change in Net Assets. In 2014, ESDC charged the Fund a total of \$8,802,250 (2013 — \$7,644,989) for application processing fees.

Effective July 2, 2013, the Fund transferred its passport delivery and processing service to ESDC. The cost of these services provided by ESDC is reported in the Professional and Special Services line item in the Statement of Operations and Change in Net Assets. In 2014, ESDC charged the Fund a total \$109,078,645 for these services.

Pursuant to a Treasury Board Submission the Fund was charged for the Passport Program Modernisation Initiative and for transition and internal services rationalization costs. The cost for these activities provided by CIC and by ESDC is reported in the Professional and Special Services line item in the Statement of Operations and Change in Net Assets. In 2014, both ESDC and CIC respectively charged the Fund a total of \$3,253,827 and \$2,063,404.

Passport Canada Revolving Fund — Concluded

Notes to the financial statements for the year ended March 31, 2014 — Concluded

7. Changes in current assets and liabilities

	2014	2013
	(in thousand	s of dollars)
Assets		
Accounts receivable — Government of Canada	(41,244)	(2,404)
Accounts receivable — Outside parties.	226	87
Prepaid expenses	70	(420)
Inventories (2014 — net of the loss on disposal of obsolete inventory of (\$7,019,000; 2013 — nil)	(3,506)	(8,572)
Accounts payable and accrued liabilities		
Government of Canada	11,714	9,372
Outside parties — Accounts payable.	(6,366)	3,431
Outside parties — Accrued liabilities	(2,895)	186
Outside parties — Contractors' holdbacks	330	777
Employee termination benefits	(2,421)	(336)
	(44,092)	2,121

8. Contingencies

The Fund is subject to various legal claims arising in the normal course of its operations. Some of these potential liabilities may become actual liabilities when one or more future events occur or fail to occur. To the extent that the future event is likely to occur or fail to occur, and a reasonable estimate of the loss can be made, an estimated liability has been accrued and an expense recorded on the Fund's financial statements. Based on the Fund's legal assessment of potential liability as at March 31, 2014, the Fund has one outstanding claim with a contingent liability of \$175,597.

9. Transfer to other government departments

Effective July 2, 2013, the Fund transferred its passport delivery and processing service to ESDC in accordance with Order-in-Council P.C. 2013-0540, including the stewardship responsibility for the assets and liabilities related to the both service activities. Accordingly, the Fund transferred the following assets, liabilities and related expenses to ESDC:

	(in thousands of dollars)
Asset Capital assets (net book value) (Note 3).	21,964
Liabilities	
Allowance for severance and vacation pay	
Other	(256)
Total Liabilities.	(6,159)
Expenses paid on behalf of EDSC	81,668
Adjustment to the Fund's net financial position	97,473

Effective November 15, 2011, the Fund transferred its information technologies services to SSC, including the stewardship responsability for the assets and liabilities related to the service activities. As a result in 2014, the Fund transferred the following assets and related expenses to SSC for its Information technologies services:

	(in thousands of dollars)
Asset Prepaid expenses.	3
Expenses paid on behalf of SSC.	
Adjustment to the Fund's net financial position	221

Real Property Services Revolving Fund

Statement of Management Responsibility

We have prepared the accompanying financial statements of the Real Property Services Revolving Fund as required by and in accordance with the policy of the Treasury Board on Special Revenue Spending Authorities and the reporting requirements of the Receiver General for Canada. These financial statements were prepared in accordance with the significant accounting policies set out in Note 2 of the statements, on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. The information included in these financial statements is based on management's best estimates and judgment with due consideration given to materiality. To fulfill its accounting and reporting responsibilities, management maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information submitted to the *Public Accounts of Canada* and included in the Departmental Performance Report is consistent with these financial statements.

Management develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of financial management, accounting and reporting. Management maintains systems of financial management and internal control which give due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized by Parliament, are executed in accordance with prescribed regulations, and are properly recorded to maintain accountability of government funds and safeguard the assets under the Fund's administration. Management also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

With the exception of the Statement of Authority Provided (Used) and the Reconciliation of Unused Authority, management has presented the financial statements to external auditors who have audited them and have provided an independent opinion which is appended to these financial statements. The Statement of Authority Provided (Used) and the Reconciliation of Unused Authority were not audited as it is not required by Treasury Board policy.

Independent Auditors' Report

To the Deputy Minister Public Works and Government Services Canada

We have audited the accompanying financial statements of the Real Property Services Revolving Fund, which comprise the statement of financial position as at March 31, 2014, and the statements of operations and net liabilities, and cash flow for the year then ended, and a summary of significant accounting policies and other explanatory information. These financial statements have been prepared by management of the Real Property Services Revolving Fund to comply with Section 6.4 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities.

Management's responsibility for the financial statements

Management is responsible for the preparation of these financial statements in accordance with Section 6.4 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained in our audit is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements of the Real Property Services Revolving Fund as at and for the year ended March 31, 2014 are prepared, in all material respects, in accordance with Section 6.4 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities.

Basis of accounting and restrictions on use

Without modifying our opinion, we draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared to assist the Real Property Services Revolving Fund to comply with Section 6.4 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities. As a result, the financial statements may not be suitable for another purpose. Our auditors' report is intended solely for the information and use of the Real Property Services Revolving Fund and the Treasury Board of Canada and should not be used by parties other than the Real Property Services Revolving Fund and the Treasury Board of Canada.

Real Property Services Revolving Fund — Continued

Notes to the financial statements for the year ended March 31, 2014

1. Authority and purpose

The Real Property Services Revolving Fund (the "Fund") provides, on a fee-for-service basis, optional real property services to other Government of Canada custodian departments and to other departments and agencies requesting services over and above those provided under the Federal Accommodation and Holdings Service Line program. More specifically, the Fund looks after architectural and engineering activities, property management, holdings and divestitures, and support services.

The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for the purposes of working capital, capital acquisitions and the temporary financing of accumulated operating deficits, the total of which is not to exceed \$150,000,000 at any time.

For fiscal year 2014, the Fund received authorization from the Treasury Board to access its unused authority for a total amount of up to \$10,000,000 to temporarily fund transitory cash elements at year-end (fiscal year 2013: \$10,000,000). The Fund did not use any of this authority during the year.

The Treasury Board agreed, as per existing policies and regulations, to cover a portion of employee severance benefits paid by the Fund in fiscal year 2014. The Fund received a non-reimbursable amount of \$6,147,078 (fiscal year 2013: \$3,240,205).

2. Significant accounting policies

The financial statements have been prepared in accordance with Treasury Board accounting policies and the reporting requirements of the Receiver General for Canada. The financial statements are not presented on a basis consistent with Canadian public sector accounting standards as:

- The liabilities for vacation pay and employee severance benefits are based on management's estimate rather than actuarial valuations;
- No liability is recorded for sick leave;
- The statement of financial position does not segregate non-financial assets; and
- The net debt indicator and statement of change in net debt are not presented in the financial statements.

The significant accounting policies are as follows:

a. Accounts receivable

Accounts receivable are stated at amounts expected to be ultimately realized. A provision is made on receivables where recovery is considered uncertain.

b. Revenue

Revenue is earned on professional and technical services performed and the recovery of disbursements made on behalf of government departments, agencies, and outside parties are recognized when costs are incurred by the Fund.

c. Expenses

Expenses for real property indirect activities, corporate and administrative services, and occupancy costs are based on the budgeted direct service delivery personnel costs. These costs are determined in the budget exercise for the Professional and Technical Services program as well as for the Federal Accommodation (FA) and Federal Holdings (FH) programs of Public Works and Government Services Canada. In the case of service delivery to the FA and FH programs, charges are adjusted to reflect the actual volume of service delivery achieved at year end.

d. Employee future benefits

i. Pension benefits

Eligible employees participate in the Public Service Pension Plan (the "Plan"), a multiemployer pension plan administered by the Government. The Fund's contributions to the Plan are charged to expenses in the year incurred and represent the total Fund obligation to the Plan. The Fund's responsibility with regard to the Plan is limited to its contributions. Actuarial surpluses or deficiencies are recognized in the financial statements of the Government of Canada, as the Plan's sponsor.

Real Property Services Revolving Fund — *Continued*

Notes to the financial statements for the year ended March 31, 2014 — Continued

ii. Severance benefits

Employees entitled to severance benefits under labour contracts or conditions of employment earn these benefits as services are rendered. The obligation relating to the benefits earned by employees is calculated using information derived from management's estimate of the liability. The liability for benefits is recorded in the accounts as the benefits accrue to employees.

iii. Vacation pay and compensatory leave

Vacation pay and compensatory leave are accrued as the benefits are earned by employees under their respective terms of employment.

e. Financial instruments

The fair value of the financial instruments approximates costs unless otherwise specified. The Fund's financial instruments consist of cash in transit, accounts receivable, other assets, accounts payable and accrued liabilities. It is management's opinion that the Fund is not exposed to significant interest, currency or credit risks rising from these financial instruments.

f. Measurement uncertainty

The preparation of these financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue and expenses reported in the financial statements. At the time of preparation of these financial statements, management believes the estimates and assumptions to be reasonable. The most significant items where estimates are used are the allowance for doubtful accounts on external receivables and allowance for contingent liabilities. Actual results could significantly differ from those estimated. Management's estimates are reviewed periodically and as adjustments become necessary, they are recorded in the financial statements in the year they become known.

3. Accounts receivable

	2014	2013
	(in thousands of	of dollars)
Other government departments and agencies External parties Less: allowance for doubtful accounts from external parties	142,181 6,773 (31)	153,503 9,549 (66)
=	148,923	162,986
4. Other assets		
	2014	2013
	(in thousands	of dollars)
Goods and Services Tax refundable advances Prepaid expenses Other advances	19,122 1,376 7	16,305 21 7
	20,505	16,333
5. Accounts payable and accrued liabilities		
	2014	2013
	(in thousands of	of dollars)
External parties and accrued liabilities	277,115 3,249	288,679 4,517
_	280,364	293,196

Real Property Services Revolving Fund — Continued

Notes to the financial statements for the year ended March 31, 2014 — Continued

6. Contingent liabilities

Claims have been made against the Fund in the normal course of operations. These claims include items with determined amounts and others for which no amount is specified. While the total amount claimed in these actions is significant, their outcomes are not determinable. The Fund has not recorded an allowance this fiscal year (fiscal year 2013: \$500,000) for claims and litigations where it is likely that there will be a future payment and a reasonable estimate of the loss can be made. Claims and litigations for which the outcome is not determinable and a reasonable estimate can be made by management amount to approximately \$337,000 at March 31, 2014 (fiscal year 2013: \$450,000).

7. Other liabilities

	2014	2013
	(in thousands o	f dollars)
Contractor's security deposits	419	1,126
Professional liability fund	2	4
Provision for unsigned collective agreements		1,143
	421	2,273

8. Employee severance benefits

The Fund provides severance benefits to its employees based on eligibility, years of service and salary at termination of employment. These severance benefits are not pre-funded. Benefits will be paid by future authorities.

Commencing in 2012, as part of collective agreement negotiations with certain employee groups, and changes to conditions of employment for executives and certain non-represented employees, the accumulation of severance benefits under the employee severance pay program ceased for these employees. Employees subject to these changes have been given the option to be immediately paid the full or partial value of benefits earned to date or to collect the full or remaining value of benefits on termination from the public service. These changes have been reflected in the calculation of the outstanding severance benefit obligation. Information about the severance benefits, measured as at March 31, is as follows:

	2014	2013
	(in thousands o	f dollars)
Accrued benefit obligation, beginning of year.	28,352	32,256
Benefits paid during the year:		
Retirements and departures from the Public Service	(2,641)	(3,318)
Employees who opted to cash out their accumulated balances as per new collective agreements	(7,330)	(3,845)
	(9,971)	(7,163)
Expenses for the year	2,480	3,259
Accrued benefit obligation, end of year.	20,861	28,352

Real Property Services Revolving Fund — Concluded

Notes to the financial statements for the year ended March 31, 2014 — Concluded

9. Net liabilities

The accumulated surplus is the accumulation of each fiscal year's surplus net of deficits since the inception of the Fund.

The accumulated net charge against the Fund's authority represents the cumulative receipts and disbursements over the life of the Fund.

	2014	2013
	(in thousands of dollars)	
Accumulated surplus		
Opening balance	26,099	19,118
Net results	12,628	6,981
Closing balance.	38,727	26,099
Accumulated net charge against the Fund's authority		
Opening balance	(182,400)	(177,659)
Change during the year.	394	(4,741)
Closing balance.	(182,006)	(182,400)
Net liabilities, end of year	(143,279)	(156,301)

10. Contractual obligations

The nature of the Fund's activities can result in some large multi-year contracts and obligations whereby the Fund will be obligated to make future payments when the services/goods are received. Estimated future payments are as follows:

	(in thousands of dollars)
2015	302,531
2016	28,571
2017	10,603
2018	6,963
2019 and thereafter	10,520
	359,188

11. Comparative information

Certain comparative figures have been reclassified to conform to the current year's presentation.

12. Related party transactions

Through common ownership, the Fund is related to all Government of Canada departments, agencies, and Crown corporations. The Fund enters into transactions with these entities in the normal course of business and on normal trade terms.

Translation Bureau Revolving Fund

Statement of Management Responsibility

We have prepared the accompanying financial statements of the Translation Bureau Revolving Fund as required by and in accordance with the policy of the Treasury Board on Special Revenue Spending Authorities and the reporting requirements of the Receiver General for Canada. These financial statements were prepared in accordance with the significant accounting policies set out in Note 2 of the statements, on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. The information included in these financial statements is based on management's best estimates and judgment with due consideration given to materiality. To fulfill its accounting and reporting responsibilities, management maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information submitted to the *Public Accounts of Canada* and included in the Departmental Performance Report is consistent with these financial statements.

Management develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of financial management, accounting and reporting. Management maintains systems of financial management and internal control which give due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized by Parliament, are executed in accordance with prescribed regulations, and are properly recorded to maintain accountability of government funds and safeguard the assets under the Fund's administration. Management also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

With the exception of the Statement of Authority Provided (Used) and the Reconciliation of Unused Authority, management has presented the financial statements to external auditors who have audited them and have provided an independent opinion which is appended to these financial statements. The Statement of Authority Provided (Used) and the Reconciliation of Unused Authority were not audited as it is not required by the Treasury Board policy.

Translation Bureau Revolving Fund — Continued

Independent Auditors' Report

To the Deputy Minister Public Works and Government Services Canada

We have audited the accompanying financial statements of the Translation Bureau Revolving Fund, which comprise the statement of financial position as at March 31, 2014, and the statements of operations and net liabilities, and cash flow for the year then ended, and a summary of significant accounting policies and other explanatory information. These financial statements have been prepared by management of the Translation Bureau Revolving Fund to comply with section 6.4 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities.

Management's responsibility for the financial statements

Management is responsible for the preparation of these financial statements in accordance with section 6.4 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained in our audit is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements of the Translation Bureau Revolving Fund as at and for the year ended March 31, 2014 are prepared, in all material respects, in accordance with section 6.4 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities.

Basis of accounting and restrictions on use

Without modifying our opinion, we draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared to assist the Translation Bureau Revolving Fund to comply with section 6.4 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities. As a result, the financial statements may not be suitable for another purpose. Our auditors' report is intended solely for the information and use of the Translation Bureau Revolving Fund and the Treasury Board of Canada and should not be used by parties other than the Translation Bureau Revolving Fund and the Treasury Board of Canada.

Translation Bureau Revolving Fund — Continued

Notes to the financial statements for the year ended March 31, 2014

1. Authority and purpose

The Translation Bureau Revolving Fund (the "Fund") is a Special Operating Agency that provides, on a cost recovery basis, translation, technolinguistic and other linguistic services to the judiciary and federal departments and agencies and, upon request, to other governments in Canada and international organizations. Although the Translation Bureau has existed since 1934 when the *Translation Bureau Act* came into effect, it was not until April 1993 that Treasury Board approved the establishment of the Bureau as a Special Operating Agency, effective April 1, 1995. The Translation Bureau also became a Revolving Fund on April 1, 1995.

The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for the purposes of working capital, capital acquisitions and the temporary financing of accumulated operating deficits, the total of which is not to exceed \$20,000,000 at any time.

The Fund received authorization from the Treasury Board to access its net authority provided for a total amount of up to \$7,022,229 in fiscal year 2014 to allow sustained funding of its investment program (fiscal year 2013: \$7,555,242).

The Treasury Board agreed, as per existing policies and regulations, to cover a portion of employee severance benefits paid by the Fund in fiscal year 2014. The Fund received a non-reimbursable amount of \$539,921 (fiscal year 2013: \$331,868).

2. Significant accounting policies

The financial statements have been prepared in accordance with the Treasury Board Accounting policies and the reporting requirements of the Receiver General for Canada. The financial statements are not presented on a basis consistent with Canadian public sector accounting standards as:

- The liabilities for vacation pay and employee severance benefits are based on management's estimate rather than actuarial valuations;
- No liability is recorded for sick leave;
- The statement of financial position does not segregate non-financial assets; and
- The net debt indicator and statement of change in net debt are not presented in the financial statements.

The significant accounting policies are as follows:

a. Accounts receivable

Accounts receivable are stated at amounts expected to be ultimately realized; a provision is made for receivables where recovery is considered uncertain.

b. Revenue

Revenue from translation services performed by the Fund for other government departments and agencies and external clients are recognized using the percentage of completion method based on the proportion of services provided at year end.

Revenue from the Parliamentary vote for management of the translation function services, terminology standardization program and revenues for interpretation services are recognized as costs are incurred by the Fund.

Revenue from other services and recoveries are recognized as costs are incurred by the Fund.

Translation Bureau Revolving Fund — Continued

Notes to the financial statements for the year ended March 31, 2014 — Continued

c. Capital assets

Amortization of capital assets is done on a straight-line basis over the estimated useful life of each asset as follows:

Category Estimated useful life

Machinery and equipment 3 to 15 years
Computer hardware 3 to 10 years
Computer software 3 years

Leasehold improvements Lesser of the remaining term of the occupancy instrument or useful

life of the improvement

Assets under construction Once in service, in accordance with asset class

d. Employee future benefits

i. Pension benefits

Eligible employees participate in the Public Service Pension Plan (the "Plan"), a multiemployer pension plan administered by the Government. The Fund's contributions to the Plan are charged to expenses in the year incurred and represent the total Fund obligation to the Plan. The Fund's responsibility with regard to the Plan is limited to its contributions. Actuarial surpluses or deficiencies are recognized in the financial statements of the Government of Canada, as the Plan's sponsor.

ii. Severance benefits

Employees entitled to severance benefits under labour contracts or conditions of employment earn these benefits as services are rendered. The obligation relating to the benefits earned by employees is calculated using information derived from management's estimate of the liability. The liability for benefits is recorded in the accounts as the benefits accrue to employees.

iii. Vacation pay and compensatory leave

Vacation pay and compensatory leave are accrued as the benefits are earned by employees under their respective terms of employment.

e. Financial instruments

The fair value of the financial instruments approximates costs unless otherwise specified. The Fund's financial instruments consist of cash in transit, accounts receivable, other assets, and accounts payable. It is management's opinion that the Fund is not exposed to significant interest, currency or credit risks rising from these financial instruments.

f. Measurement uncertainty

The preparation of these financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue and expenses reported in the financial statements. At the time of preparation of these financial statements, management believes the estimates and assumptions to be reasonable. The most significant items where estimates are used are the allowance for doubtful accounts on external receivables. Actual results could significantly differ from those estimated. Management's estimates are reviewed periodically and as adjustments become necessary, they are recorded in the financial statements in the year they become known.

3. Accounts receivable

	2014	2013

1.114 Financial Statements of Revolving Funds

Translation Bureau Revolving Fund — Continued

Notes to the financial statements for the year ended March 31, 2014 — Continued

8. Employee severance benefits

The Fund provides severance benefits to its employees based on eligibility, years of service and salary at termination of employment. These severance benefits are not pre-funded. Benefits will be paid by future authorities.

Commencing in 2012, as part of collective agreement negotiations with certain employee groups, and changes to conditions of employment for executives and certain non-represented employees, the accumulation of severance benefits under the employee severance pay program ceased for these employees. Employees subject to these changes have been given the option to be immediately paid the full or partial value of benefits earned to date or to collect the full or remaining value of benefits on termination from the public service. These changes have been reflected in the calculation of the outstanding severance benefit obligation. Information about the severance benefits, measured as at March 31, is as follows:

	2014	2013
	(in thousands of	of dollars)
Accrued benefit obligation, beginning of year	13,136	19,030
Benefits paid during the year: Retirements and departures from the Public Service. Employees who opted to cash out their accumulated balances as per new collective agreements	(1,542) (4,025)	(1,526) (5,508)
	(5,567)	(7,034)
Expense for the year.	51	1,140
Accrued benefit obligation, end of year.	7,620	13,136

9. Net liabilities

The accumulated surplus is the accumulation of each fiscal year's surplus net of deficits since the inception of the Fund.

The accumulated net charge against the Fund's authority represents the cumulative receipts and disbursements over the life of the funds.

	2014	2013
	(in thousands	of dollars)
Accumulated surplus (deficit)		
Opening balance.	(4,119)	(2,657)
Net results.	9,698	(1,462)
Closing balance	5,579	(4,119)
Accumulated net charge against the Fund's authority		
Opening balance.	(4,721)	(10,036)
Change during the year	(3,029)	5,315
Closing balance	(7,750)	(4,721)
Net liabilities, end of year	(2,171)	(8,840)

Translation Bureau Revolving Fund — Concluded

Notes to the financial statements for the year ended March 31, 2014 — Concluded

10. Contractual obligations

The nature of the Fund's activities can result in some large multi-year contracts and obligations whereby the Fund will be obligated to make future payments when the services/goods are received. Estimated future payments are as follows:

	(in thousands of dollars)
2015	12,586
2016	7,379
2017	5,756
2018	5,718
2019 and thereafter	5,869
	37,308

11. Comparative information

Certain comparative figures have been reclassified to conform to the current year's presentation.

12. Related party transactions

Through common ownership, the Fund is related to all Government of Canada departments, agencies, and Crown corporations. The Fund enters into transactions with these entities in the normal course of business and on normal trade terms.

Total	78,187,16

Debts, Obligations and Claims Written Off or Forgiven

The types of approval/authority for the write-off or forgiveness (including waiver and remission) of debts, obligations and claims are as follows:

- (i) Ministerial approval represents authority given to Ministers under the *Financial Administration Act* (FAA) or other Acts of Parliament as described in (i)(a), (b) and (c)—
 - (a) Section 25(1) of the FAA gives Ministers, through Treasury Board regulations, general authority to approve the write-off of any debt, obligation or claim other than accountable advances or overpayments of salaries, wages, or employment-related allowances that would not result in a charge to an appropriation.
 - (b) Section 155.1(4) of the FAA gives Ministers, through Treasury Board regulations, authority to waive interest on overdue amounts owing to Her Majesty and to waive administrative charges for dishonoured instruments (e.g. NSF cheques) imposed under section 155.1 of the FAA.
 - (c) Other Acts of Parliament (e.g. Bankruptcy and Insolvency Act) give Ministers general authority to approve the write-off or forgiveness of specific debts, obligations or claims.
- (ii) Treasury Board approval Section 25(1) of the FAA, through Treasury Board regulations, allows a Minister, with specific Treasury Board approval, to write-off any debt, obligation or claim arising from accountable advances or overpayments of salaries, wages or employment-related allowances that would not result in a charge to an appropriation.
- (iii) Governor in Council and Parliamentary authority
 - (a) Section 23(2.1) of the FAA states that the Governor in Council may, on the recommendation of the Treasury Board, remit any other debt, including any interest paid or payable thereon, where the Governor in Council considers that the collection of the other debt is unreasonable or unjust or that it is otherwise in the public interest to remit the other debt.
 - (b) Section 24.1 of the FAA requires that where a debt or obligation included in the Statement of Financial Position is to be forgiven, and which would result in a charge to an appropriation, the amount to be forgiven must be authorized pursuant to an Act of Parliament, including an *Appropriation Act*.
 - (c) Section 25(2) of the FAA requires that where a debt, obligation or claim included in the Statement of Financial Position is to be written off, and which would result in a charge to an appropriation, the amount to be written off must be authorized by Parliament as a budgetary expenditure in an *Appropriation Act* or some other Act.

Professional and Special Services	3.2

Professional and Special Services

The following statement presents the total amount spent in the current fiscal year for each main classification of services allocated by department and agency under each ministry. Amounts reported include both internal and external expenditures. Whereas external expenditures result from transactions between the Government and outside parties, internal expenditures result from transactions involving organizations that are part of the Government of Canada as a reporting entity.

The detailed information is available at http://www.tpsgc-pwgsc.gc.ca/recgen/cpc-pac/2014/index-eng.html. This information includes for each Government program:

- the total amount spent in the current fiscal year;
- the total amount spent for each main classification of services;
- a detailed listing, for each main classification of services, of the payments (i.e. cash payments and accrued charges) to one individual or one organization aggregating to \$100,000 or over. This detail includes the name and location of the payee, together with the total amount paid; and
- the total amount and the total number of payees, for each main classification of services, of payments to one individual or organiztion aggregating to less than \$100,000.

Acquisition of Land, Buildings and Works

	Page
Acquisition of Land, Buildings and Works	4.2

Acquisition of Land, Buildings and Works

The following statement presents the total amount spent in the current fiscal year by department and agency under each ministry. Amounts reported include both internal and external expenditures. Whereas external expenditures result from transactions between the Government and outside parties, internal expenditures result from transactions involving organizations that are part of the Government of Canada as a reporting entity.

The detailed information is available at http://www.tpsgc-pwgsc.gc.ca/recgen/cpc-pac/2014/index-eng.html. This information includes for each Government program:

- the total amount spent in the current fiscal year;
- details for contracts of \$250,000 or over (\$25,000 or over for cost plus contracts). Such details include the name and location of
 the contractor, a brief description and location of the project, the amount contracted, the current year's expenditures (i.e. cash
 payments and accrued charges) and the total expenditures to date; and
- the total amount of the current year's expenditures for contracts less than \$250,000 (cost plus contracts of less than \$25,000) with the total number of contractors.

Transfer Payments

	Page
Transfer Payments	6.2

Transfer Payments

The following statement presents the total amount spent as transfer payments in the current fiscal year by department and agency under each ministry. A transfer payment is a grant, contribution or other payment made by the Government for which no goods or services are received. Amounts reported include both internal and external expenditures. Whereas external expenditures result from transactions between the Government and outside parties, internal expenditures result from transactions involving organizations that are part of the Government of Canada as a reporting entity.

6.2 Transfer Payments

The detailed information is available at http://www.tpsgc-pwgsc.gc.ca/recgen/cpc-pac/2014/index-eng.html. This information includes for each Government program:

- the total amount spent in the current fiscal year;
- the total amount paid for each class of recipients;
- a detailed listing for each class of recipients of the aggregate of all payments (i.e. cash payments and accrued charges) to a recipient that totals \$100,000 or over. Details include the name and location of the recipient together with the total amount paid; and
- the total amount and the total number of recipients, for each class of recipients, of all payments to a recipient aggregating to less than \$100,000.

Public Debt Charges	7.2

Public Debt Charges

Public debt charges include:

- the interest on unmatured debt and on pension and other accounts;
- the amortization of premiums and discounts on unmatured debt; and,
- the servicing costs and costs of issuing new borrowings.

The following statement presents details of the current year's public debt charges.

Court Awards	8.29

Payments of Claims against the Crown

This statement provides, by ministry and by departments and agencies, details for all payments of claims against the Crown of \$1,000 or over. Claims of less than \$1,000 are reported as one amount at the end of each department and agency, together with the total number of such claims. Where the situation warrants non-disclosure, the recipient's name may be withheld from publication.

Ex Gratia Payments

This statement provides, by ministry and by department and agencies, details for all ex gratia payments of \$100 or over. Payments of less than \$100 are reported as one amount at the end of each department and agency, together with the total number of such payments. For the purposes of this statement, an ex gratia payment is a discretionary payment, made as an act of benevolence in the public interest, free of any legal obligation, whether or not any value or service has been received. Where the situation warrans non-disclosure, the recipient's name may be withheld from publication.

Federal-Provincial Shared-Cost Programs

This statement presents, by province and territory, and for each federal-provincial shared-cost program, the current year and previous year expenditures and the expenditures from inception of the program. Programs are reported year after year until completion, even if there is no expenditure in a given year. An (f) adjacent to the total expenditures from inception indicates the programs completed in the current year. An (a) adjacent to the total expenditures from inception indicates that an amount from the previous year's *Public Accounts of Canada* has been amended. In this statement, amounts in roman type represent current year expenditures, amounts in **bold face** type represent previous year expenditures and amounts in *italic* type represent expenditures from inception.

⁽¹⁾ Order in Council P.C. 2013-1052 transferred all of the powers, duties and functions under the Canadian Food Inspection Agency Act, except the powers, duties or function under subsection 4(2) of that Act, from the Minister of Agriculture and Agri-Food to the Minister of Health, effective October 7, 2013. Prior to the transfer, non-statutory expenditures of approximately \$274,084,657 were approved by the Minister of Agriculture and Agri-Food. Previous year's amounts have been restated by \$782,055,725.

⁽²⁾ Order in Council P.C. 2013-0872 transferred the control and supervision of the portion of the federal public administration known as the Canadian Northern Economic Development Agency from the Minister of Health to the Minister of the Canadian Northern Economic Development Agency and ordered the Minister of the Canadian Northern Economic Development Agency to preside over the Agency, effective July 15, 2013. Prior to the transfer, non-statutory expenditures of approximately \$4,159,514 were approved by the Minister of Health. Previous year's amounts have been restated by \$52,388,610.

⁽³⁾ Order in Council P.C. 2013-0869 transferred the control and supervision of that portion of the federal public administration known as the Office of Infrastructure of Canada, from the Minister of Transport to the President of the Queen's Privy Council for Canada, effective July 15, 2013. Prior to the transfer, non-statutory expenditures of approximately \$1,113,557,069 were approved by the Minister of Transport. Previous year's amounts have been restated by \$3,752,656,392.

⁽⁴⁾ Order in Council P.C. 2014-0144 transferred the control and supervision of that portion of the federal public administration in the Department of Transport known as the Unit Responsible for Federal Bridges in the Region of Montreal, from the Department of Transport to the Office of Infrastructure of Canada, effective February 13, 2014.

Commissions

General information by Commission

The purpose of the following statement is to present general information for each commission involved in a public inquiry or investigation.

General information by Commission

	\$	\$	\$	\$	\$
Fisheries and Oceans					
Department Commission of Inquiry into the Decline of Sockeye Salmon in the Fraser River			372,448	139,816	512,264
The Commission was established by Order in Council (Privy Council (P.C.) number 2009-1861 dated November 25, 2009) pursuant to Part I of the <i>Inquiries Act</i> . The mandate of the Commission is to identify the reasons for the decline and long term prospects for Fraser River sockeye salmon stocks and determine whether changes need to be made to fisheries management policies, practices and procedures. ⁽¹⁾					
Privy Council Office					
Office of the Chief Electoral Officer					
Federal Electoral Boundaries Commissions	28,566	32,651	27,508	51,454	140,179

These independent Commissions, one per province were established by Order in Council (P.C. number 2012-0086 dated February 21, 2012) pursuant to the Electoral Boundaries Readjustment Act.

The Commissions' mandate is to consider and report on the readjustment of the representation of the provinces in the House of Commons required to be made on the completion of each decennial census. The term of each Commission is dependent on the date of completion of it's final report.

Royal Canadian Mounted Police Public (RCMP) Complaints Commission Commission for Public Complaints against the RCMP	119,401	49,691			169,092
The Commission for Public Complaints against the RCMP is an independent agency of the federal government established in 1986 by amendments to the Royal Canadian Mounted Police Act. Part VI of the RCMP Act sets out the structure of the Commission and the duties and responsibilities of its members, who are appointed by Order of the Governor in Council. Part VII sets out the process for the receipt and review of complaints from the conduct of members of the RCMP. This process includes the power of the Commission to receive complaints and to send them to the RCMP for investigation and disposition. Part VII also provides complainants with the right to have the RCMP's disposition of their complaints reviewed by the Commission. The review process as set out in Part VII gives the Chairman the power of investigate complaints as well as to hold public hearings to inquire into complaints. The Chairman also has the power to initiate complaints when he is satisfied there are reasonable grounds to do so. Order in Council (P.C. number 1986-2904) designates the Commission as a department for the purposes of the Financial Administration Act and the Public Service Employment Act.					

^{*} For details related to current year expenditures, refer to the following statement called "Travel and living costs by commission"

⁽¹⁾ These expenditures are related to work performed by the Department of Fisheries and Oceans after the completion of the commission's inquiry into the decline of sockeye salmon in the Fraser River. These costs include costs related to administrative and legal support, document management, archiving of records and follow up to the Cohen Commission recommendations.

Travel and Living costs by Commission

Education Costs

This statement provides details of education costs incurred in the current year. For the purpose of this statement, an education cost represents the cost of any long-term education activity. A long-term education activity is any training or development activity given to a Government employee and conducted at an educational institution outside of the Public Service that amounted or will amount to a total of 65 working days or more over a maximum period of three (3) years, or that involved or will involve total expenditures in excess of \$25,000 (including salary).

Return on Investments

This statement provides details for the current year of the category of other revenues called return on investments. Return on investments consists mainly of interest from loans and advances, dividends from investments, and transfer of profits, as recorded by departments before any adjustments are made. For the purposes of presentation in the financial statements, amounts shown here for foreign exchange accounts and enterprise Crown corporations have been respectively reclassified to net foreign exchange revenues and Crown corporation revenues in Sections 2 and 3 of Volume I and Table 4a of Volume II.

Expenditures of Ministers' Offices

On December 12, 2006, the *Federal Accountability Act* amended the *Access to Information Act* to require the head of a department or a ministry of state for the Government of Canada to publish an annual report of all expenses incurred by his or her office and paid out of the Consolidated Revenue Fund. Expenditures presented below are those charged to the Minister's budget (budget totaling \$62,158,637) in accordance with the Policies for Ministers' Offices. As such, this table does not include civilian termination benefits and statutory expenditures such as the Minister's salary and motor vehicle allowance, employer contributions to superannuation and certain benefit plans and other items as specified in these Policies.

During the year, changes were made to the Policies on Ministers' Offices. For further guidance on which expenditures are included in the Ministers' Offices Budgets see Appendix E of these Policies.

Travel Expenses of Ministers and Parliamentary Secretaries

This statement provides details of the travel expenses of ministers and parliamentary secretaries incurred in the current year, where the travel is required for departmental operational or program purposes, whether domestic or international, whether charge to the ministers' office budget or any other fund centre within the minister's department or agency.

For the purpose of this statement, travel expenses include transportation, accommodation, meals and other expenses. The following items are excluded from this statement:

- travel expenses of ministers' staff, or other persons travelling with ministers and parliamentary secretaries;
- hospitality costs extended on behalf of the Government where it is considered to be essential, as a matter of courtesy, or to facilitate the conduct of Government business:
- travel expenses of Members of the House of Commons serving on various parliamentary committees;
- any moving, transportation and travel expenses paid for by the House of Commons on behalf of its Members. These expenses are reported in a separate statement in Section 11 of this volume entitled "House of Commons Statement of Sessional Allowances and Travel Expenses paid in 2013-2014";
- any Department of National Defence charges for the use of Government aircrafts; and
- any travel expenses of Members of the House of Commons for Canadian representation at international conferences and meetings.

 These expenses are reported in a separate statement in Section 11 of this volume entitled "Foreign Affairs Trade and Development —

 Travel Expenses for Canadian Representation at International Conferences and Meetings".

International Travel Expenditures of Ministers, Parliamentary Secretaries and Ministers' Staff

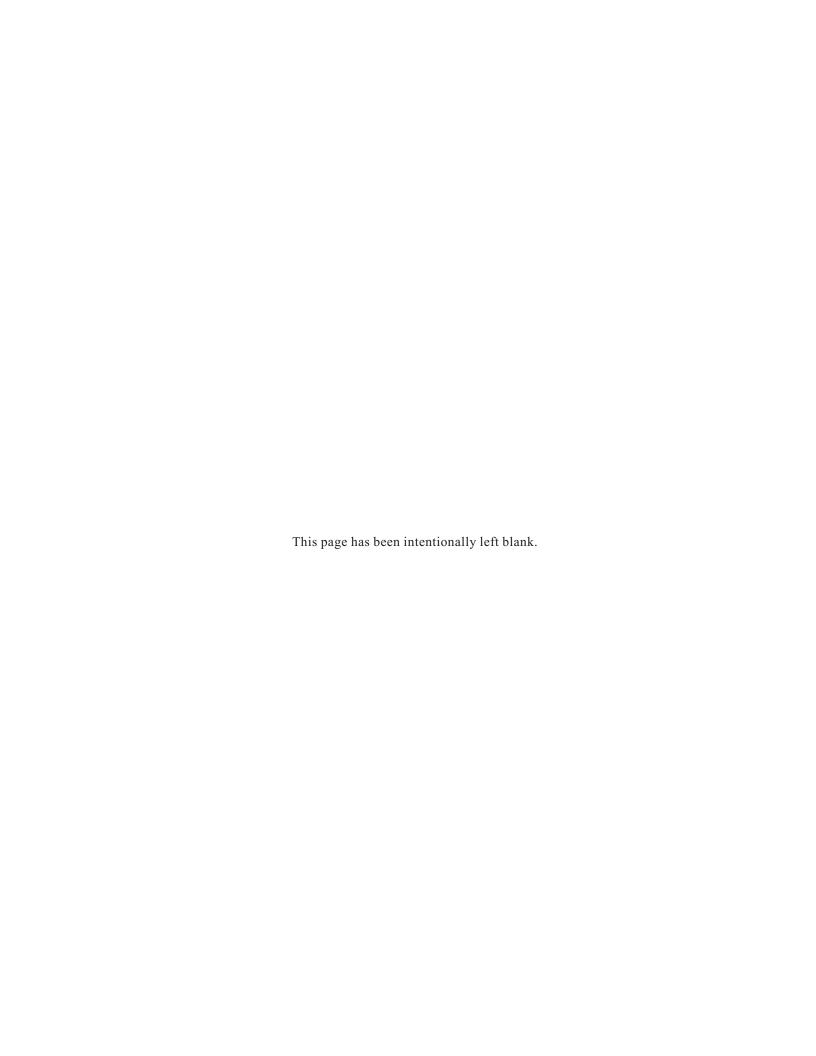

This statement presents the international travel expenditures incurred by ministers, parliamentary secretaries, and ministers' staff where the travel is required for departmental operational or program purposes only. These expenditures are charged to a special fund centre, created from existing reference levels, within the minister's department or agency. These costs are not charged to the ministers' office therefore are not included on the expenditure of ministers' offices table.

Expenditures for Canadian Representation at International Conferences and Meetings

This statement presents expenditures such as hospitality and conference fees covered under the Department of Foreign Affairs, Trade and Development (DFATD) International Conference Allotment (ICA) that is approved by Cabinet to fund the protocol activities of the Governor General and the Prime Minister of Canada during official visits abroad. The allotment also supports the participation of DFATD Portfolio ministers and their official delegations in major multilateral international conferences defined as a congress, convention, briefing seminar or other formal gathering in one location outside Canada that deals with topics related to Government of Canada objectives.

otal	9,513,095

Travel Expenses for Canadian Representation at International Conferences and Meetings

This statement presents the travel expenditures covered under the International Conference Allotment (ICA). This allotment is described in the statement of "Expenditures for Canadian Representation at International Conferences and Meetings" found in section 11 of this Volume.

Generally, the ICA does not support the expenses of ministers and staff from other government departments, provincial and territorial representatives, private sector advisors or academic observers. These expenses are usually self-funded and not chargeable to the ICA. Therefore, this statement only includes costs charged to the ICA by the Department of Foreign Affairs, Trade and Development (DFATD). Delegates from other government departments are listed for information purposes only.

Costs charged to the ICA are part of the operating budget of DFATD and, therefore, are not included in the statements in section 10 of this Volume titled "Travel Expenses of Ministers and Parliamentary Secretaries" and "International Travel Expenditures of Ministers, Parliamentary Secretaries and Ministers' Staff".

departments	42,389,524	13,800,767	56,190,291
Claim and administration expenses recoveries related to employment insurance	410,823	82,164	492,987
Recoveries from responsible 3 rd parties (subrogation)	3,275,966		3,275,966
_	94,239,975	28,902,380	123,142,355
Net expenditures (4)	30,720,920	9,813,210	40,534,130

⁽¹⁾ These payments and expenditures are charged to a statutory spending authority called "Payments of compensation respecting Government employees (Government Employees Compensation Act) and merchant seamen (Merchant Seamen Compensation Act)" (refer to Ministry Summary, section 9 of Volume II).

⁽²⁾ Includes the net payments of compensation respecting:

⁽a) Government employees (Government Employees Compensation Act);

⁽b) merchant seamen (Merchant Seamen Compensation Act); and, (c) employees of mines now operated by Enterprise Cape Breton Corporation who contracted silicosis prior to acquisition of mines by the Corporation.

⁽³⁾ Represents the federal government's net share of administration expenditures of provincial boards.

The claims of federal employees eligible for compensation are dealt with and paid by the provincial workers' compensation boards from funds advanced by the federal

Claims of employees resident in the Yukon, Northwest Territories and Nunavut are processed by the Workers' Compensation Board of Alberta.

⁽⁴⁾ Net expenditures agree with the Payments of compensation respecting Government employees and merchant seamen.
